Hustle and Float-Rahaf Harfoush 2019-02-19 OUR CULTURE HAS BECOME OBSESSED WITH HUSTLING. As we struggle to keep up in a knowledge economy that never sleeps, we arm ourselves with life hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There's just one problem: most of these solutions are making things worse. Creativity isn't produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we're told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our creative best interests? WE HAVE FORGOTTEN HOW TO FLOAT. The answer lies in our history, culture, and biology. Instead of focusing on how we work, we must understand why we work—why we believe that what we do determines who we are. Hustle and Float explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.

The Encyclopedia of American Animated Television Shows-David Perlmutter 2018-05-04 This volume highlights North American animated television series broadcast between 1948 and 2016, providing credits for their original broadcast period and significant members of the cast and crew, as well as short descriptive and critical analyses.

Television Cartoon Shows-Hal Erickson 1995 In 1949 the first made-for-television cartoon series debuted on a major network. Tele-Comics embraced the popular cliffhanger serial genre, using nonmoving comic strip panels and a handful of radio actors to produce a show at a fraction of the cost accrued by a live show. Despite the success of Tele-Comics and a few other such shows, television cartoons languished until 1954 when Walt Disney produced Disneyland. From such pioneers as Tele-Comics and Crusader Rabbit to modern fare such as X-Men and Beavis and Butthead, this is the first reference book to detail animated cartoons made exclusively for television from 1949 through 1993. Each entry includes the shows title, network, studios and full production information when available. An essay blending plot description, critical commentary, and background information is also provided for each cartoon. A discussion of the voice artist concludes the work.

Twelve Years a Slave-Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

If Beale Street Could Talk-James Baldwin 2013-09-17 In this honest and stunning novel that inspired the award-winning major motion picture of the same name, James Baldwin has given America a moving story of love in the face of injustice. "A major work of Black American fiction." -The New Republic Told through the eyes of Tish, a nineteen-year-old girl, in love with Fonny, a young sculptor who is the father of her child, Baldwin's story mixes the sweet and the sad. Tish and Fonny have pledged to get married, but Fonny is falsely accused of a terrible crime and imprisoned. Their families set out to clear his name, and as they face an uncertain future, the young lovers experience a kaleidoscope of emotions—affection, despair, and hope. In a love story that evokes the blues, where passion and sadness are inevitably intertwined, Baldwin has created two characters so alive and profoundly realized that they are unforgettably ingrained in the American psyche.

American Cinema/American Culture-John Belton 2012-04-01 American Cinema/American Culture looks at the interplay between American cinema and mass culture from the 1890s to 2011. It begins with an examination of the basic narrative and stylistic features of classical Hollywood cinema. It then studies the genres of silent melodrama, the musical, American comedy, the war/combat film, film noir, the western, and the horror and science fiction film, investigating the way in which movies shape and are shaped by the larger cultural concerns of the nation as a whole. The book concludes with a discussion of post World War II Hollywood, giving separate chapter coverage to the effects of the Cold War, 3D, television, the counterculture of the 1960s, directors from the film school generation, and the cultural concerns of Hollywood from the 1970s through 2011. Ideal for Introduction to American Cinema courses, American Film History courses, and Introductory Film Appreciation courses, this text provides a cultural overview of the phenomenon of the American movie-going experience. An updated study guide is also available for American Cinema/American Culture. Written by Ed Sikov, this guide introduces each topic with an explanatory overview written in more informal language, suggests screenings and readings, and offers self-tests.

The Unseen Force-John Kenneth Muir 2004 (Applause Books). Following his highly successful *An Askew View: The Films of Kevin Smith* (Applause), John Kenneth Muir now turns to the life and work of legendary cult-film director Sam Raimi. Raimi exploded on the movie scene in 1982, when he was 23 years old, with the audacious, independently produced horror film *The Evil Dead*. Re-igniting the horror genre to such a degree that Wes Craven credited Raimi on-screen in *A Nightmare on Elm Street*, Raimi went on to direct two *Evil Dead* sequels, his own comic-book superhero, *Darkman*, and an over-the-top, post-modern western, *The Quick and the Dead*. Raimi's influence on other filmmakers continues to be enormous from the "shaky cam" shots of the Coen brothers to the early oeuvre of *Lord of the Rings* director Peter Jackson, both of whom have been termed the "direct progeny" of Raimi's works. In 2002, Raimi's *Spider-Man* had the biggest opening weekend in history, earning more than \$114 million at the box office. *The Unseen Force* also features a sneak peek at the much anticipated *Spider-Man 2*. Included are 30 first-person accounts and interviews from a number of eclectic sources from the cinematographers who shot Raimi's early films to the producers, screenwriters, actors, special effects magicians and composers who collaborated to make his films the stuff of legend, earn mainstream success, and still be the focus of obsessive cult followings.

Horror Films of the 1970s-John Kenneth Muir 2012-11-22 The seventies were a decade of groundbreaking horror films: *The Exorcist*, *Carrie*, and *Halloween* were three. This detailed filmography covers these and 225 more. Section One provides an introduction and a brief history of the decade. Beginning with 1970 and proceeding chronologically by year of its release in the United States, Section Two offers an entry for each film. Each entry includes several categories of information: Critical Reception (sampling both '70s and later reviews), Cast and Credits, P.O.V., (quoting a person pertinent to that film's production), Synopsis (summarizing the film's story), Commentary (analyzing the film from Muir's perspective), Legacy (noting the rank of especially worthy '70s films in the horror pantheon of decades following). Section Three contains a conclusion and these five appendices: horror film clichés of the 1970s, frequently appearing performers, memorable movie ads, recommended films that illustrate how 1970s horror films continue to impact the industry, and the 15 best genre films of the decade as chosen by Muir.

Beyond Voluntarism- 2002 Content.

Exploring Space: 1999-John Kenneth Muir 2015-09-15 Starring internationally renowned actors Martin Landau, Barbara Bain, Barry Morse and Catherine Schell, the British-made *Space: 1999* was the only truly original space adventure of the mid-1970s. Sandwiched between the demise of the original *Star Trek* and the opening of the *Stars Wars* series on the big screen, *Space: 1999* featured a richly-visualized world where space was terrifying and mysterious, where not all problems were solvable by technology and the space travelers were very human. From the science fiction show's conception in 1973 to its cancellation in 1977, this reference work covers each of the 48 episodes in depth, including a full plot synopsis, writer, director, guest star credits, and critical commentary that examines both the episode and other shows that have used similar plotlines. The popularity of *Space: 1999* memorabilia and its many fan clubs are fully discussed, along with the possibility of a future movie or reunion show that would tie up the loose ends caused by the show's abrupt cancellation.

Mercy in Her Eyes-John Kenneth Muir 2006 (Applause Books). This is the first book to examine the films of the acclaimed and popular Indian-born and Harvard educated filmmaker, Mira Nair. A unique voice in cinema today, she is one of the few female directors who made it to the top of a male-dominated profession. Her films feature an incomparably sensuous visual style yet at the same time often record the injustice of the disenfranchised and the cross-pollination of East and West. Her twin themes of realism and romance make for dazzling cinema. John Kenneth Muir analyzes all of Nair's work, including: *Salaam Bombay!* (1988), the groundbreaking story of a young boy abandoned by his family on the streets of Bombay; *Mississippi Masala* (1991), an interracial small town romance between an Indian woman (Sarita Choudhury) and an African American businessman (Denzel Washington); *Monsoon Wedding* (2001), featuring a Bollywood carnival atmosphere, one of the most successful foreign films ever released in the United States; *Hysterical Blindness* (2002), the HBO film featuring Uma Thurman and Juliette Lewis, looking for love in all the wrong places; The big-budget Hollywood adaptation of the Thackeray novel *Vanity Fair* (2004), starring Reese Witherspoon, Gabriel Byrne, and Eileen Atkins.

The Rock & Roll Film Encyclopedia-John Kenneth Muir 2007 Entries about rock documentaries, movies starring rock stars, and films boasting extensive rock soundtracks, along with some biographies of musicians who have featured heavily on screen, include a cast list and a basic plot summary and listing of important songs featured in the films.

Best in Show-John Kenneth Muir 2004 (Applause Books). *Best in Show* is the first in-depth look at the method behind film director and actor Christopher Guest's madness and genius. John Kenneth Muir focuses his attention on the acclaimed Guest-directed trilogy of what some call "mockumentaries": *Waiting for Guffman*, *Best in Show* and *A Mighty Wind*. In these films Guest has escorted rapt audiences into the purportedly real worlds of a small-town theatrical company, dog show competition, and folk music festival. Muir also details the events that lead to Rob Reiner's influential and legendary *This Is Spinal Tap*, which Rolling Stone called the best rock and roll movie of all time, and in which Guest played the part of guitarist Nigel Tufnel. Much of *Best in Show* exemplifies the unique process by which Guest directs films. He employs a common repertory company, improvises scenes often without any rehearsal, and does not use any screenplay with dialogue, instead following a detailed outline often co-authored with his ace actor/writer Eugene Levy. Company members that have been interviewed for this book include Fred Willard, Harry Shearer, Bob Balaban and Michael Hitchcock. Guest's influences *Saturday Night Live*, *National Lampoon* as well as his more conventional comedies, such as *The Big Picture* and *Almost Heroes*, are studied. *Best in Show* is general enough to bring new fans to the table, yet detailed enough to satisfy the most in-the-know Guest fan and film student. A complete filmography with Guest's directing, acting and writing credits is included, as is the appendix, "You Know You're in a Christopher Guest Film When ..." Guest once commented, "I am drawn to people who have dreams that are slightly out of reach." Now, thanks to John Kenneth Muir, the fascinating world of Christopher Guest and company is substantially more within reach.

Horror Films of the 1990s-John Kenneth Muir 2011-10-06 This filmography covers more than 300 horror films released from 1990 through 1999. The horror genre's trends and clichés are connected to social and cultural phenomena, such as Y2K fears and the Los Angeles riots. Popular films were about serial killers, aliens, conspiracies, and sinister "interlopers," new monsters who shambled their way into havoc. Each of the films is discussed at length with detailed credits and critical commentary. There are six appendices: 1990s clichés and conventions, 1990s hall of fame, memorable ad lines, movie references in *Scream*, 1990s horrors vs. *The X-Files*, and the decade's ten best. Fully indexed, 224 photographs.

No Photos on the Dance Floor!-Felix Hoffmann 2020-02-04 From photography of dance floors with strobe lights and smoke machine haze to intimidating bouncers and after-party exhaustion, this thrilling book portrays three decades of Berlin's club scene. It's 1989. The Berlin Wall has fallen and the city's youth are tasting a new found freedom. Throughout Europe, electronic dance music is powering nightclubs and fueling day-long raves, which makes Berlin the perfect incubator for an underground music scene. This book brings that scene, which has continued for nearly three decades, to life. Martin Eberle take readers inside the empty rooms of clubs like Tresor, Panasonic, Ibiza, and Dirt while portraits from his After Show series capture moments of exhaustion, excitement, and excess. Legendary photographer Wolfgang Tillmans offers images that span a generation of young people living out their sexual, political, and personal freedom. Contemporary photography by Camille Blake and George Nebieridze documents queer events like Herrensauna, Trade, and Pornceptual. Sven Marquardt's blackand- white portraits of bouncers and barkeepers at Berghain focus on those outside the spotlight. Finally, Erez Israeli and Mike Riemel show admission stamps and a selection of flyers for Berlin raves--the only things you can take home after a night out without breaking the photography ban. Essays and personal interviews, scattered throughout this volume, create a backdrop that traces the history of club life in Berlin and describe the heady sense of utopian promise and the energy that sustained the culture for decades.
