

Bleeding Kansas Document Based Question

Bleeding Kansas: A Failure of Compromise-

Bleeding Kansas- 2005 Includes two pairs of contrasting primary source documents, worksheets, overhead transparencies for each document pair and a final document-based question.

The Crime Against Kansas-Charles Sumner 1856

The Fiery Trial: Abraham Lincoln and American Slavery-Eric Foner 2011-09-26 "A masterwork [by] the preeminent historian of the Civil War era."—Boston Globe Selected as a Notable Book of the Year by the New York Times Book Review, this landmark work gives us a definitive account of Lincoln's lifelong engagement with the nation's critical issue: American slavery. A master historian, Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln, a pragmatic politician grounded in principle, deftly navigating the dynamic politics of antislavery, secession, and civil war. Lincoln's greatness emerges from his capacity for moral and political growth.

Bleeding Kansas: A Small Civil War-U.S-Bedford/St. Martin's 2018-02-07 This document collection examines why violence occurred during the early settlement of Kansas Territory. It explains how slavery intersected with western expansion to create national conflict and examines the class between democracy and morality. Students are guided through their analysis of the primary sources with an author-provided learning objective, central question, and historical context.

Sectionalism DBA-Social Studies School Service 2004-01-01

Peacekeeping on the Plains-Tony R. Mullis 2004 Operations in the 1850s and assist military historians in their understanding of these activities as they relate to the twenty-first century."--Jacket.

Bleeding Kansas, Bleeding Missouri-Jonathan Halperin Earle 2013 "This multi-faceted study gives readers a more nuanced and comprehensive understanding of the violence that erupted--long before the first shot was fired at Fort Sumter--along the Missouri-Kansas border by blending the political and military with the social and intellectual history of the populace. The fifteen essays together explain why the divisiveness was so bitter and persisted so long, still influencing attitudes 150 years later"--

Surviving Genocide-Jeffrey Ostler 2019-06-11 "Intense and well-researched, . . . ambitious, . . . magisterial. . . Surviving Genocide sets a bar from which subsequent scholarship and teaching cannot retreat."--Peter Nabokov, New York Review of Books In this book, the first part of a sweeping two-volume history, Jeffrey Ostler investigates how American democracy relied on Indian dispossession and the federally sanctioned use of force to remove or slaughter Indians in the way of U.S. expansion. He charts the losses that Indians suffered from relentless violence and upheaval and the attendant effects of disease, deprivation, and exposure. This volume centers on the eastern United States from the 1750s to the start of the Civil War. An authoritative contribution to the history of the United States' violent path toward building a continental empire, this ambitious and well-researched book deepens our understanding of the seizure of Indigenous lands, including the use of treaties to create the appearance of Native consent to dispossession. Ostler also documents the resilience of Native people, showing how they survived genocide by creating alliances, defending their towns, and rebuilding their communities.

The Emancipation Proclamation-Michael Vorenberg 2018-11-27 Within months of Lincoln's 1860 election, the Confederate states seceded and the Civil War began. In his inaugural address Lincoln vowed not to interfere with slavery and even endorsed a constitutional amendment to protect it. Yet two years later Lincoln signed the Emancipation Proclamation, freeing slaves in the rebellious states, transforming the goals of the war, and setting the stage for national emancipation. In this volume Michael Vorenberg reveals the complexity of the process by which African-Americans gained freedom and explores the struggle over its meaning. The introduction summarizes the history and national debate over slavery from the country's founding through the Civil War and beyond, and more than 40 documents and images give voice to the range of actors who participated in this vital drama — Lincoln and Douglass, slaves and slaveholders, black and white men and women working for abolition, and northern and southern editorialists. In addition, essays by contemporary historians Ira Berlin and James McPherson argue the question of who freed the slaves. Document headnotes, a chronology, questions for consideration, and a selected bibliography encourage student learning.

War to the Knife-Thomas Goodrich 2018-03-28 Marching armies, cavalry raids, guerilla warfare, massacres, towns and farms in flames—the American Civil War, 1861-1865? No—Kansas, 1854-1861. Before there was Bull Run or Gettysburg, there was Black Jack and Osawatimie. Long before events at Fort Sumter ignited the War Between the States, men fought and died on the Prairies of Kansas over the incendiary issue of slavery. "War to the knife and knife to the hilt," cried the Atchison Squatter Sovereign. "Let the watchword be 'Extermination, total and complete.'" In 1854 a shooting war developed between proslavery men in Missouri and free-staters in Kansas over control of the territory. The prize was whether it would be a slave or free state when admitted to the Union, a question that could decide the balance of power in Washington. Told in the unforgettable words of the men and women involved, War to the Knife is an absorbing account of a bloody episode soon spread east, events in "Bleeding Kansas" have largely been forgotten. But as historian Thomas Goodrich reveals in this compelling saga, what America's "first civil war" lacked in numbers it more than made up for in ferocity. War to the Knife is a riveting story of blood, fire, and death. It is also a story with an impressive cast of characters: Robert E Lee, William Tecumseh Sherman, Sara Robinson, Jeb Stuart, Abraham Lincoln, Horace Greeley, Julia Lovejoy, William F. Cody. These and more step forward to tell their tale. And casting his long, dark shadow over all is the strange, haunting figure of John Brown—hailed as a prophet by some, denounced as a madman by others.

Dred-Harriet Beecher Stowe 1856

Civil War on the Missouri-Kansas Border-Donald Gilmore 2005-11-30 During the Civil War, the western front was the scene of some of that conflict's bloodiest and most barbaric encounters as Union raiders and Confederate guerrillas pursued each other from farm to farm with equal disregard for civilian casualties. Historical accounts of these events overwhelmingly favor the victorious Union standpoint, characterizing the Southern fighters as wanton, unprincipled savages. But in fact, as the author, himself a descendant of Union soldiers, discovered, the bushwhackers' violent reactions were understandable, given the reign of terror they endured as a result of Lincoln's total war in the West. In reexamining many of the long-held historical assumptions about this period, Gilmore discusses President Lincoln's utmost desire to keep Missouri in the Union by any and all means. As early as 1858, Kansas and Union troops carried out unbridled confiscation or destruction of Missouri private property, until the state became known as "the burnt region." These outrages escalated to include martial law throughout Missouri and finally the infamous General Orders Number 11 of September 1863 in which Union general Thomas Ewing, federal commander of the region, ordered the deportation of the entire population of the border counties. It is no wonder that, faced with the loss of their farms and their livelihoods, Missourians struck back with equal force.

James Buchanan and the Coming of the Civil War-John Quist 2014-09-16 "Provides scholars with a fresh and thoughtful examination of the first administration that had to deal with Southern secession."--Jonathan M. Atkins, author of "Politics, Parties, and the Sectional Conflict in Tennessee, 1832-1861" As James Buchanan took office in 1857, the United States found itself at a crossroads. Dissolution of the Union had been averted and the Democratic Party maintained control of the federal government, but the nation watched to see if Pennsylvania's first president could make good on his promise to calm sectional tensions. Despite Buchanan's central role in a crucial hour in U.S. history, few presidents have been more ignored by historians. In assembling the essays for this volume, Michael Birkner and John Quist have asked leading scholars to reconsider whether Buchanan's failures stemmed from his own mistakes or from circumstances that no president could have overcome. Buchanan's dealings with Utah shed light on his handling of the secession crisis. His approach to Dred Scott reinforces the image of a president whose doughface views were less a matter of hypocrisy than a thorough identification with southern interests. Essays on the secession crisis provide fodder for debate about the strengths and limitations of presidential authority in an existential moment for the young nation. Although the essays in this collection offer widely differing interpretations of Buchanan's presidency, they all grapple honestly with the complexities of the issues faced by the man who sat in the White House prior to the towering figure of Lincoln, and contribute to a deeper understanding of a turbulent and formative era. John W. Quist is professor of history at Shippensburg University and author of "Restless Visionaries." Michael J. Birkner is Franklin Professor of Liberal Arts, professor of history at Gettysburg College, and editor of "James Buchanan and the Political Crisis of the 1850s."

To Govern the Devil in Hell-Pearl Ponce 2014-06-30

Causes of the Civil War: A House Divided-Heather Schwartz 2017-01-30 The Causes of the Civil War: A House Divided primary source reader builds literacy skills while offering engaging content across social studies subject areas. Primary source documents provide an intimate glimpse into what life was like during the 1800s. This nonfiction reader can be purposefully differentiated for various reading levels and learning styles. It contains text features to increase academic vocabulary and comprehension, from captions and bold print to index and glossary. The "Your Turn!" activity will continue to challenge students as they extend their learning. This text aligns to state standards as well as McREL, WIDA/TESOL, and the NCSS/C3 Framework.

Bleeding Kansas-Nicole Etcheson 2004 Examines the social milieu of the settlers and traces the complex interactions among groups inside and outside the territory, creating a comprehensive political, social, and intellectual history of this period in the state's history.

The Geography and Map Division-Library of Congress. Geography and Map Division 1975

Unpopular Sovereignty-Brent M. Rogers 2017-02-01 Newly created territories in antebellum America were designed to be extensions of national sovereignty and jurisdiction. Utah Territory, however, was a deeply contested space in which a cohesive settler group—the Mormons—sought to establish their own “popular sovereignty,” raising the question of who possessed and could exercise governing, legal, social, and even cultural power in a newly acquired territory. In Unpopular Sovereignty, Brent M. Rogers invokes the case of popular sovereignty in Utah as an important contrast to the better-known slavery question in Kansas. Rogers examines the complex relationship between sovereignty and territory along three main lines of inquiry: the implementation of a republican form of government, the administration of Indian policy and Native American affairs, and gender and familial relations—all of which played an important role in the national perception of the Mormons’ ability to self-govern. Utah’s status as a federal territory drew it into larger conversations about popular sovereignty and the expansion of federal power in the West. Ultimately, Rogers argues, managing sovereignty in Utah proved to have explosive and far-reaching consequences for the nation as a whole as it teetered on the brink of disunion and civil war.

U.S. History-P. Scott Corbett 2017-12-19 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Uncle Tom's Cabin-Harriet Beecher Stowe 2009-01-01 It is the best known book about American slavery, and was so incendiary upon its first publication in 1852 that it actually ignited the social flames that led to Civil War less than a decade later. What began as a series of sketches for the Cincinnati abolitionist newspaper The National Era scandalized the North, was banned in the South, and ultimately became the bestselling novel of the 19th century. Today, controversy over this melodramatic tale of the dignified slave Tom, the brutal plantation owner Simon Legree, and Stowe's other vividly drawn characters continues, as modern scholars debate the work's newly appreciated feminist undertones and others decry it as the source of enduring stereotypes about African Americans. As one of the most influential books in U.S. history, it deserves to be read by all students of literature and of the American story. American abolitionist and author HARRIET BEECHER STOWE (1811-1896) was born in Connecticut, daughter of a Congregationalist minister and sister to abolitionist theologian Henry Ward Beecher. She wrote more than two dozen books, both fiction and nonfiction.

Political Debates Between Abraham Lincoln and Stephen A. Douglas in the Celebrated Campaign of 1858 in Illinois-Abraham Lincoln 1894

Kansas, Its Interior and Exterior Life-Sara Tappan Lawrence Robinson 1856

Document-Based Assessment Activities-Cynthia Boyle 2009-07-15 Take students beyond textbook history to explore various people and events from ancient Egypt through the 20th Century using primary sources. Students will develop critical-thinking and essay writing skills as they analyze the various documents including photographs, posters, letters, maps, and more. Multiple social studies topics are included for grades K-3, 4-8, and 9-12. This resource includes engaging digital resources and is aligned to College and Career Readiness and other state standards.

Compendium of the Impending Crisis of the South-Hinton Rowan Helper 1860 This book condemns slavery, by appealed to whites' rational self-interest, rather than any altruism towards blacks. Helper claimed that slavery hurt the Southern economy by preventing economic development and industrialization, and that it was the main reason why the South had progressed so much less than the North since the late 18th century.

The Threat of Pandemic Influenza-Institute of Medicine 2005-04-09 Public health officials and organizations around the world remain on high alert because of increasing concerns about the prospect of an influenza pandemic, which many experts believe to be inevitable. Moreover, recent problems with the availability and strain-specificity of vaccine for annual flu epidemics in some countries and the rise of pandemic strains of avian flu in disparate geographic regions have alarmed experts about the world's ability to prevent or contain a human pandemic. The workshop summary, *The Threat of Pandemic Influenza: Are We Ready?* addresses these urgent concerns. The report describes what steps the United States and other countries have taken thus far to prepare for the next outbreak of "killer flu." It also looks at gaps in readiness, including hospitals' inability to absorb a surge of patients and many nations' incapacity to monitor and detect flu outbreaks. The report points to the need for international agreements to share flu vaccine and antiviral stockpiles to ensure that the 88 percent of nations that cannot manufacture or stockpile these products have access to them. It chronicles the toll of the H5N1 strain of avian flu currently circulating among poultry in many parts of Asia, which now accounts for the culling of millions of birds and the death of at least 50 persons. And it compares the costs of preparations with the costs of illness and death that could arise during an outbreak.

Horace Greeley-James M. Lundberg 2019-11-19 Tracing Greeley's twists and turns, this book tells a larger story about print, politics, and the failures of American nationalism in the nineteenth century.

Bleeding Kansas-Sara Paretsky 2008 The pious late-twentieth-century descendants of anti-slavery emigrants worry about maintaining religious superiority over a rival family while launching an active harassment campaign against a Wiccan newcomer, an effort that is challenged by a young man's military service and the birth of a promising cow. 150,000 first printing.

The Holly-Julian Rubinstein 2021-05-11 An award-winning journalist's dramatic account of a shooting that shook a community to its core, with important implications for the future On the last evening of summer in 2013, five shots rang out in a part of northeast Denver known as the Holly. Long a destination for African American families fleeing the Jim Crow South, the area had become an "invisible city" within a historically white metropolis. While shootings there weren't uncommon, the identity of the shooter that night came as a shock. Terrance Roberts was a revered anti-gang activist. His attempts to bring peace to his community had won the accolades of both his neighbors and the state's most important power brokers. Why had he just fired a gun? In *The Holly*, the award-winning Denver-based journalist Julian Rubinstein reconstructs the events that left a local gang member paralyzed and Roberts facing the possibility of life in prison. Much more than a crime story, *The Holly* is a multigenerational saga of race and politics that runs from the civil rights movement to Black Lives Matter. With a cast that includes billionaires, elected officials, cops, developers, and street kids, the book explores the porous boundaries between a city's elites and its most disadvantaged citizens. It also probes the fraught relationships between police, confidential informants, activists, gang members, and ex-gang members as they struggle to put their pasts behind them. In *The Holly*, we see how well-intentioned efforts to curb violence and improve neighborhoods can go badly awry, and we track the interactions of law enforcement with gang members who conceive of themselves as defenders of a neighborhood. When Roberts goes on trial, the city's fault lines are fully exposed. In a time of national reckoning over race, policing, and the uses and abuses of power, Rubinstein offers a dramatic and humane illumination of what's at stake.

The Impending Crisis of the South-Hinton Rowan Helper 1860

Cannibals All!-George Fitzhugh 1857 Southern intellectual George Fitzhugh provides a passionate defense of slavery in this nearly 400-page volume published in 1857. Further developing ideas in his previous work *Sociology for the South*, Fitzhugh not only defends slavery but attacks the entire liberal tradition. Attacking Adam Smith, John Locke, Thomas Jefferson and others, Fitzhugh argues that free markets are harmful to society by forcing the lower classes into crushing labor and poverty. The answer, Fitzhugh argues, is slavery--not only for blacks, but for whites as well. "Slavery," he writes, "is a form, and the very best form, of socialism."

Document-Based Assessment: The Civil War Is Coming-Cynthia Boyle 2014-01-01 Develop students' critical-thinking skills through analysis of issues from different perspectives. Students make comparisons, draw analogies, and apply knowledge. Document-based assessment includes background information and key questions.

The Conquest of Kansas, by Missouri and Her Allies-William Addison Phillips 1856

Fish and Fishery Products-Barry Leonard 2011-08 This guidance will assist processors of fish and fishery products in the development of their Hazard Analysis Critical Control Point (HACCP) plans. Processors of fish and fishery products will find info. that will help them identify hazards that are associated with their products, and help them formulate control strategies. It will help consumers understand commercial seafood safety in terms of hazards and their controls. It does not specifically address safe handling practices by consumers or by retail estab., although the concepts contained in this guidance are applicable to both. This guidance will serve as a tool to be used by fed. and state regulatory officials in the evaluation of HACCP plans for fish and fishery products. Illustrations. This is a print on demand report.

AP US History Premium-Eugene V. Resnick 2020-08-04 Barron's AP United States History Premium is aligned with the current exam and includes comprehensive subject review plus five realistic practice tests. This edition includes: Two full-length practice tests in the book with all questions answered and explained Three full-length online practice tests with all questions answers and explained Test-taking strategies for answering multiple choice, short answer, long essay, and document-based questions Comprehensive review of all topics on the AP U.S. History curriculum, including pre-contact American Indian societies and the evolution of Colonial society; the American Revolution; the Civil War and Reconstruction; the growth of industrial America; World War I; the Great Depression; World War II; the Cold War; America in the age of Clinton, Bush, and Obama; and much more
