SHAN HAI JING—A BOOK COVERED WITH BLOOD-Kate Bazilevsky 2014-08-22 In essence, this story is about how a certain person was searching his bookshelf for something to read and in the end found a book, which turned out to be the source, from which it is possible to obtain absolutely any kind of information about absolutely any person. Meaning, information to the smallest particulars and details about what his or her qualities of personality are, how he or she lives, what he or she really wants to achieve, what he or she hides, and much more. And, it does not matter, if the subject is some person, who lived in the distant past or lives in the present or someone, who will live in the future. Since, as it turned out later on, this literary monument is nothing other than the Catalog of human population. In other words, the encyclopedia of Homo sapiens; in essence, the same as encyclopedias, reference books for specialists, which contain complete information about representatives of a particular subspecies of animals, plants, etc. Although at some point, the course of this story turned banal: "bad guys" from security services, intelligence services, politics decided to not only use this source of knowledge for their dirty deeds, but also to appropriate it solely for their personal use. And, the way they tried to do this is also banal: by physically destroying the author of discovery of the Catalog of human population and all of his colleagues. However, the ending of this story makes it stand out from the category of ordinary spy stories. At least because the main characters of this story managed to survive not due to favorable concatenation of circumstances or someone's help, but thanks to that knowledge, which they discovered in the ancient text, which turned out to be the Catalog of human population. Of course, such an outcome upset and continues to upset not only the Russian special services, but also all those people in whose way developers of the Catalog of human population got. And, in this civilization, there are countless numbers of such people: from psychologists (who become no longer needed by anyone) to organizers of this civilization themselves. Since from the standpoint of the Catalog of human population—technogenic civilization without a human, which they lovingly built for many centuries, is simply trash, to put it mildly, and beneath all criticism. And, they themselves are also trash. However, regular people, who (thanks to the scientific discovery made by Andrey Davydov) got the source with answers to all of their questions and individual recipes, now no longer need to pay "experts on the human soul" for being shamelessly fooled. Therefore, whoever tries to kill developers of the Catalog of human population in the future must know that it is no longer possible, as they already became part of history of humanity. After all, at the current stage of development, a Homo sapiens has only one possibility to continue to live after death, to live through the ages: in the product that he/she created. And, those, who tried and continue to try to kill them, were nobodies and will remain nobodies, who one day will cease to exist without leaving a trace. As for organizers of this "civilization"—maybe instead of trying to find new recipes to destroy "excess billions" and trying to examine human potential using Neanderthal methods, it would be more reasonable not only to find out the recipe of how to make Homo sapiens a 100% controllable producer and consumer from the source (which, by the way, seems to have been left to humanity by creators of nature and a human on this planet), but also how to build a civilization without quotes? After all, it only seems to them that they are the main deceivers, while in reality they were fooled, and fooled majorly.

What matters is that her voice is her own. . . . *A Shadow Bright and Burning* delivers on the promise of its title. This is a novel that gives off light and heat." —The New York Times "The magic! The intrigue! The guys! We were sucked into this monster-ridden alternative England from page one. I loved the monsters, the magic, and the teen warriors who are their world's best hope! Jessica Cluess is an awesome storyteller!" —Tamora Pierce, #1 New York Times bestselling author

Twins Borric and Erland wore that mantle proudly, much to the chagrin of their father, Prince Arutha of Krondor. But their blissful youth has come to an end. Their uncle, the King, has produced no male children. Bypassing himself, Arutha names Borric, the eldest twin by seconds, the Royal Heir. As his brother, Erland will have his own great responsibilities to shoulder. To drive home their future roles, Arutha sends them as ambassadors to Kesh, the most feared nation in the world. Borric and Erland will be presented to the Queen of Kesh—the single most powerful ruler in the known world—at her Seventy-fifth Jubilee Anniversary. But they have not even left Krondor when an assassination attempt on Borric is thwarted. Aware that he is being provoked into war, Arutha does not rise to the bait. His sons' journey will not be deterred, for nothing less than peace is riding on it. Yet there is to be no peace for the young princes. When their traveling party is ambushed, Borric disappears and is presumed dead—sending Erland into spirals of rage and grief as he is forced to navigate alone the court intrigues at Kesh. But unbeknownst to anyone, Borric lives and has escaped his captors. In a strange land, with a price on his head, Borric must use all his wits and stamina to find his way back to his brother. On separate paths, the two men—one a fugitive and one a future king—make their journey toward maturity, honor, and duty. The Maya Book of Life-Michael Owen 2011-03 THE MAYA BOOK OF LIFE: UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition. It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012. The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture. Taken from a single painting, it is the only tarot deck where the major arcana form a complete picture. This picture is a symbolic image of the alchemical marriage of spirit and matter and a map of what Jung called the individuation process. Only 500 copies of the original Xultun Tarot were ever printed. Now Kahurangi Press (xultun.com) has recreated this classic, long out-of-print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards. Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles. He lives in New Zealand.

Magician's Heir-D. Bruce Cotton 2019-10-31 What if reality is the worst form of madness? Loneliness, a failing magic business, and stacks of unpaid bills make amateur magician Adam Gray's life one of unending drudgery and desperation. He's trapped in the tiny town of Elliston, and excitement's not exactly knocking down his door. Until it does. A cryptic peddler, peculiar merchandise, and insatiable curiosity combine to tear Adam away from the mundane safety of his everyday existence... and into the impossible world of Tantris: a land of giants, mages and the magic Adam's hoped for his entire life. But is this a world of sanity or madness? A dream or nightmare? Adam must answer these questions, and soon. Because Tantris has a mortal enemy—ruthless, evil and hungry for the souls of the innocent. And the Dark Mage just chose Adam as his next victim.

Bloodlust-Helen Harper 2013 Life's no fun being a dragon, especially when you are forced into responsibilities that involve trying to keep the peace between an array of shifters, mages and faeries in order to bring down the scariest and deadliest foe the Otherworld has ever seen. And that's not to mention the fact that your own soul mate hates your guts... Mack Smith, a fiery Draco Wyr, is battling to come to terms with her emotions, her heritage and her true capabilities. All she has to do is defeat Endor, win back Corrigan and live happily ever after. From the streets of London and Russia, to the beaches of Cornwall, will she be able to ever win the day? This is the fifth and final book in the Blood Destiny series

Night Watch-Sergei Lukyanenko 2009-06-15 The forces of Light and Darkness have co-existed in a delicate balance for hundreds of years ... until now. Even as the Night Watch polices the Dark Others--among them vampires, witches and shape-shifters--a chain of mysterious events triggers a dreaded, age-old prophecy: An immortal with special powers will come to switch sides, shattering the balance and unleashing an apocalyptic war unlike any the world has ever known.

Popular Witchcraft-Jack Fritscher 2004 Popular Witchcraft: Straight from the Witch's Mouth, inspired by the British Gerald Gardner's Witchcraft Today, was the first book to be published on popular American witchcraft and remains the classic survey of white and black magic. Newly revised and updated for twenty-first-century readers, the author—an ordained but marvelously fallen exorcist—tells all about the evil eye, the queer eye, women and witch trials, the Old Religion, magic Christianity, Satanism, and New Age self-help. Jack Fritscher sifts through legends of sorcery and the twisted history of witchcraft, including the casting of spells and incantations, with a focus on the growing role of witchcraft in popular culture and its mainstream commercialization through popular music, Broadway, Hollywood, and politics. As seriously historical as it is fun to read, there is no other book like it.
