**White Fragility**-Robin DiAngelo 2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

It includes discussion of early education philosophy, kindergarten readiness, how to make the curriculum work for your family, and themes and book lists for each month. Perfect for taking to the library to collect books from the book list or giving to caregivers or grandparents so they understand your parenting philosophy, the Parent Handbook is printed in a convenient, trade paperback format. The flexible structure of The Block Plan Preschool helps children learn all they need to know before entering public school, but allows them to explore and learn at their own pace and according to their own interests. Best of all, the lessons are fun for both parents and kids and helps the whole family play together! Parents are a child's most important teachers and The Block Plan Preschool is an empowering resource to help them improve their child's early education, reclaim the simplicity and freedom of childhood, and enhance family relationships!

**Early Education Curriculum: A Child's Connection to the World**-Nancy Beaver 2016-10-05 EARLY EDUCATION CURRICULUM: A CHILD'S CONNECTION TO THE WORLD focuses on the role of observation and assessment in early childhood programming, the process of planning and implementing a curriculum, setting up an inclusive child-centered environment, and the uses of evaluation and documentation for continuous program improvement. Updated with current research and standards, the text continues to present new material on brain research that underlies teaching ideas as well as information on reflective practice, intentional teaching, and using the environment as a teaching tool. The seventh edition includes more material on diversity and diversity strategies, activity plans for different age groups, and more floor plans. New case studies provide examples of how activities planned align with specific standards, and allow students to apply knowledge gained to real-life situations. The book retains its strong applied focus on the how-to's of teaching, with many hands-on teaching tips. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
