Paddling North Audrey Sutherland, 2013-10-06 In a tale remarkable for its quiet confidence and acute natural observation, the author of *Paddling Hawaii* begins with her decision, at age 60, to undertake a solo, summer-long voyage along the southeast coast of Alaska in an inflatable kayak. *Paddling North* is a compilation of Sutherland's first two (of over 20) such annual trips and her day-by-day travels through the Inside Passage from Ketchikan to Skagway. The Pacific Alone Dave Shively, 2018-10-01 In the summer of 1987 Ed Gillet achieved what no person has accomplished before or since, a solo crossing from California to Hawaii by kayak. Gillet, at the age of 36 an accomplished sailor and paddler, navigated by sextant and always knew his position within a few miles. Still, Gillet underestimated the abuse his body

would take from the relentless, pounding, swells of the Pacific, and early into his voyage he was covered with salt water sores and found that he could find no comfortable position for sitting or sleeping. Along the way he endured a broken rudder, among other calamities, but at last reached Maui on his 63rd day at sea, four days after his food had run out. Dave Shively brings Gillet's remarkable story to life in this gripping narrative, based on exclusive access to Gillet's logs as well as interviews with the legendary paddler himself.

Hawaii's Kona Coast Bryan Fryklund, 2011-01-09 Kona is the heart of the sunny side of the Big Island. It's a historic region promising balmy weather, white sand beaches, Kona coffee country, tropical flowers and trees, fantastic snorkeling and diving and countless other adventure opportunities. Hualalai, an 8,271-foot dormant volcano, towers above it all. Three distinct areas comprise the Kona district: North Kona, South Kona, and the big city of Kailua-Kona. On Island Time Scott B. Williams, 2009-09-28 Tourists visit popular islands of the Caribbean by the planeload. What they don't see from their resort hotels are the hundreds of out-of-the-way, uninhabited islands sprinkled along the West Indies from Florida to South America. This alluring archipelago, strung with beaches accessible only by boat but spaced temptingly close together, led Mississippi adventurer Scott B. Williams to embark upon an open-ended quest to see how far south he could go in a seventeen-foot sea kayak. No one was willing to accompany him. He spent months working his way down the west coast of Florida, through the Bahamas, and on to Hispaniola, Puerto Rico, and the Virgin Islands. *On Island Time: Kayaking the Caribbean*, his narrative of this journey of a lifetime, describes the wonders of discovery as he makes landfall on pristine cays. Relentless headwinds, dangerous surf, countless beaches declared off-limits to trespassing, and aggressive sharks that ram his kayak and snap him out of his musing remind the adventurer that this paradise is far from perfect. Every day of the journey required constant vigilance. With no one to depend on and often no one even knowing where he was for weeks at a time, Williams learned what it means to be self-reliant and to adjust to "island time." With just a simple craft and the few belongings that would fit in it, Williams explores an almost boundless frontier and a powerful natural stretch of the Caribbean rarely, if ever, accessed by the island tourist.
