A Heart to Call Home-Amanda Torrey 2020-10-03 After an indifferent divorce, Reed Peterson traded in her high-profile career in the city for an opportunity to try her hand at running a business of her own. She's not sure if the small town life is for her, but since part of her new mission in life is to adopt the free-spiritedness her mother had once embodied, she knows she has to give it a try. She needs her freedom, and she needs it now. Even if the fresh air might suffocate her. Rogan Douglas agrees to take on the job of getting Reed's

property up-to-snuff so she can re-open the once grand—now dilapidated—cottage motel in town. Struggling to raise his five kids on his own after the accidental death of his wife, Rogan didn't realize the job would cost him so much. Like his sanity. And his heart. Reed and Rogan are venturing down different paths in life, but can they resist the powerful attraction that threatens the way they see themselves? Their futures? And is it possible for two people with such different personalities and values to find a way to call each other's heart their home?

One Kind Heart-Christine DePetrillo 2019-11-11 Dakota Brenton spends his days leading thrill seekers on adventures through the woods of Maplehaven, Vermont. He's traveled all over the world on expeditions, but he always comes back home to the cozy town his ancestors founded. Dakota loves his free-spirit lifestyle. He comes and goes as he pleases, however, he can't help wanting more. Leah Greenstead is the new fourth grade teacher at Maplehaven Elementary, a school built through a generous donation from Brenton Sawmill. Having abandoned New York City after a tragedy, Leah is doing her best to adjust to life in the quiet Vermont town. With any luck, she'll be able to leave her past behind, stick to her rules about not getting close to anyone, and preserve what little is left of her heart. She wants to believe the world is safe again, and if that means being alone, then so be it. When Dakota meets Leah at a ceremony honoring his family's sawmill, he sees his next adventure.

As Maplehaven's golden boy, he's surprised when Leah doesn't immediately accept his advances. He's never had to work this hard, but he has a feeling Leah Greenstead will be worth the effort. Is one kind heart enough to change Leah's mind about love?

Worship of the Common Heart-Patricia Henley 2000 An impressive overview of a writer whose career is still climbing, *Worship of the Common Heart* allows us a rare opportunity to

observe twenty years in the evolution of a writer of uncommon talent and heart. Emotionally complex, achingly real, these nineteen stories focus on the everyday, defining moments of life, celebrating the unsung and calling attention to the ignored. A young woman comes to an absolute and sad realization about her relationship at the very moment she gives birth. A woman enamored of younger men stumbles upon joy in the most unlikely place. A young nun takes a vacation with her earthy, unpredictable sister and learns a lesson in worship. Told with stunning confidence and honesty, the stories in *Worship of the Common Heart* revel in sensuality and the complexity of longings.

HOYT'S NEW CYCLOPEDIA OF PRACTICAL QUOTATIONS-KATE LOUISE ROBERTS
1922

The Fellowship of Song-Ginette Dunn 2015-12-22 Originally published in 1980. Song is perhaps the strongest form of traditional culture. Its vigour and energy represent the power of the community from which it springs. This book focuses on traditional singing in two

small English villages. It studies in detail an activity which goes to the core of the communal life in any village and demonstrates how song becomes the lifeblood of the traditions of rural life. In many ways traditional singing is highly subversive because its practice is an affirmation of community and a denial of the fragmentation of modern society. The songs sung, those remembered, the singers now dead whose lives are recalled each time an old favourite is performed, all connect the present with the past. The primary aesthetic concern within these singing traditions is that a man should sing, whatever the objective quality of his performance; and a song should tell a good story. The individual singer assumes a special role in performance since he becomes spokesman for a group and gives voice not only to personal but also to social concerns, dynamics and emotions.

Dictionary of Southern Appalachian English-Michael B. Montgomery 2021-06-22 The Dictionary of Southern Appalachian English is a revised and expanded edition of the Weatherford Award-winning Dictionary of Smoky Mountain English, published in 2005 and known in Appalachian studies circles as the most comprehensive reference work dedicated to Appalachian vernacular and linguistic practice. Editors Michael B. Montgomery and Jennifer K. N. Heinmiller document the variety of English used in parts of eight states, ranging from West Virginia to Georgia—an expansion of the first edition's geography, which was limited primarily to North Carolina and Tennessee—and include over 10,000 entries drawn from over 2,200 sources. The entries include approximately 35,000 citations to provide the reader with historical context, meaning, and usage. Around 1,600 of those examples are from letters written by Civil War soldiers and their family members, and another 4,000 are taken from regional oral history recordings. Decades in the making, the Dictionary of Southern Appalachian English surpasses the original by thousands of entries. There is no work of this magnitude available that so completely illustrates the rich language of the Smoky Mountains and Southern Appalachia.
