Snorkel Maui Lanai and Molokai Judy Malinowski,Mel Malinowski,2008-10 Snorkel Maui, Lanai and Molokai (3rd edition) is the one and only guidebook exclusively devoted to snorkeling on these beautiful islands. No other guide comes close to the level of snorkeling detail provided here. Take SMLM, along with a good general guidebook of your choice, and you'll have all the details you need for a great vacation! Now revised and expanded, with full color maps, as well as 75 beach and 80 fish pictures! From a colorful cover to 39 accurate maps and details on 81 snorkeling sites, SHTBI draws you into the fascinating underwater world that shouldn't be missed by anyone touring these islands.As Dave Barry says: When you finally see what goes on underwater, you realize that you've been missing the whole point of the ocean--it's like going to the circus and staring at the outside of the tent.An award-winning book designer contributed a sophisticated, yet readable style to the cover and interior.It's worth going to the Maui just to swim and snorkel, and Snorkel Maui, Lanai and Molokai is the snorkeling buddy you want to have along.

*Eva in Paradise* Debra Anderson,2018-10-25 This is a story of marriage gone wrong, a story of love between two very

unlikely people, and a story of two very likable unlikely people. This is a work of fiction with the island of Maui in the late 1980s as a location and character. As a location, the Maui of this book takes real places from then that still exist today and makes them its own, a perfect setting for love and its ugly twin, obsession.

**Molokini Island** Mike Severns, Pauline Fiene-Severns, 1993

**Inspired Imperfection** Gregory A. Boyd, 2020-01-07 In *Inspired Imperfection*, Gregory A. Boyd adds another counterintuitive and provocative thesis to his corpus. While conservative scholars and pastors have struggled for years to show that the Bible is without errors, Boyd considers this a fool's errand. Instead, he says, we should embrace the mistakes and contradictions in Scripture, for they show that God chose to use fallible humans to communicate timeless truths. Just as God ultimately came to save humanity in the form of a human, God chose to impart truth through the imperfect medium of human writing. Instead of the Bible's imperfections being a reason to attack its veracity, these problems actually support the trustworthiness of Christian Scripture. *Inspired Imperfection* is required reading for anyone who's questioned the Bible because of its contradictions.

*Diving Hawaii and Midway* Mike Severns, Pauline Fiene-Severns, 2002-03-15 A guide to the aloha state's best diving. The relaxed lifestyle and breezy climate of this mid-Pacific paradise are famous the world over, and The Islands, with their stark, volcanic seascapes, water that is more transparent than the air over Los Angeles, and abundance of big pelagic fish have become one of the most popular diving areas in the world. But most divers only scratch the surface of this very interesting archipelago. Did you know that almost one-quarter of Hawaii's marine fish are found nowhere else? That Hawaii is perhaps the only place in the world where the green sea turtle is not considered endangered? Our authors have more than twenty years' experience with these waters, and their combined dives number well into the five figures. In *Diving Hawaii* they share this knowledge, giving you all the information you need—whether you are headed for the calm, rich reef of Maui's Molokini Island or the rugged, current-swept rocks off distant Niihau. And this guide, for the first time, includes information on newly opened Midway, in the remote northwest of the Hawaiian chain, the wild and exciting frontier of Pacific Ocean diving. This Hawaii diving guide features: Practicalities: Island by island prices and contacts for dive operators, accommodations, and transportation. Maps: Accurate, detailed marine charts for every diving area. Photography: More than 130 shots by one of the world's foremost underwater professionals.

**Best Dives of Hawaii** Joyce Huber, 2011-04-15 Based on the all-encompassing Best Dives of the Western Hemisphere, this publication focuses on the Hawaiian islands of Oahu, Maui, Kaua, Lanai, Molokai and the Big Island. Includes the latest and best dive and snorkel sites, each rated for visual excellence and marine life. The author's knowledge of the sites is unparalleled. From sunken planes and snorkel trails to blue holes, the best destinations beneath the waves are covered. Also covered are the best places to stay & eat, activities, sightseeing and all practical details needed for visitors. I have bought both editions of this book, mostly because the first edition got so dog-eared that I wanted a clean one for vacation last year. The book is a marvelous source of information for both the snorkeler and the diver. The authors divide the book into chapters on individual islands, starting out with a brief but interesting history of the island, a topographical description, relative location map, best time to go, weather, and proximity to other islands. They then rate the island's diving locations, awarding from 1 to 5 stars, and provide another larger map visually locating the sites. Each site is described in detail, with info on

depth, sea life, currents, visibility, photo ops and difficulty level. As if that weren't enough, they include some (but not enough!) beautiful photos, and end each chapter with yet more info on dive operators (detailed), beaches, other activities, dining, accommodations (with rates, addresses and phone numbers), medical facilities, documentation requirements, currency, driving, local customs, departure taxes, etc. I take this compact book with me everywhere. My only complaint: I wish they covered more islands! -- (Suziekew). Diver-friendly resorts and hotels are featured, along with many recommended outfitters for learning, improving and mastering your diving skills. A list of decompression chambers is given. Landlubbers will appreciate the sightseeing sections. Color photos enhance the text. Maps show dive site locations. A must-have for divers, snorkelers, or those who just love to float in liquid turquoise. -- Brenda Fine, Travel Editor, NY Law Journal. Don't plan a dive without it! Concise and informative... one of the few bargains of the decade. -- Wendy Canning Church, Divers Exchange International. It's super! A great reference and we love it. -- Dive Travel Magazine. The bible of dive-travel. I highly recommend it. -- Chris Lofting, The Travel Show, WOR Network Radio. When I'm thinking about where to go diving next, I always thumb through this gem... It's a trustworthy publication. -- In Depth/Undercurrent Magazine. I thought this was one of the best books for the travelling diver that I have ever read. A recent trip to Aruba proved it. Recommendations are still right on the mark. -- C. Harmon
