**Theirs to Master**-Wane Bj 2019-01-28 Paige Wilcox has been lusting after the Carlson brothers since the first time she saw the two men enter the cops' bar where she works. Problem is, neither man shows her the slightest interest - not until her sister is attacked at a club and they discover Paige posing as a submissive to draw out the assailant. Troy and Trevor Carlson always found the feisty redhead attractive, but steered clear of personal involvement since she showed no signs of being into the lifestyle. Fear for her safety and a determination to keep her out of their investigation into a serial attacker prods them to insist she complete the terms of an auction contract after they win the bid on her. Neither Paige nor the brothers are prepared for the streak of submissiveness she exhibits under their dual control. Paige doesn't fight her growing need for the two men and the lifestyle they're introducing her to, but when they give no hints the feeling is mutual, she despairs of anything coming of the short-term relationship. It takes the reappearance of the man they were after and another threat to her life to get all three on board with giving a committed, three-way relationship a try.

His best friend, Mac, thinks that someday one of his cases will be a breakthrough for him, allowing him to forgive himself and move on with his life. Devlin doesn't agree. Melissa is facing her own demons. As a teenager, she was kidnapped and held captive for months, losing her virginity and tangling her sexuality into her captor's desires. She hasn't had a romantic relationship since. She struggles with her feelings for her captor and her fear of intimacy of any sort. When Devlin takes Melissa on as a client, everything they thought they knew about themselves and their past is challenged. **Violent Delights**-Jessica Hawkins 2021-01-25 In the de la Rosa family, old grudges run deeper than loyalty, and betrayal is a three-letter word: war. But this feud isn't between enemies. It's between brothers. And I'm the prize. I was born a princess among criminals. An untouchable among thieves. Heiress to a life others have killed for, and one I'm prepared to trade for my freedom. I vowed not to leave without Diego, my first love and best friend, but if his ruthless brother has his way, I won't leave at all. Cristiano de la Rosa is a man as big and bold as his legend. Once upon a time, he was our cartel's best soldier . . . until he became my family's worst enemy. A man like Cristiano will bend fate to his will to get what he wants. Even if it means dragging me to hell-and tearing me from his brother's arms. "She is mine." Three words from two different men. A life, future, and love I don't get to choose.

**Mafia Queen**-Bella J 2019-01-14 There once was a girl who was sold to the devil. The devil ruined her. Destroyed her. Turned her into his pretty, broken girl. But then her savior came. Her king. He pulled her from hell and cloaked her with his darkness—a darkness that hid her from the devil who wanted his pretty, broken girl back. By saving her soul and stealing her heart, he managed to put all the broken pieces back together, and she finally found the strength to rise from the ashes. Brave, fierce, dauntless, ready to slay the devil when he comes for her—and he will come—that girl became a fighter. She became a queen. And that girl...is me.

**Switch**-Megan Hart 2013-01-01 The anonymous note wasn't for me. I'm not in the habit of reading other people's mail, but it was just a piece of paper with a few lines scrawled on it, clearly meant for the apartment upstairs. It looked innocent, but decidedly – deliciously – it was not. Before replacing the note – and the ones that followed – in its rightful slot, I devoured its contents: suggestions, instructions, summonses, commands. Each was more daring, intricate and arousing than the last...and I followed them all to the letter. Before the notes, if a man had told me what to do, I'd have told him where to go. But submission is an art, and there's something oddly freeing about doing someone's bidding...especially when it feels so very, very good. But I find that the more I surrender, the more powerful I feel – so it's time to switch up roles. We play by my rules now.

**Into His Keeping**-Gail Faulkner 2010-10 She became the air he breathed. Her passionate gift of surrender matched his dominant soul. Then she was gone. He'd never accepted that she'd wanted to leave. Ensuring she could find her way back to him was the drive that shaped him. Fifteen years later it was way past time to accept she'd chosen not to return. Second chances were wishful thinking. Jill wasn't looking for one. She didn't have time for pipe dreams and she had no illusions about the stranger Holdin had become. Famous, rich and now retired from football, he might not remember her. If he did, he might not care to hear what actually happened so long ago. She desperately hoped she had something he would care about though. A second chance was all Holdin needed. Ensuring possession of Jill was a battle he intended to win.

**The Virgin**-Tiffany Reisz 2015-04-01 The provocative story before the story continues in the critically acclaimed and award-winning series The Original Sinners For years, Kingsley Edge warned Eleanor the day would come when she, the mistress of a well-respected Catholic priest, would have to run. She always imagined if that day came, she'd be running with Søren. Instead, she's running from him. Fearing Søren and Kingsley will use their power and influence to bring her back, Eleanor takes refuge at the one place the men in her life cannot follow. Behind the cloistered gates of the convent where her mother has taken orders, Eleanor hides from the man she loves and hates in equal measure. With Eleanor gone, the lights have gone out in Kingsley's kingdom. When he learns the reason she left, he, too, turns his back on Søren and runs. On a beach in Haiti, Kingsley meets Juliette, the one woman who could save him from his sorrows. But only if he can save her first. Eleanor can hide from Søren but she can't hide from her true nature. A virginal novice at the abbey sends Eleanor down a path of sexual awakening, but to follow this path means leaving her lover behind, a sacrifice Eleanor refuses to make. The lure of the forbidden, the temptation to sin and the price of passion have never been higher, and Eleanor and Kingsley will have to pay it if they ever want to go home again.

**Neon Gods**-Katee Robert 2021-06-01 He was supposed to be a myth.
