

Blood Moons Decoding The Imminent Heavenly Signs

Book Reviews - Blood Moons

Blood Moons-Mark Biltz 2014-03-18 A pastor argues that God uses certain celestial signs to communicate the coming of major events and explains what has been foretold. Original.

Book Reviews - Blood Moons

Four Blood Moons-John Hagee 2013-10-08 "...There will be signs in the sun, in the moon, and in the stars...Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Luke 21:25a, 28 It is rare that Scripture, science, and history align with each other, yet the last three series of Four Blood Moons have done exactly that. Are these the "signs" that God refers to in His Word? If they are, what do they mean? What is their prophetic significance?

Decoding the Prophet Jeremiah-Mark Biltz 2020-10-06 Could an ancient prophet hold a present key that will reveal the future? Jeremiah was an Old Testament voice, but he still speaks to our day. Alone and living in a time of chaos, he was a prophet and Levitical priest whose fellow priests and prophets wanted him dead. In fact, everyone wanted him dead—the political leaders, his neighbors, and even his family. At twenty-three years old Jeremiah was told to speak truth to power and not to worry what the consequences may be. God told him that people love to praise the Lord but refuse to do what He says. In spite of the judgments cascading upon the heads of the inhabitants of Jerusalem, the Lord promised a new covenant with Israel and Judah that would revolutionize their walk with Him. In Decoding the Prophet Jeremiah you will discover the following: The warnings from God in Jeremiah’s day are for our generation as well. Even when you feel betrayed by everyone, there is still hope. God keeps His covenant and will never leave you or forsake you. This book is a clarion call to all believers. We need to see the bigger picture: it is not about us but about God’s heart and God’s kingdom. God is looking for warriors who are about advancing His kingdom by storming the gates of hell and setting His sons and daughters free from the clutches of the greatest narcissist of all time. Mark Biltz unpacks two books of the Bible written by the prophet Jeremiah: the Book of Lamentations and the Book of Jeremiah. Biltz has uncovered fascinating Hebraic codes within Lamentations, making this a truly unique message for readers. This book will encourage you to persevere in your faith despite cultural shifts and pressures, much like what the prophet Jeremiah did.

Book Reviews - Blood Moons

God’s Day Timer-Mark Biltz 2016-09-13 Are you ready to go on the most thrilling adventure of your life? God loves to play hide and seek and for those who search for Him with all their hearts, He makes Himself known. God’s Day Timer provides the biblical keys that unlock hidden treasures just waiting to be discovered. Author, teacher, and pastor Mark Biltz offers tremendous insight into being in touch with God. In Genesis the Hebrew word for "seasons" is translated in Leviticus as "feasts." A better translation is "divine appointments." God tells us that the sun and the moon are to be used to determine when the divine appointments occur, which is critical to understanding when God will intersect human history. In God’s Day Timer, Pastor Biltz breaks down the divine appointments, or seven feasts of the Lord, to make it easy to understand for beginners and explains how to keep the Sabbath and get on God’s schedule to better understand His timing and the signs of the coming events. Discover the importance of keeping the Passover and Yom Kippur among the other feasts. Learn how to perform a weekly Shabbat. Find out the various steps of administering a Seder dinner Realize why it is vital for Christian believers to be on the biblical calendar God’s Day Timer takes you on a journey that will unlock treasure chests full of golden insights. Sit back, put on your 3-D Bible glasses and come on an adventure that will radically change your life.

Decoding the Antichrist and the End Times-Mark Biltz 2019-03-05 Will the real Antichrist please stand up? For the last two thousand years people have been anxiously trying to analyze who the Antichrist might be and when he might be revealed. Many people have made preposterous claims, and of course, they have been wrong. If you’re not careful, you can get caught up in the debate and spend so much time arguing with other Christians over the details that you don’t accomplish anything for the kingdom! To make matters worse, we now live in an era when, for the first time, we have the possibility of an artificial intelligence Antichrist, a human computer hybrid that will demand to be worshipped. Have you ever wondered if it’s OK to have Alexa, Siri, and other forms of artificial intelligence in your home? We know that the Bible says great deception is coming, so what is a concerned believer to do? Author and minister Mark Biltz wants you to understand the methods of the Antichrist so you won’t be deceived. This book will help you know the big picture of what has happened historically, what is unfolding this very moment, and what the future holds concerning the Antichrist based on the unfolding purposes of God.

THE MASQUE OF THE RED DEATH-EDGAR ALLAN POE 2009-01-01 The Masque of the Red Death" (originally published as "The Mask of the Red Death: A Fantasy") is a short story by American writer Edgar Allan Poe, first published in 1842. The story follows Prince Prospero's attempts to avoid a dangerous plague, known as the Red Death, by hiding in his abbey. He, along with many other wealthy nobles, hosts a masquerade ball in seven rooms of the abbey, each decorated with a different color. In the midst of their revelry, a mysterious figure disguised as a Red Death victim enters and makes his way through each of the rooms. Prospero dies after confronting this stranger, whose "costume" proves to contain nothing tangible inside it [BISAC]; the guests also die in turn.

Revelation- 1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Book Reviews - Blood Moons

Blood Moon - Biblical Signs of the Coming Apocalypse-S. Douglas Woodward 2017-05-15 Woodward examines the Blood Moon Prophecy as articulated by Mark Biltz and John Hagee and evaluates the criticisms of Mark Hitchcock and Chris White. Woodward finds a middle ground, identifying why the Blood Moon Prophecy is likely to be authentic, but cautions against accepting its validity without the test of time. Woodward points out many reasons to find cause for belief and many reasons that it legitimately could be questioned. Woodward evaluates the nature of biblical signs by studying the phrase “signs and wonders”. He also evaluates the issues of whether biblical signs of the apocalypse must all be supernatural - showing why many may be 'natural' in terms of astronomical events that are unusual but paranormal acts. The heart of the book is an apologetic for why the study and adherence to the Kingdom of God (and the apocalypse it implies) is mandated by the words of Christ. His followers MUST keep watch—always. It is a must read for all students of eschatology.

The Psychosocial Implications of Disney Movies-Lauren Dundes 2019-07-11 In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney’s films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Book Reviews - Blood Moons

Not Afraid of the Antichrist-Michael L. Brown 2019-03-19 Despite the popular theology of our day, Christians should not expect to get out of experiencing the tribulation or the end times. Nowhere in the Bible does the Lord promise us this, say Michael Brown and Craig Keener, two leading, acclaimed Bible scholars. In fact, they say, Jesus promises us tribulation in this world. Yet this is no reason to fear. In this fascinating, accessible, and personal book, Brown and Keener walk you through what the Bible really says about the rapture, the tribulation, and the end times. What they find will leave you full of hope. God’s wrath is not poured out on His people, and He will shield us from it—as he shielded Israel in Egypt during the ten plagues. So instead of taking comfort in what God hasn’t promised, take comfort in the words of Jesus: He has overcome the world, and we live in his victory.

The Created Cosmos-Danny Faulkner 2016-07-29 This text investigates what the Bible has to say about astronomical objects and phenomena. The Bible contains many mentions of astronomical things, beginning with creation and concluding with end-time prophecies. Besides the sun and moon, the Bible names groups of stars, Orion, the Pleiades, and the bears. In addition to what the biblical record shows about astronomical phenomena, many people think that it teaches things that it actually does not teach. These concepts are examined in depth as well. Unique among books discussing the intersection of biblical text and astronomy because of the range of questions explored and answered definitive work that explores many popular questions and misconceptions about the universe and the Bible Sorts fact from fiction and truth from popular myths as the true purpose of these enigmatic lights in the night sky are revealed

Apocalypse Any Day Now-Tea Krulos 2019-04-02 It seems like people are always talking about the end of the world, doesn't it? Y2K, the Mayan Apocalypse, Blood Moon Prophecies, nuclear war, killer robots, you name it. In Apocalypse Any Day Now, journalist Tea Krulos travels the country to try to puzzle out America's obsession with the end of days. Along the way he meets doomsday preppers—people who stockpile supplies and learn survival skills—as well as religious prognosticators and climate scientists. He camps out with the Zombie Squad (who use a zombie apocalypse as a survival metaphor); tours the Survival Condos, a luxurious bunker built in an old Atlas missile silo; and attends Wasteland Weekend, where people party like the world has already ended. Frightening and funny, the ideas Krulos explores range from ridiculously outlandish to alarmingly near and present dangers.

Steps to an Ecology of Mind-Gregory Bateson 2000-04-15 Gregory Bateson was a philosopher, anthropologist, photographer, naturalist, and poet, as well as the husband and collaborator of Margaret Mead. This classic anthology of his major work includes a new Foreword by his daughter, Mary Katherine Bateson. 5 line drawings.

The Power of the Prophetic Blessing-John Hagee 2014-06-10 The Power of the Prophetic Blessing offers a seldom-heard message of encouragement and blessing for today and for generations to come.

No Sacred Cows-David G. McAfee 2017-08-22 While belief in religious supernatural claims is waning throughout the West, evidence suggests belief in nonreligious supernatural claims is on the rise. What explains this contradiction? How can a society with a falling belief in God have a rising belief in ghosts, psychic powers, ancient astronauts, and other supernatural or pseudo-scientific phenomena? Taking the same anthropological approach he employed in his notable studies of religion, atheist author and activist David G. McAfee turns his attention to nonreligious faith-based claims. Whether going undercover as a medium, getting tested at Scientology headquarters in Los Angeles, or interviewing celebrity paranormalists and famous skeptics, he leaves no stone unturned in his investigation. As in the case of religion, he finds an unwillingness among "believers" to critically examine their most closely held convictions. Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts—and that our decisions as a society are based on the best available evidence.

Is Christ’S Return Near?-Diane M. Heiser 2016-03-16 Could Jesuss words in Matthew 24 be happening now? Do science and current events support this prophecy? Do Russia, China, Iran, and the pope play a significant role in bringing it all about? Do you believe God gives us harbingers before he puts his plan into action? Are the signs here, and is the time now? This book connects all the dots in a prudent and informative manner as we weave through the clues together to conclude, Is Christs Return Near?

The Art of Being Human-Michael Wesch 2018-08-07 Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

The Sumerians-Samuel Noah Kramer 2010-09-17 The Sumerians, the pragmatic and gifted people who preceded the Semites in the land first known as Sumer and later as Babylonia, created what was probably the first high civilization in the history of man, spanning the fifth to the second millenniums B.C. This book is an unparalleled compendium of what is known about them. Professor Kramer communicates his enthusiasm for his subject as he outlines the history of the Sumerian civilization and describes their cities, religion, literature, education, scientific achievements, social structure, and psychology. Finally, he considers the legacy of Sumer to the ancient and modern world. "There are few scholars in the world qualified to write such a book, and certainly Kramer is one of them. . . . One of the most valuable features of this book is the quantity of texts and fragments which are published for the first time in a form available to the general reader. For the layman the book provides a readable and up-to-date introduction to a most fascinating culture. For the specialist it presents a synthesis with which he may not agree but from which he will nonetheless derive stimulation."—American Journal of Archaeology "An uncontested authority on the civilization of Sumer, Professor Kramer writes with grace and urbanity."—Library Journal

Ephod of God-Joan Anglely 2020-06-18 "Teach them the difference between the holy and the profane, between the clean and unclean. Teach them all the word God has given" (Leviticus 10:10). Emeralds, sapphires, diamonds? What do precious gems have to do with God? Everything, if you study the high priest breastplate and decode the message. Proverbs 25:2 says, "It is the glory of God to conceal a thing, but the glory of kings is to search a thing out." There is much more buried deep in the scriptures than we know. It is a deep well of treasure waiting to be mined and just as precious as sapphires and diamonds. How does God see these jewels? Does the Hebrew name for ruby, written three thousand years ago, mean "flaming sword of light," and does it hint at the laser hidden inside its depths? Do these gems represent anything important and of great value? Absolutely! Is there a secret and mysterious meaning imbedded in the fact that God assigned a jewel to each tribe of Israel, accompanied by two very specific blessings and a tribal banner, which surprisngly has an astronomical significance? Jesus said that before He comes back, there will be signs in the sun, moon, and stars. Do these constellations, depicted in the tribal banners, tell us something of great import for the world? Are there warnings broadcast in the stars that we should be paying attention to them now? Buckle up and begin one of the most fascinating journeys into the mysteries of God.

The Element Encyclopedia of Secret Signs and Symbols: The Ultimate A-Z Guide from Alchemy to the Zodiac-Adele Nozedar 2010-01-21 Unlock the lost and hidden meanings of the world's ancient and modern signs and symbols with the latest in the hugely popular series of 'Element Encyclopedias'. This is the biggest A-Z reference book on symbolic objects you'll ever find.

Transmedia Storytelling and the Apocalypse-Stephen Joyce 2018-08-21 This book confronts the question of why our culture is so fascinated by the apocalypse. It ultimately argues that while many see the post-apocalyptic genre as reflective of contemporary fears, it has actually co-evolved with the transformations in our mediascape to become a perfect vehicle for transmedia storytelling. The post-apocalyptic offers audiences a portal to a fantasy world that is at once strange and familiar, offers a high degree of internal consistency and completeness, and allows for a diversity of stories by different creative teams in the same story world. With case studies of franchises such as The Walking Dead and The Terminator, Transmedia Storytelling and the Apocalypse offers analyses of how shifts in media industries and reception cultures have promoted a new kind of open, world-building narrative across film, television, video games, and print. For transmedia scholars and fans of the genre, this book shows how the end of the world is really just the beginning...

The Revenge of Gaia-James Lovelock 2007-08-02 The key insight of Gaia Theory is that the entire Earth functions as a single living super-organism. But according to James Lovelock, the theory's originator, that organism is now sick. It is running a fever born of increased atmospheric greenhouse gases. Earth will adjust to these stresses, but the human race faces a severe test. It is already too late, Lovelock says, to prevent the global climate from “flipping” into an entirely new equilibrium that will threaten civilization as we know it. But we can do much to save humanity. In the tradition of Silent Spring, this is a call to address a major threat to our collective future.

When All Plans Fail-Paul R. Williams 2015-08-04 Disaster expert Dr. Paul Williams explains what you need to know and do to be prepared for the worst with hope. Drawing on 30 years medical missions experience in more than 100 countries, he helps you learn how to be an anchor in the storm for your family, with your church, and in your community.

Why Did Yahweh and His Son Yahshuah Say What They Said?-Dr. Justin G. Prock 2020-05-07 YAHWEH (The LORD God) and His Son YAHSHUAH (Jesus Christ) made statements with regard to Eschatology that have been “Spiritualized” for over a Millennium, which has led to the belief in Universalism, the belief that YAHSHUAH died for EVERYONE. Well, after one studies the original languages of the Hebrew, Aramaic, and Greek, the message of the Kingdom of God was preached to and accepted by a certain House in the Bible. The other House rejected this message, and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit. There are only the House of Israel, the House of Judah, and the House of David, mentioned in the Bible. All three existed then, as they do today. However, most of today’s Babylonian Priesthood/Churchianity refuses to accept the secular historical position with regard to the House of Israel, and who they are today. The people groups, which YAHWEH and YAHSHUAH addressed, still exist today. However, these people are all mixed-up, and known by different names, but they DO exist. This book goes back to the origin of these people groups in the Bible, and brings them forward to the present using their old names, in order to understand Eschatology. This brings us to the major question of, “Is the Bible only about Israel?” And, if so, how does it affect our Eschatology today? This book answers these hard questions...

The Sciences of the Artificial-Herbert A. Simon 2019-08-13 Herbert Simon's classic work on artificial intelligence in the expanded and updated third edition from 1996, with a new introduction by John E. Laird. Herbert Simon's classic and influential The Sciences of the Artificial declares definitively that there can be a science not only of natural phenomena but also of what is artificial. Exploring the commonalities of artificial systems, including economic systems, the business firm, artificial intelligence, complex engineering projects, and social plans, Simon argues that designed systems are a valid field of study, and he proposes a science of design. For this third edition, originally published in 1996, Simon added new material that takes into account advances in cognitive psychology and the science of design while confirming and extending the book’s basic thesis: that a physical symbol system has the necessary and sufficient means for intelligent action. Simon won the Nobel Prize for Economics in 1978 for his research into the decision-making process within economic organizations and the Turing Award (considered by some the computer science equivalent to the Nobel) with Allen Newell in 1975 for contributions to artificial intelligence, the psychology of human cognition, and list processing. The Sciences of the Artificial distills the essence of Simon's thought accessibly and coherently. This reissue of the third edition makes a pioneering work available to a new audience.

Debunk It!-John Grant 2015-02-24 Uses modern headline examples to explain how to identify bad evidence and poor arguments, summarizing the rhetorical tricks people use to sway public opinion in a range of fields.
