**Stumbling Blocks Before the Blind**-Edward Wheatley 2014-06-06 "Bold, deeply learned, and important, offering a provocative thesis that is worked out through legal and archival materials and in subtle and original readings of literary texts. Absolutely new in content and significantly innovative in methodology and argument, *Stumbling Blocks Before the Blind* offers a cultural geography of medieval blindness that invites us to be more discriminating about how we think of geographies of disability today." ---Christopher Baswell, *Columbia University* "A challenging, interesting, and timely book that is also very well written . . . Wheatley has researched and brought together a leitmotiv that I never would have guessed was so pervasive, so intriguing, so worthy of a book." ---Jody Enders, *University of California, Santa Barbara* *Stumbling Blocks Before the Blind* presents the first comprehensive exploration of a disability in the Middle Ages, drawing on the literature, history, art history, and religious discourse of England and France. It relates current theories of disability to the cultural and institutional constructions of blindness in the eleventh through fifteenth centuries, examining the surprising differences in the treatment of blind people and the responses to blindness in these two countries. The book shows that pernicious attitudes about blindness were partially offset by innovations and ameliorations---social; literary; and, to an extent, medical---that began to foster a fuller understanding and acceptance of blindness. A number of practices and institutions in France, both positive and negative---blinding as punishment, the foundation of hospices for the blind, and some medical treatment---resulted in not only attitudes that commodified human sight but also inhumane satire against the blind in French literature, both secular and religious. Anglo-Saxon and later medieval England differed markedly in all three of these areas, and the less prominent position of blind people in society resulted in noticeably fewer cruel representations in literature. This book will interest students of literature, history, art history, and religion because it will provide clear contexts for considering any medieval artifact relating to blindness---a literary text, a historical document, a theological treatise, or a work of art. For some readers, the book will serve as an introduction to the field of disability studies, an area of increasing interest both within and outside of the academy. Edward Wheatley is Surtz Professor of Medieval Literature at Loyola University, Chicago.

**The Interlinear NASB-NIV Parallel New Testament in Greek and English**- 1993 The Interlinear NASB - NIV Parallel New Testament does three things for you. It sets the New American Standard Bible with its 'literal correspondence' approach side by side with the New International Version and its 'dynamic equivalency' approach, allowing you to easily compare the two translations. It directly relates Greek words in the Nestle's Greek text to their corresponding translations in the NASB and NIV texts. And it allows easier reading of the Greek New Testament. These advantages offer you a better understanding of the Bible. This proven study tool uses Alfred Marshall's interlinear English text -- the standard, widely used literal translation of the Nestle's Greek text, 21st edition. A generation of students, pastors, and scholars has relied on Marshall's renowned contribution to biblical study. The Interlinear NASB - NIV Parallel New Testament brings it to you in a parallel format that will bring new depth, perspective, and insight to your Bible studies.

**The Blind Man's Garden**-Nadeem Aslam 2013-02-08 'Love is not consolation, it is light' From the author of *Maps for Lost Lovers* and *The Wasted Vigil* comes a novel set in the months after 9/11, when Western armies invaded Afghanistan—a story of love, hope and grief, of uncorrupted faith and of what it means to be alive. Jeo and his foster-brother Mikal leave their home in Pakistan to help care for wounded Afghans. Within hours of entering the wide-horizoned Afghan landscape, Mikal and Jeo are separated and, emerging from the carnage, Mikal begins his search for Jeo. But his deepest wish is to return home—to the young woman he loves and who loves him, Jeo's wife. *The Blind Man's Garden* maps a place both phantasmally beautiful and chilling. Taking us on a journey from Al Qaeda's hideouts in Waziristan and American-built military prisons to a family left behind—Mikal's and Jeo's blind, regretful father, Jeo's resolute wife and her superstitious mother—it unflinchingly examines war and brotherhood, devastation, separation and remorse, while celebrating the redemptive power of nature, art and literature.

**Blindness**-José Saramago 2013-08-23 A stunningly powerful novel of humanity's will to survive against all odds during an epidemic by a winner of the Nobel Prize for Literature. An International Bestseller • "This is a shattering work by a literary master."—Boston Globe A city is hit by an epidemic of "white blindness" which spares no one. Authorities confine the blind to an empty mental hospital, but there the criminal element holds everyone captive, stealing food rations and raping women. There is one eyewitness to this nightmare who guides seven strangers—among them a boy with no mother, a girl with dark glasses, a dog of tears—through the barren streets, and the procession becomes as uncanny as the surroundings are harrowing. A magnificent parable of loss and disorientation, *Blindness* has swept the reading public with its powerful portrayal of our worst appetites and weaknesses—and humanity's ultimately exhilarating spirit. "This is an important book, one that is unafraid to face all of the horror of the century."—Washington Post A New York Times Notable Book of the Year A Los Angeles Times Best Book of the Year

**The Blind Assassin**-Margaret Atwood 2010-12-10 "Ten days after the war ended, my sister Laura drove a car off a bridge." These words are spoken by Iris Chase Griffen, married at eighteen to a wealthy industrialist but now poor and eighty-two. Iris recalls her far from exemplary life, and the events leading up to her sister's death, gradually revealing the carefully guarded Chase family secrets. Among these is "The Blind Assassin," a novel that earned the dead Laura Chase not only notoriety but also a devoted cult following. Sexually explicit for its time, it was a pulp fantasy improvised by two unnamed lovers who meet secretly in rented rooms and seedy cafés. As this novel-within-a-novel twists and turns through love and jealousy, self-sacrifice and betrayal, so does the real narrative, as both move closer to war and catastrophe. Margaret Atwood's Booker Prize-winning sensation combines elements of gothic drama, romantic suspense, and science fiction fantasy in a spellbinding tale.

**Russian-English Dictionary of Proverbs and Sayings**-Alexander Margulis 2015-08-13 This dictionary contains 2,375 Russian sayings and proverbs and their English counterparts. Variants of each saying are included, and careful attention is given to the differences in British and American versions. For example, the Russian saying that is interpreted as "Children behave in a childish way, and they cannot be expected to act like grown-up people," is first given in Russian (in the Cyrillic alphabet) and then in English, and is then followed by the nearest English-language equivalent sayings in Britain and the United States: "Young colts will canter" (British) and "Boys will be boys" (American). The proverbs and sayings are arranged alphabetically by the first Russian word (in the Cyrillic alphabet) and are cross-referenced so the reader can find analogous Russian versions of English sayings. There is a keyword index for each language (one in English, one in Russian in the Cyrillic alphabet), which allows the reader to find a proverb or a saying without knowing the first word. Proverbs and sayings are current and include those popular in both spoken Russian and literature. The prefatory matter is in both English and Russian, for readers who have a command of either language.

**The Day of the Triffids**-John Wyndham 2010-07-01 The classic postapocalyptic thriller with "all the reality of a vividly realized nightmare" (The Times, London). Triffids are odd, interesting little plants that grow in everyone's garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and "an outstanding and entertaining novel" (Library Journal). "A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much." —Ramsey Campbell "One of my all-time favorite novels. It's absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery." —Joe R. Lansdale

**No Barriers**-Erik Weißenmayer 2017-02-07 *No Barriers* is about my journey since coming down from Mt. Everest in 2001, and the path to where I am today. It is the story of my own life, the personal and professional struggles in the pursuit of growth, learning, and family, as well as a dream to kayak one of the world's great rivers as a blind athlete. It is also about the many people I've encountered along the way who possess what I call a "No Barriers" mindset, who live a *No Barriers* life. It highlights these pioneers who give those around them the courage to do great things. People who have risked failure, transcended their personal barriers, and shown others a way forward: scientists and innovators, artists and musicians, climbers and adventurers, activists and soldiers. *No Barriers* is a way of living, and it exists in all of us, like a deep internal light. But sometimes through trauma, loss, isolation, and disillusionment, people get shoved into a dark place, and that light is almost extinguished. Making hard choices is what feeds that light, and becomes the energy we need to propel us forward. This book is about making the hard choices to fuel that flickering light, so that we can ignite with purpose and become our very best selves.

**A Dictionary of English and Romanian Equivalent Proverbs**-Teodor Flonta 2011-10-28 This dictionary assembles more than 1450 English proverbs and their Romanian equivalents. Equivalent proverbs are those which express the same concept, be it literally, such as "All that glitters is not gold" = "Nu tot ce sclipeşte e aur", or with completely different words, such as "Every cloud has a silver lining" = "Nici un rău fără bine." The Dictionary is a very useful reference tool for scholars of the two languages, for researchers working in various associated fields such as linguistics, literature, folklore, anthropology, psychology, sociology, history, and for workers in newer areas such as advertising and contemporary media. The Dictionary is also of interest to diplomats and politicians who try to improve their communication by sharing ideas formulated in some common meaningful expressions; it will assist interpreters and translators, and teachers and students for whom it is important to understand not only what the target culture expresses in the same way as their own, but also what is formulated in a different way. The Dictionary is also of benefit to non-professionals who, for the sheer enjoyment of it, wish to savour the wisdom, wit, poetry and the colourful language of proverbs.

**Blind Men and Elephants**-Arthur Asa Berger 2011-12-31 In *Blind Men and Elephants*, Arthur Asa Berger uses case histories to show how scholars from different disciplines and scholarly domains have tried to describe and understand humor. He reveals not only the many approaches that are available to study humor, but also the many perspectives toward humor that characterize each

discipline. Each case history sheds light on a particular aspect of humor, making the combination of approaches of considerable value in the study of social research. Among the various disciplines that Berger discusses in relation to humor are: communication theory, philosophy, semiotics, literary analysis, sociology, political science, and psychology. Berger deals with these particular disciplines and perspectives because they tend to be most commonly found in the scholarly literature about humor as well as being those that have the most to offer. *Blind Men and Elephants* covers a wide range of humor, from simple jokes to the uses of literary devices in films. Berger observes how humor often employs considerable ridicule directed at diverse groups of people: women, men, animals, politicians, African Americans, Jews, Catholics, Protestants, gay people, straight people, and so forth. The book also explains the risk factor in ridicule as a humorous device. *Blind Men and Elephants* depicts how one entity or one situation can be viewed in as many different ways as the number of people studying it. Berger also shows how those multiple perspectives, the Rashomon Effect, can be used together to create a clearer understanding of humor. *Blind Men and Elephants* is a valuable companion to Berger's recent effort about humor, *An Anatomy of Humor*, and will be enjoyed by communication and information studies scholars, sociologists, literary studies specialists, philosophers, and psychologists.
