The Problem of Blasphemy: The Fourth Gospel and Early Jewish Understandings-Jerry D. Truex 2010-11 This doctoral thesis provides evidence that during the later part of the first century, certain Jewish Christians, who produced and propagated the Fourth Gospel, were perceived to be blasphemous and therefore "cut off" (karet) from the synagogue as reflected in John 9:22, 12:42, and 16:2. This study reviews recent research on blasphemy, offers analysis based on hundreds of ancient Jewish texts, and examines seven Jewish traditions pertaining to blasphemy, including cursing God, naming The Name, and sinning with a high hand. A composite portrait of blasphemy is sketched and compared with the theological claims of the Fourth Gospel. Three theological claims of the Fourth Gospel stand out as potentially blasphemous: Jesus is equal with God, Jesus and the Johannine Community constitute the New Temple, and Judean religious leaders are not of God. The perception of blasphemy and the inability to tolerate it explains why some Jewish Christians could not remain in the synagogue.

Blasphemy-Douglas Preston 2008-01-08 In Douglas Preston's Blasphemy, the world's biggest supercollider, locked in an Arizona mountain, was built to reveal the secrets of the very moment of creation: the Big Bang itself. The Torus is the most expensive machine ever created by humankind, run by the world's most powerful supercomputer. It is the brainchild of Nobel Laureate William North Hazelius. Will the Torus divulge the mysteries of the creation of the universe? Or will it, as some predict, suck the earth into a mini black hole? Or is the Torus a Satanic attempt, as a powerful televangelist decries, to challenge God Almighty on the very throne of Heaven? Twelve scientists under the leadership of Hazelius are sent to the remote mountain to turn it on, and what they discover must be hidden from the world at all costs. Wyman Ford, ex-monk and CIA operative, is tapped to wrest their secret, a secret that will either destroy the world...or save it. The countdown begins... Blasphemy in the Christian World-David Nash 2010-09-16 Tracing the subject from the Middle Ages to the present, David Nash outlines the history of blasphemy as a concept - from a species of heresy to modern understandings of it as a crime against the sacred and individual religious identity. Investigating its appearance in speech, literature, popular publishing and the cinema, he disinters the likely motives and agendas of blasphemers themselves, as well as offering a glimpse of blasphemy's victims. In particular, he seeks to understand why this seemingly medieval offence has reappeared to become a distinctly modern presence in the West.

Pakistan’s Blasphemy Laws-Shemeem Burney Abbas 2013-07-01 Under the guise of Islamic law, the prophet Muhammad’s Islam, and the Qur’an, states such as Pakistan, Afghanistan, Egypt, Saudi Arabia, and Bangladesh are using blasphemy laws to suppress freedom of speech. Yet the Prophet never tried or executed anyone for blasphemy, nor does the Qur’an authorize the practice. Asserting that blasphemy laws are neither Islamic nor Qur’anic, Shemeem Burney Abbas traces the evolution of these laws from the Islamic empires that followed the death of the Prophet Muhammad to the present-day Taliban. Her pathfinding study on the shari’a and gender demonstrates that Pakistan’s blasphemy laws are the inventions of a military state that manipulates discourse in the name of Islam to exclude minorities, women, free thinkers, and even children from the rights of citizenship. Abbas herself was persecuted under Pakistan’s blasphemy laws, so she writes from both personal experience and years of scholarly study. Her analysis exposes the questionable motives behind Pakistan’s blasphemy laws, which were resurrected during General Zia-ul-Haq’s regime of 1977–1988—motives that encompassed gaining geopolitical control of the region, including Afghanistan, in order to weaken the Soviet Union. Abbas argues that these laws created a state-sponsored “infidel” ideology that now affects global security as militant groups such as the Taliban justify violence against all “infidels” who do not subscribe to their interpretation of Islam. She builds a strong case for the suspension of Pakistan’s blasphemy laws and for a return to the Prophet’s peaceful vision of social justice.

Blasphemy-David Lawton 1993-07 From Jesus Christ to Salman Rushdie, from Moses to Freud, blasphemy has been a force in producing many forms of Western cultural identity. Blasphemy continues to influence our relations with other cultures, yet it is not so much an idea as a shifting rhetorical figure. It stands for whatever we deplore: we define the truths we uphold in terms of the blasphemies we attack. "Blasphemy is an orthodoxy's way of demonizing difference," writes Lawton. In this provocative book, the author tracks the history of blasphemy from the trial of Christ through the fatwa imposed on Salman Rushdie. He concludes that blasphemy is far from an antique concept, but a living, dangerous rhetoric that still defines the boundaries of popular culture.

Blasphemy-Asia Bibi 2013-08-26 A memoir from a woman currently waiting out her death sentence in a Pakistani prison In June 2009 a Pakistani mother of five, Asia Bibi, was out picking fruit in the fields. At midday she went to the nearest well, picked up a cup, and took a drink of cool water, and then offered it to another woman. Suddenly, one of her fellow workers cried out that the water belonged to Muslim women and that Bibi—who is Christian—had contaminated it. “Blasphemy!” someone shouted, a crime punishable by death in Pakistan. In that instant, with one word, Bibi’s fate was sealed. First attacked by a mob, Bibi was then thrown into prison and sentenced to be hanged.Since that day, Asia Bibi has been held in appalling conditions, her family members have had to flee their village under threat from vengeful extremists, and the two brave public figures who came to Bibi’s defense—the Muslim governor of the Punjab and Pakistan’s Christian Minister for Minorities—have been brutally murdered. In Blasphemy, Asia Bibi, who has become a symbol for everyone concerned with ending an unjust law that allows people to settle personal scores and that kills Christians and Muslims alike indiscriminately, bravely tells her shocking and inspiring story and makes a last cry for help from her prison cell.Proceeds from the sale of this book support Asia Bibi’s family, which has been forced into hiding.

Blasphemy-Osman Haneef 2020-04-23 A Christian boy in Pakistan is accused of blasphemy—a crime punishable by death. He reaches out to the sharpest human rights lawyer he knows—the woman he has loved for years, but now another man’s wife. As they deal with their unresolved feelings, the lawyers confront a corrupt system, a town turned against them, and a prophecy that predicts their death. Will they save the boy? Or will the city of Quetta, its prejudice inflamed by religious extremists, consume them and deliver them to a deadly fate?

Orhan Pamuk, Secularism and Blasphemy-Erdag Göknar 2013-02-15 Orhan Pamuk, Secularism and Blasphemy is the first critical study of all of Pamuk’s novels, including the early untranslated work. In 2005 Orhan Pamuk was charged with "insulting Turkishness" under Article 301 of the Turkish penal code. Eighteen months later he was awarded the Nobel Prize. After decades of criticism for wielding a depoliticized pen, Pamuk was cast as a dissident through his trial, an event that underscored his transformation from national literateur to global author. By contextualizing Pamuk’s fiction into the Turkish tradition and by defining the literary and political intersections of his work, Orhan Pamuk, Secularism and Blasphemy rereads Pamuk’s dissidence as a factor of the form of his novels. This is not a traditional study of literature, but a book that turns to literature to ask larger questions about recent transformations in Turkish history, identity, modernity, and collective memory. As a corrective to common misreadings of Pamuk’s work in its international reception, Orhan Pamuk, Secularism and Blasphemy applies various analytical lenses to the politics of the Turkish novel, including gender studies, cultural translation, historiography, and Islam. The book argues that modern literature that confronts representations of the nation-state, or devlet, with those of Ottoman, Islamic, and Sufi contexts, or din, constitute "secular blasphemies" that redefine the politics of the Turkish novel. Concluding with a meditation on conditions of "untranslatability" in Turkish literature, this study provides a comprehensive and critical analysis of Pamuk’s novels to date.

Blasphemy in Modern Britain-David S. Nash 2019-10-10 Originally published in 1999, this book deals with the cultural and legal debates which have counterposed the right to free speech and the need to protect Christian sensibilities in Britain from the time of the French Revolution to the present day. Central to the book is a close study of the content and public reception of the anti-Christian literature of the 19th century associated with the names G.W.Foote and J.W. Gott, the Freethinker and The Truthseeker. David Nash here also examines a variety of critical-theoretical approaches to blasphemy and blasphemous writing, including postmodernism and the work of Foucault and Said. The book concludes with a detailed examination of 20th-century blasphemy cases, up to and including the Gay News case, The Last Temptation of Christ and Visions of Ecstasy.

Blasphemy-Alan Dershowitz 2007-06-04 Looks at the diverse ways the religious right has been abusing the Declaration of Independence in an effort to Christianize America, countering arguments that the document was founded on biblical law.

Blasphemy and Politics in Romantic Literature-Paul Wickman 2020-06-06 This book argues for the importance of blasphemy in shaping the literature and readership of Percy Bysshe Shelley and of the Romantic period more broadly. Not only are perceptions of blasphemy taken to be inextricable from politics, this book also argues for blasphemous ‘irreverence’ as both inspiring and necessitating new poetic creativity. The book reveals the intersection of blasphemy, censorship and literary property throughout the ‘Long Eighteenth Century’, attesting to the effect of this connection on Shelley’s poetry more specifically. Paul Wickman notes how Shelley’s perceived blasphemy determined the nature and readership of his published works through censorship and literary piracy. Simultaneously, Wickman crucially shows that aesthetics, content and the printed form of the physical text are interconnected and that Shelley’s political and philosophical views manifest themselves in his writing both formally and thematically.

In praise of blasphemy-Caroline Fourest 2015-12-01 “Threatened by fanatics, censored by cowards, freethinkers on all continents continue to fight on all fronts to ensure the survival of an enlightened world. And the right to commit blasphemy plays a central role in their struggle.” Caroline Fourest In the overwhelming emotional aftermath of the terrorist attack against Charlie Hebdo in Paris, Caroline Fourest reaches those who refused to “be Charlie” in the name of “responsibility”, or concerns about “offending” or being seen as “islamophobic”. In this ruthless and pedagogical analysis, Caroline Fourest looks into debates on freedom of speech. She also warns us about the risks associated with the globalization of bullying. She puts into perspective the breaking point between French secularism and Anglo-Saxon relativism, between the right to commit blasphemy and the calls for hatred, between Charlie and Dieudonné, and between laughing about terrorism and laughing with terrorists.

Ahmadi and Christian Socio-Political Responses to Pakistan's Blasphemy Laws-Qaiser Julius 2017-09-30 The roots of Pakistan's blasphemy laws can be traced back to the British colonial rule in India, but their harsher clauses were added to the Pakistan Penal Code during a wave of intense Islamization in the 1980s. Everyone in Pakistan is threatened by the misuse of these laws, even Muslims; however a disproportionate number of victims targeted by these laws have come from two minority groups, the Ahmadis and Christians. Dr Qaiser Julius focuses on how these two groups have been affected by Pakistan's blasphemy laws, their different reactions to these laws, and more specifically, why they are responding differently despite living under the same circumstances. In this well-structured and understandable study, Julius provides a valuable tool for Christians to understand what it means to be a minority in a hostile culture. This thorough analysis presents a way forward for the Christian church in Pakistan, providing hope amidst the discrimination and persecution.

Blasphemy, Islam and the State-Stewart Fenwick 2016-10-04 This book draws on the work of Rawls to explore the interaction between faith, law and the right to religious freedom in post-Soeharto Indonesia, the world's largest democracy after India and the United States. It argues that enforcement of Islamic principles by the state is inconsistent with religious diversity and the country's liberal constitution. The book thus contributes to understanding the role of religion in the development of democracy in the world's largest Muslim nation. A key objective is to test the argument that Rawls' thinking about public reason cannot apply to the case of Indonesia, and Muslim states more broadly. The book therefore contributes to emerging scholarship that considers Rawls in a Muslim context. In addition to examining public reason in detail and considering critiques of the concept, the work highlights the fact that the theory was created to deal with value pluralism and is therefore relevant in any religious setting, including an Islamic one. In doing so, it emphasises that Islam is multifaceted and demonstrates the difficulties, and negative consequences, of integrating faith and law in a liberal state.

The Social Cancer: A Complete English Version of Noli Me Tangere-Jose Rizal 101-01-01 "On the last of October Don Santiago de los Santos, popularly known as Capitan Tiago, gave a dinner. In spite of the fact that, contrary to his usual custom, he had made the announcement only that afternoon, it was already the sole topic of conversation in Binondo and adjacent districts, and even in the Walled City, for at that time Capitan Tiago was considered one of the most hospitable of men, and it was well known that his house, like his country, shut its doors against nothing except commerce and all new or bold ideas. Like an electric shock the announcement ran through the world of parasites, bores, and hangers-on, whom God in His infinite bounty creates and so kindly multiplies in Manila. Some looked at once for shoe-polish, others for buttons and cravats, but all were especially concerned about how to greet the master of the house in the most familiar tone, in order to create an atmosphere of ancient friendship or, if occasion should arise, to excuse a late arrival." -an excerpt
