**Permission Granted**-Melissa Camara Wilkins 2019-11-05 From award-winning blogger Melissa Camara Wilkins, come and find a stunningly simple path to confidence and clarity. All you have to do is give yourself permission to show up as your gloriously imperfect self. Trying to fix yourself is exhausting. But being yourself - that is both possible and life-giving. The key is a simple heart-shift from chasing after perfection to learning to tell a truer story about ourselves, the world, and our place in it. Melissa Camara Wilkins invites you into her journey of discovering the profound simplicity of dropping the pretenses and allowing ourselves to be fully human - flaws and all. This is a story about making life simpler by letting go of who you think you're supposed to be and becoming who you really are. With wit and compassion, Melissa explores how to be present, show up as your real self, and get comfortable in your own skin by aligning the truth inside you with the life you live on the outside. Gain confidence with the freeing practices of dropping the mask, abandoning the experts, and understanding your real assignment. With refreshing honesty and insight, Melissa invites you to move from the either/or dichotomy into a spacious freedom of embracing the both/and - brave and scared, messy and real, gloriously imperfect and absolutely enough. This is your permission slip to be your whole, human self. For everyone who feels the pressure to fit in, measure up, and get it together, Permission Granted is a life-giving invitation to soul-level simplicity.

**Borderlands and Crossroads: Writing the Motherland**-Jane Satterfield 2016-09-01 Motherhood does not just originate in the body, but in the world—a place, a region, a country or nation, a landscape, a language, a culture. Mothers are, as novelist Rachel Cusk once observed, “the countries we come from.” This unique literary anthology features thirty-five poems and twenty-three works of prose (creative non-fiction and short fiction). Here, forty-three award-winning and accomplished writers reflect on their complex twenty-first century familial identities and relationships, exploring maternal landscapes of all kinds, including those of heritage, matrilineage, genealogy, geography, emigration, war, exile, alienation, and affiliation. Spanning the globe—from the U.K, the USA and Canada, Egypt, the former Yugoslavia, France, Africa, Korea and South America—these intimate and honest narratives of the heart cross borders and define crossroads that are personal and political, old and new. Recovering the maternal landscape through poetry and prose, these writers both memorialize and celebrate the power of family to define, limit, and challenge us.

**Fixing the Fates**-Diane Dewey 2019-06-04 The secrets, lies, and layers of deception about Diane Dewey's origins were meant for her protection—but eventually, they imploded. Living with her family in suburban Philadelphia, Diane had grown up knowing she was born in Stuttgart and adopted at age one from an orphanage. She'd been told her biological parents were dead. Then, in 2002, when she was forty-seven years old, Diane got a letter from Switzerland: her biological father, Otto, wanted to bring her into his life. With that, her world shifted on its axis. In the months that ensued, everybody had a different story to tell about Diane's origins, including Otto when they met in New York City. She struggled to understand what was at stake with the lies. Like a private eye, she sifted through competing versions of the truth only to find that, having traveled throughout Europe and back, identity is a state of mind. As more information surfaced, the myths gave way to a certain elusive peace; Diane discovered a tribe in her mother's family, found a Swiss husband, gained a voice, and, for the first time, began to trust in the intuition that had nudged her all along. One-part forensic investigation, one-part self-discovery, Fixing the Fates is a story about seeing behind artifice and living one's truth.

**Return to the Sea**-Anne M. Johnson 2005-02-17 In 1955, Anne Morrow Lindbergh published her timeless book of reflections, Gift from the Sea. This perennial favorite used the metaphor of seashells to explore the inner spiritual path, gently guiding readers to practice simplifying, quieting, shedding, and centering in a too-frantic world. Two generations later, in a far more fast-paced world, Anne M. Johnson asks women to discover the beauty and meaning of Lindbergh's timeless "shells" all over again. In Return to the Sea, she uses experiences from her own spiritual journey -- as a busy mother, career woman, and therapist -- to offer a renewed vision of ways to create intentional space in our lives for personal and spiritual growth. Shell illustrations, along with centering exercises, meditations, and journal-writing exercises, enhance each chapter's reflections on Lindbergh's original "shell" passages. Readers who loved Gift from the Sea the first time -- and women who have yet to be introduced -- welcome these reflections in a beautiful new gift edition.
