Self-publishing The keys to launching a successful book, superfast "I just published my book. What I haven't been able to achieve in the past three years I did in just 7 days!" Chris About the authors Esther Jacobs (The Netherlands, 1970) is an international (TEDx) speaker and author. Esther has given over 1000 keynotes and is (co)author of 21 books. Her workshops have helped over 400 entrepreneurs to write their book. The NO EXCUSES LADY helps leaders and entrepreneurs to transform their challenges into opportunities. Marie Stern (Germany, 1982) is an "Amazon Self-Publishing Ninja." She authored 7 bestselling Amazon books, even though she wasn't even good at writing in school. However, she spent many hours browsing and reading in bookstores, discovering the secret behind successful books. As a former data mining analyst, she knows how important research is and how to find structure in any process. Marie helped many non-writers have their book written and likes to share her best knowledge on how to self-publishing and sell books. Esther and Marie met at a conference, where they were giving a book writing workshop. They decided to write this book in just one day, using their own tested method. And now they're inviting you to try it, too!

Magna-Tiles Play Book-Olya Valenta 2020-10-22 In an era when screens dominate children's imaginations, Magna-Tiles stands for 100% unplugged fun. With over 150 creative Magna-Tiles build ideas, activities, and challenges curated from Magna-Tiles fans around the world, this book is designed to inspire the next generation of lifelong inventors, explorers, and learners. With thoughtful text and bright illustrations, children are exposed to all kinds of exciting projects: building a rainbow, designing a Magna-Tiles or Magna-Qubix circuit, going on a magnetism hunt, and more. The book itself is simply a collection of Magna-Tiles and Magna-Qubix creations and activities to inspire and guide young builders. There are minimal instructions because we want to allow little ones to build freely and improvise. Chapters are divided up by beginner (ages 3+), intermediate (ages 4-5), advanced (ages 5+) and STEAM learning (ages 3 and up with adult help) featuring activities to encourage inventiveness, problem solving skills, and creativity to keep young builders occupied for hours. Mr. Magna-Tiles pops up throughout the book to provide helpful tips, and even shares fun facts about Magna-Tiles! Magna-Tiles Play Book is perfect for STEAM-loving kids and families looking for a fun way to play together - and anyone else who is ready to get creative! 2020 Magna-Tiles. All rights reserved.

Rapid Contextual Design-Karen Holtzblatt 2005-01 Is it impossible to schedule enough time to include users in your design process? Is it difficult to incorporate elaborate user-centered design techniques into your own standard design practices? Do the resources needed seem overwhelming? This handbook introduces Rapid CD, a fast-paced, adaptive form of Contextual Design. Rapid CD is a hands-on guide for anyone who needs practical guidance on how to use the Contextual Design process and adapt it to tactical projects with tight timelines and resources. Rapid Contextual Design provides detailed suggestions on structuring the project and customer interviews, conducting interviews, and running interpretation sessions. The handbook walks you step-by-step through organizing the data so you can see your key issues, along with visioning new solutions, storyboarding to work out the details, and paper prototype interviewing to iterate the design all with as little as a two-person team with only a few weeks to spare! *Includes real project examples with actual customer data that illustrate how a CD project actually works. *Covers the entire scope of a project, from deciding on the number and type of interviews, to interview set up and analyzing collected data. Sample project schedules are also included for a variety of different types of projects. *Provides examples of how to write affinity notes and affinity labels, build an affinity diagram, and step-by-step instructions for consolidating sequence models. *Shows how to use consolidated data to define a design within tight time frames with examples of visions, storyboards, and paper prototypes. *Introduces CDTools, the first application designed to support customer-centered design.

A Life on Hold-Kevin J. Kauffman 2014-08-23 You're going about your daily routine when you suddenly feel an odd squirming in your chest. You quickly realize that it is your heart, flopping around like a fish out of water. What do you do? You probably panic! Maybe you also experience dizziness, nausea, or shortness of breath, or maybe you have no other symptoms at all. But it's still very scary because... it's your heart! This is how chronic atrial fibrillation starts for many of us, and those who develop it often have little to no prior medical history to speak of. Once the demon a-fib has set in, though, we soon find our lives redirected down a dark uncharted path, our days consumed by vain attempts to divine the elusive origins of this mysterious malady as we desperately seek a panacea that can give us back our "normal"... or at least some way to weaken the grasp that this unwelcome beast now has on our lives. Through it all, we put on performances of a lifetime for the rest of the world, acting as though all is well while coping as best we can with this invisible disorder... one that he who has never suffered through it cannot possibly understand. Try as we might, though, our lives and relationships will surely end up the worse for wear. Within the pages of this book lies one man's personal account of how this condition impacted his life, how he managed to overcome it, the valuable knowledge that was acquired along the way, and the permanent marks that the journey has left on his subsequent existence. This medical autobiography is written in an informal first-person conversational style with accounts and information presented in such a way that it should be easy for just about everyone to understand and relate to.

The Health Care Handbook-Elisabeth Askin 2014 The 2nd edition of the best-selling practical, neutral, and readable overview of the US health care system is now available. This updated edition of

the Health Care Handbook covers: New sections on health IT, team-based care and health care quality, a clear summary of health policy and the Affordable Care Act, inpatient & outpatient health care and delivery systems, health insurance and the factors that make health care so expensive, concise summaries of 32 different health professions, Medical devices, pharmaceuticals, and the research world.. The Handbook is the one-stop guide to the people, organizations and industries that make up the U.S. health care system and major issues the system faces today. It is rigorously researched and scrupulously unbiased yet written in a conversational and humorous tone that's a pleasure to read and illuminates the convoluted health care system and its many components. The Handbook is now used by hundreds of academic programs and health care companies. Each section of the book includes an introduction to the key facts and foundations that make the health care system work along with balanced analyses of the major challenges and controversies within health care, including medical errors, government regulation, medical malpractice, and much more. Suggested readings are included for readers who wish to learn more about specific topics. "The book succeeds in making sense of health care without opinion, bias, or dense textbook language."

Model Contract Terms and Conditions with Annotations and Case Summaries-X. Paul Humbert 2014-08-08 ABOUT THIS BOOK This book assists the reader and provides value in three ways: First, model contract language in the form of commercial terms and conditions are provided. Second, the contract language is annotated with explanations and suggestions for each of the key articles. Third, summaries of actual litigated cases are provided in synopsis form. This triple combination of language, annotations and key case synopses all work together to instruct and enlighten the reader. WHAT OTHERS HAVE SAID ABOUT THIS BOOK "This book is a superb tool for anyone who relies upon contracts in their business dealings..." Nick Conca, Esq. Chief Claims Officer, Markel Corporation "The authors have hit the ball out of the park! They have crafted an easy to read and easy to understand contracts primer that all supply / demand chain professionals will embrace..." Dan Klepacki, MBA, BS Engineering Adjunct Professor - Rutgers Business School and Senior Industry Advisor Rutgers SCM Program "This book should be required reading for any Project Manager..." Frank V. Cielo, PMP Head of Operational Excellence KEMA Laboratories Chalfont DNV GL Energy "After having read Model Contract Terms and Conditions With Annotations and Case Studies, by Paul Humbert and Robert Mastice, I hope that this treatise becomes a standard manual in any situation where personnel have to develop and draft contracts in any business setting..." Glenn A. Montgonery, Esq., B.A., M.A., J.D. Montgomery, Chapin & Fetten, P.C. "Finally, a concise, annotated source of model contract terms and conditions with case summaries and citations prepared by those with actual, hands-on experience with complex project management transactions..." Glen Clark, Esq. Managing Partner Riker Danzig, Esqs. "The authors' practical experience and technical knowledge combine to provide a valuable guide for executives in the industry. This book contains valuable, real-world framework for successful capital project execution..." Guy Cipriano, P.E. President-EI Associates "Authors Paul Humbert and Robert Mastice do an exquisite job of simplifying and decomposing a complex topic in a pragmatic way..." Charlie White Entrepreneur & Principal Partner Thwakk, Inc "Contracts make the commercial world go round. The authors have done a stellar job of demystifying the contracting process, and what can be intimidating "legal" terms and conditions..." James A. Silva VP Solution & Business Development HD Supply - Power Solutions "Paul Humbert and Robert Mastice have written an invaluable resource for any business person or attorney who deals with commercial contracts. They provide section by section explanations of the purpose of, and rationale for, a wide range of common commercial contract provisions. Their commentary is illuminating for anyone who deals with those types of provisions. I have practiced law for more than 35 years. I wish that a resource like this had been available to me when I began to practice. I recommend it wholeheartedly to anyone, lawyer or non-lawyer, who would like to increase his or her understanding of commercial contracts." Richard Cogen, Esq. Partner Nixon Peabody, LLP OTHER BENEFITS OF THIS BOOK This book also facilitates the creation of a project or transaction specific Contract Management Plan. ("CMP"). A CMP is essentially an internal document prepared by either the Company or the Contractor for use by their respective employees in managing the transaction that is the subject of the Contract. The CMP is not shared with the other party since it deals exclusively with the internal considerations and mechanics associated with one party's administration and management of its rights and responsibilities under the Contract. The CMP supplements the Contract and also permits a documented methodology for applying lessons learned from past transactions.

The Power of Habit-Charles Duhigg 2012-02-28 NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In The Power of Habit, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, The Power of Habit contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. The Power of Habit is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—Financial Times "A flat-out great read."—David Allen, bestselling author of Getting Things Done: The Art of Stress-Free Productivity "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Pink, bestselling author of

Drive and A Whole New Mind “Entertaining . . . enjoyable . . . fascinating . . . a serious look at the science of habit formation and change.”—The New York Times Book Review

The Professional Product Owner-Don McGreal 2018-06-04 The Professional Product Owner’s Guide to Maximizing Value with Scrum “This book presents a method of communicating our desires, cogently, coherently, and with a minimum of fuss and bother.” —Ken Schwaber, Chairman & Founder, Scrum.org The role of the Product Owner is more crucial than ever. But it’s about much more than mechanics: it’s about taking accountability and refocusing on value as the primary objective of all you do. In The Professional Product Owner, two leading experts in successful Scrum product ownership show exactly how to do this. You’ll learn how to identify where value can be found, measure it, and maximize it throughout your entire product lifecycle. Drawing on their combined 40+ years of experience in using agile and Scrum in product management, Don McGreal and Ralph Jocham guide you through all facets of envisioning, emerging, and maturing a product using the Scrum framework. McGreal and Jocham discuss strategy, showing how to connect Vision, Value, and Validation in ROI-focused agile product management. They lay out Scrum best-practices for managing complexity and continuously delivering value, and they define the concrete practices and tools you can use to manage Product Backlogs and release plans, all with the goal of making you a more successful Product Owner. Throughout, the authors share revealing personal experiences that illuminate obstacles to success and show how they can be overcome. Define success from the “outside in,” using external customer-driven measurements to guide development and maximize value Bring empowerment and entrepreneurship to the Product Owner’s role, and align everyone behind a shared business model Use Evidence-Based Management (EBMgt) to invest in the right places, make smarter decisions, and reduce risk Effectively apply Scrum’s Product Owner role, artifacts, and events Populate and manage Product Backlogs, and use just-in-time specifications Plan and manage releases, improve transparency, and reduce technical debt Scale your product, not your Scrum Use Scrum to inject autonomy, mastery, and purpose into your product team’s work Whatever your role in product management or agile development, this guide will help you deliver products that offer more value, more rapidly, and more often.
