**The Blink of an Eye**-Rikke Schmidt Kjærgaard 2019-05-14 “A highly personal, deeply affecting account of what it is to be yanked from a happy, well-ordered life and thrust into a sudden, unimaginable, terrifying darkness. Rikke Schmidt Kjærgaard has done the impossible of putting into words an experience that would seem to be beyond expressing.”—from the foreword by Bill Bryson It was New Year’s Day. Rikke Schmidt Kjærgaard, a young mother and scientist, was celebrating with family and friends when she was struck down with a sudden fever. Within hours, she’d suffered multiple organ failure and was clinically dead. Then, brought back to the edge of life—trapped in a near-death coma—she was given a 5 percent chance of survival. She awoke to find herself completely paralyzed, with blinking as her sole means of communicating with the outside world. The Blink of an Eye is Rikke’s gripping account of being locked inside her own body, and what it took to painstakingly relearn every basic life skill—from breathing and swallowing, speaking and walking, to truly living again. Much more than an account of recovery against all odds—this is, at its heart, a celebration of love, family, and every little thing that matters when life hangs in the balance.

**Now Open Your Eyes**-Oliver Masters 2020-02-07 MIA.It was so close, I'd tasted it-the freedom. But the only thing I could taste now was the end. Over the last two years, I'd let all outside forces dictate my life, my feelings, my head. I'd allowed everyone to control what my punishment should be for all my wrong-doings. I'd been tested and learned my lesson.I'd paid my dues and suffered long enough. Because in the end, even the once-upon-a-damned deserved to be happy too.OLLIE.How far are you willing to go? I'd asked myself this very question countless times. But never in my wildest dreams thought I'd go back in time,chasing ghosts from my past for a chance to save our future.So, there was no limit. No boundaries. I'd cross time, the world, my morals. Yes, I'd even double-cross myself.So, how far would I go? The answer had always been simple.I'd go an eternity plus a day past crestfallen.

**Open Your Eyes**-H-Dirksen L. Bauman 2013-11-30 This groundbreaking volume introduces readers to the key concepts and debates in deaf studies, offering perspectives on the relevance and richness of deaf ways of being in the world. In Open Your Eyes, leading and emerging scholars, the majority of whom are deaf, consider physical and cultural boundaries of deaf places and probe the complex intersections of deaf identities with gender, sexuality, disability, family, and race. Together, they explore the role of sensory perception in constructing community, redefine literacy in light of signed languages, and delve into the profound medical, social, and political dimensions of the disability label often assigned to deafness. Moving beyond proving the existence of deaf culture, Open Your Eyes shows how the culture contributes vital insights on issues of identity, language, and power, and, ultimately, challenges our culture’s obsession with normalcy. **In the Blink of an Eye**-Michael Waltrip 2011-02-01 There was one lap to go in the 2001 Daytona 500, NASCAR's most celebrated event. Michael Waltrip and Dale Earnhardt Jr. were running one-two. Junior's legendary dad, the driver race fans called "The Intimidator," was close behind in third, blocking anyone who might try to pass. Waltrip couldn't stop thinking about all the times he'd struggled to stay ahead--and the 462 NASCAR Cup races he'd lost without a single win. He'd been a race-car driver all his adult life, following in the footsteps of his brother Darrell, a three-time NASCAR champion. And his losing streak was getting more painful every race. But this day, he knew, could be different. He was driving for Dale Earnhardt now, racing as a team with his close friend and mentor. Yet as his car roared toward the finish line, ending that losing streak once and for all, Waltrip had no clue that the greatest triumph of his life could get mired in terrible tragedy. This is the story of that fateful afternoon in Daytona, a day whose echoes are still heard today. But the story begins years earlier in a small town in Kentucky, with a boy who dreamed of racing cars, a boy who was determined to go from go-karts to the highest levels of NASCAR. For the first time ever, Michael Waltrip tells the full, revealing story of how he got to Daytona, what happened there, and the huge impact it had on so many in the racing world. He reveals for the first time how his own life changed as he dealt with guilt, faced his grief, and searched for the fortitude to climb into a race car again. It's an inspiring and powerful story, told with Michael's trademark humor, honesty, and irreverence. It's a story of family, fulfillment, and redemption--and well-earned victory in the end.

**The Angels' Book of Promises**-Billy Roberts 2012-08-02 The Angels Book of Promises is an easy to follow handbook for all those aspiring to establish a relationship with angels. It contains chapters on Angel Meditations, Scrying techniques, Rituals and Hand movements, and approaches the subject in a completely different way. Working on the premise that one good turn deserves another, the Angels Book of Promises is an extremely effective bargaining tool. On one page, the aspirant writes exactly what he or she wants from their guiding angels, and on the opposite page what they are willing to do in return. Once the book has been ritualistically programmed, it should then be wrapped in black silk or velvet and not seen or touched by anyone else but the user. The instructions are clear and easy to follow. The book also contains anecdotal accounts of angels by other people and includes detailed information of how angels infiltrate our lives without us even knowing. It also looks at the Angel of the Thames, witnessed by thousands of people since the seventeenth century and continues to appear to tourists today.

**I Miss You When I Blink**-Mary Laura Philpott 2020-04-07 NATIONAL BESTSELLER A charmingly relatable and wise memoir-in-essays by acclaimed writer and bookseller Mary Laura Philpott, “the modern day reincarnation of...Nora Ephron, Erma Bombeck, Jean Kerr, and Laurie Colwin—all rolled into one” (The Washington Post), about what happened after she checked off all the boxes on a successful life’s to-do list and realized she might need to reinvent the list—and herself. Mary Laura Philpott thought she’d cracked the code: Always be right, and you’ll always be happy. But once she’d completed her life’s to-do list (job, spouse, house, babies—check!), she found that instead of feeling content and successful, she felt anxious. Lost. Stuck in a daily grind of overflowing calendars, grueling small talk, and sprawling traffic. She’d done everything “right” but still felt all wrong. What’s the worse failure, she wondered: smiling and staying the course, or blowing it all up and running away? And are those the only options? Taking on the conflicting pressures of modern adulthood, Philpott provides a “frank and funny look at what happens when, in the midst of a tidy life, there occur impossible-to-ignore tugs toward creativity, meaning, and the possibility of something more” (Southern Living). She offers up her own stories to show that identity crises don’t happen just once or only at midlife and reassures us that small, recurring personal re-inventions are both normal and necessary. Most of all, in this “warm embrace of a life lived imperfectly” (Esquire), Philpott shows that when you stop feeling satisfied with your life, you don’t have to burn it all down. You can call upon your many selves to figure out who you are, who you’re not, and where you belong. Who among us isn’t trying to do that? “Be forewarned that you’ll laugh out loud and cry, probably in the same essay. Philpott has a wonderful way of finding humor, even in darker moments. This is a book you’ll want to buy for yourself and every other woman you know” (Real Simple).

**The Bluest Eye**-Toni Morrison 2007-07-24 Nobel Prize winner Toni Morrison powerfully examines our obsession with beauty and conformity—and asks questions about race, class, and gender with her characteristic subtly and grace. In Morrison’s bestselling first novel, Pecola Breedlove—an 11-year-old Black girl in an America whose love for its blond, blue-eyed children can devastate all others—prays for her eyes to turn blue: so that she will be beautiful, so that people will look at her, so that her world will be different. This is the story of the nightmare at the heart of her yearning, and the tragedy of its fulfillment. Here, Morrison’s writing is “so precise, so faithful to speech and so charged with pain and wonder that the novel becomes poetry” (The New York Times).
