Memoirs of Franz von Papen-Franz von Papen 2015-11-06 The memoirs of Franz von Papen offer a fascinating view of the German Hierarchy from the reign of the last Kaiser to the reign of terror of Adolf Hitler. Although there is an element of self-justification, Conservative von Papen lays bare the machinations of the German politicians that led to Hitler to supreme power in Germany. Born into a wealthy, but not aristocratic, family in 1879 von Papen he started his career in the Imperial German Army rising to the General Staff and a diplomatic posting in America by 1914. He was involved in some very murky dealings as an intriguer behind the scenes in America, Canada before he was sent back to Germany, setting a precedent for later backroom dealings. After the close of the First World War he entered politics, as a Conservative Monarchist member of the Centre party, in the political chaos of the period he advanced swiftly owing to shrewd interparty dealings. He was eventually appointed Chancellor in 1932 mainly due to political friendships rather than his own political acumen; beset by huge political problems he sought to appease the vocal right wing parties. Without serious support in the Reichstag, von Papen governed by decree undermining Democracy, starting a process mastered later by Hitler himself. Outmaneuvered by Hitler and the Nazis he was forced from power, and by his foolish machinations set Hitler set up as Chancellor. Cast out of power von Papen was a broken reed, but as a still high-ranking observer to the Second World his memoirs are of vital importance in understanding Hitler's war-mongering advances into Austria, Poland and France. He was captured by U.S. forces in 1945, he was put on trial for war crimes but was acquitted.

During the 6 month voyage they are kept in a cramped cell below deck where they learn certain truths about society. Foremost among these is they have been condemned due to the bias of a male dominated class system, represented in the play by the crew of the prison ship. Their consciousness raising is powerfully and sympathetically portrayed; at the end of their journey they have grown into a unified bunch of hardened fighters. "Compelling." London Financial Times. Fargo-Ethan Coen 2000 Set in the midst of the bleak midwinter snow drifts of the American Midwest, Fargo is a story of murder and mayhem. Jerry Lundegaard plots the kidnapping of his wife to rescue his precarious financial situation, but events career out of control when one of the perpetrators he has hired to do the job goes haywire. In a senseless universe, it falls to Marge Gunderson (chief of the Brainerd Police Department and the moral centre of the film) to set things to rights. Like the Coen brothers' auspicious debut feature Blood Simple, Fargo concerns itself with dirty deeds done for money, but the grimness of the tales is alleviated by the laconic humour with which the characters greet their fates. The intricacy of the plotting is executed with brilliance, yet the writing also reveals humanity at its core. Fargo was honoured with the Academy Award for Best Original Screenplay of 1996.
