**Beijos & Desejos de Natal**-Sharon Kleve 2017-05-31 "Avó, tentei o que disseste mas simplesmente não está a resultar." Olhei para as árvores cobertas de neve, enquanto Scorch, o meu Pug, bateu na minha perna com a cabeça a pedir atenção e festas. "Querida, nem deste hipótese." O tom firme e nítido dela, não deixava espaço para negociações. "Eu adoro a época natalícia. Quero passá-la contigo e não num lugar onde não conheço ninguém." A neve acumulava-se rapidamente fora do condomínio que eu havia arrendado. O boletim meteorológico previa 13 cm de neve para a manhã. Brunswick no Maine era simplesmente lindo coberto pela neve pura e branca, mas tornava difícil a circulação. "Tens mais três meses de aventura. Passa as festas num sítio onde nunca tenhas estado e senão estiveres satisfeita, volta para casa." "Está bem. Mais três meses", Resmunguei eu e o Scorch ladrou. "Dá ao Scorch um abraço meu. "A avó riu-se. "Sinto falta desse pequenote." "Será entregue. Ele também tem saudades tuas." Scorch sentou-se no meu pé e eu fiz-lhe uma festinha atrás da orelha. "Se o tempo o permitir, amanhã vô para o Aeroporto Internacional de Seattle-Tacoma e vou passar uns dias a provar os vinhos de Western Washington. Há uma pequena cidade chamada Vine Grove, que me interessa bastante. Se o vinho for tão bom como eu li que é, envio-te um par de caixas para o Natal." "Soa-me lindamente querida. Agora, por mais que te adore e sinta a tua falta, quero que encontres a felicidade, e não me parece que a vás encontrar aqui em Charleston." "Eu sei. Eu sei que tenho que encontrar o meu próprio lugar e começar de novo." "E vais encontrar. Talvez

Washington seja esse lugar." "Talvez..."

**The Battle for Wine and Love**-Alice Feiring 2009-05-05 An “entertaining and passionate” connoisseur tours the vineyards of Europe and California, arguing for an old-fashioned appreciation of authenticity (The New York Times). The drastic effects that influential wine critic Robert M. Parker Jr. has had on the winemaking industry are best described as wine Parkerization. Many vintners are leaving old techniques behind and turning to chemistry and technology in order to please Parker’s palate. This led to the disappearance of James Beard Foundation Award-winning writer Alice Feiring’s favorite wines—and she was determined to learn why. In a one-woman crusade that will have you wondering what exactly is in your glass, Feiring argues against the tyranny of homogenization, Big Wine, consultants, and, of course, Parker’s infamous one hundred-point scoring system. Traveling through the vineyards of the Loire and Champagne, to Piedmont and Spain, she searches for authentic Barolo, the last old-style Rioja, and the tastiest terroir-driven Champagnes. Feiring reveals what goes into the average bottle—the reverse osmosis, the yeasts and enzymes, the sawdust and oak chips—and why she doesn’t find much to drink in California. She introduces rebel winemakers who are embracing old-fashioned techniques and making wines with individuality and soul. And finally Feiring explains what love’s really got to do with it all, in a delightful read for anyone who truly appreciates the good things in life.

**Love by the Glass**-Dorothy J. Gaiter 2011-11-02 “I am deeply inspired by this heartwarming story of how two people found love and—even better—a way to get paid for drinking wine.” —Dave Barry Internationally renowned journalists Dorothy J. Gaiter and John Brecher

present a captivating memoir about falling in love with each other and with wine. She grew up in the all-black environment of Florida A&M University in Tallahassee. He was raised in Jacksonville, Florida, where his was one of a handful of Jewish families. When they met on June 4, 1973, in the newsroom of The Miami Herald, she says, “I felt in my bones like I had known him forever.” And he says, “I felt the instant I saw her that we had always been together, and knew we always would be.” That passion for each other and for wine has made their column a must-read for millions of neophyte and veteran wine lovers, who also follow their appearances on Martha Stewart’s TV show. The annual global celebration of wine that they created, “Open That Bottle Night,” encourages readers to finally drink that special wine they have been keeping. As Dottie and John write, “Wine can conjure up memories in a way that few other things can,” whether it’s a rare Burgundy or a bottle of cold duck. Frank J. Priol of The New York Times said of their first book, *The Wall Street Journal Guide to Wine*, “Their enthusiasm for the grape . . . is exceeded only by their enthusiasm for each other. It spills over on every other page.” Indeed, John and Dottie say they don’t write a wine column; they write a column about more important things. This book follows them from love at first sight, through a life of journalism, to a triumph on the basketball court at Madison Square Garden. You’ll discover the joys of wine along with them, but you’ll also discover that wine is really about good times, bad times, moments shared with loved ones, and new friends. It’s about memories. It’s about life.

**Cork Dork**-Bianca Bosker 2017-03-28 INSTANT NEW YORK TIMES BESTSELLER AND A NEW YORK TIMES CRITICS' PICK “Thrilling . . . [told] with gonzo élan . . . When the sommelier and blogger Madeline Puckette writes that this book is the *Kitchen Confidential* of the wine world, she’s not wrong, though Bill Buford’s *Heat* is probably a shade closer.” —Jennifer Senior, *The New York Times* Professional journalist and amateur drinker Bianca Bosker didn’t know much about wine—until she discovered an alternate universe where taste reigns supreme, a world of elite sommeliers who dedicate their lives to the pursuit of flavor. Astounded by their fervor and seemingly superhuman sensory powers, she set out to uncover what drove their obsession, and whether she, too, could become a “cork dork.” With boundless curiosity, humor, and a healthy dose of skepticism, Bosker takes the reader inside underground tasting groups, exclusive New York City restaurants, California mass-market wine factories, and even a neuroscientist’s fMRI machine as she attempts to answer the most nagging question of all: what’s the big deal about wine? What she learns will change the way you drink wine—and, perhaps, the way you live—forever. “Think: Eat, Pray, Love meets *Somm*.” —theSkimm “As informative as it is, well, intoxicating.” —Fortune

In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis, or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting-edge of trends, this book explains how to understand the wines of the world not in the classical way, but in the modern way--appellation by appellation, soil by soil, technique by technique--making it an essential reference and instant classic.

**Tequila Aficionado Tasting Journal**-M. A. "mike" Morales 2020-03-24 Tequila Aficionado Tasting Journal A workbook and ready reference complete with 50 scoring worksheets, the definitive tequila aroma wheel in English and NOM List This is a comprehensive workbook for Tequila and agave spirits enthusiasts to document their tasting journey as well as learn more about the spirits they love. The Tequila Aficionado Tasting Journal is constructed in three parts: Tasting Sheets Aroma Wheel NOM List Tasting Sheets This journal contains 50 tequila tasting sheets which use the Mexican Tequila Academy 20-point system. These sheets can be utilized for blind tastings of numbered samples or for your own reference with notes for Brands, NOMs and Expressions. Aroma Wheel After the tasting section, you will find the Official Tequila Aficionado Aroma Wheel in English. We felt there was a definite need for an aroma wheel in English as consumers' desire to delve into agave spirits often outpaces their desire to learn a foreign language. The aroma wheel will help you to go deeper into your observations and study of agave spirits by helping you identify scents and their origins in the tequila production process. It will also help in your studies as you work to expand your senses. NOM List The third section of this journal contains a NOM list,

current as of this publication in March 2020. Where the Tequila Aficionado NOM list, released monthly in Tequila Aficionado Magazine, is organized by brand name, this NOM list is organized by NOM number. When you find a tequila you enjoy, check the NOM number and see what other brands come from that same NOM. Of course the same holds true for tequilas you don't enjoy. You may find yourself identifying most and least favorite tequila producers this way. Knowing your favorite and not-so-favorite NOMs will help when you're planning your tequila shopping list or tasting with a friend. We hope you will find this tasting journal a helpful tool as you proceed along your own tequila tasting journey.

For a while, the only thing that keeps Hailey moving forward is the feeling she gets when she crosses something off the list. Then she meets Kyle. Together, they stumble into an odd friendship, helping each other tackle one after another of their biggest fears. But fate and timing can change everything. And sometimes facing your worst fear makes you realize you had nothing to lose after all.

**Whiskey Distilled**-Heather Greene 2014-10-16 In the populist tradition of Andrea Immer, New York City's first female whiskey sommelier translates today's hottest spirit for a new generation of imbibers. Whiskey is in the midst of a huge renaissance. Ten years ago, the United States housed sixty-nine craft distillers; today, there are more than four hundred. Exports of Scotch whisky grew 12 percent just last year. Sales are skyrocketing, and specialty bars are popping up around the country, from New York City to Chicago to Houston. Yet whiskey drinkers—especially novices—are more confused than ever. Over the past decade, whiskey expert Heather Greene has been bombarded with thousands of questions, including: Can I have ice in my whiskey? Why is it sometimes spelled "whisky"? What makes bourbon different? As New York City's first female whiskey sommelier, Greene introduces audiences to the spirit's charms and challenges the boys' club sensibilities that have made whiskey seem inaccessible, with surprising new research that shows the crucial importance of "nosing" whiskey. Through lively tastings, speaking engagements, and classes such as the popular "Whiskey as an Aphrodisiac," Greene has been demystifying whiskey the way Andrea Immer did wine a decade ago. In this lively and authoritative guide, Greene uses bright visuals, an easy-to-read format, and the familiar vocabulary of wine to teach readers about whiskey and encourage them to make their own evaluations. Peppared with wry anecdotes drawn from her unusual life—and including recipes for delicious cocktails by

some of today's most celebrated mixologists—Whiskey Distilled will be enthusiastically greeted by the whiskey curious as well as by journeymen whiskey drinkers thirsty to learn more about their beloved tippie.

**Whisk(e)y Distilled**-Heather Greene 2014 Offers a basic primer on whiskey and whiskey drinking, looking at the characteristics of different types of whiskey, the distillation process, and appreciation tips.

**Taste**-Barb Stuckey 2013-03-26 "Foodies rejoice! Malcolm Gladwell's favorite food inventor offers a guide to the senses with advice on how to develop your palate and better enjoy the pleasures of eating. Featured by Malcolm Gladwell in a New Yorker magazine article about the quest to develop the perfect cookie, Barb Stuckey is the food developer that famed foodies--such as Michael Pollan--turn to when they need to understand the psychology and physiology of taste. In *Taste What You're Missing*, Stuckey shares her professional knowledge in an engaging style that's one part Mary Roach, two parts Oliver Sacks, and a dash of Anthony Bourdain for spice. *Taste What You're Missing* serves up stories: seared, sauced, and garnished with humor and insight into our complicated experiences with food. First explaining the building blocks of taste perception on a physical level, Stuckey walks readers through the five basic tastes: sweet, sour, bitter, salt, and umami. She explains the critical importance of smell and how the other senses--touch, hearing, and sight--come into play when we enthusiastically dive into a plate of food. She provides eye-opening and delicious anecdotes and exercises that readers can perform to learn, for example, their unique "taster type," or the subtle differences between sour, bitter, tannic, and astringent. Armed with this new knowledge, readers can improve their ability to discern flavors, detect ingredients, and devise new taste combinations in their own kitchens. Keeping in mind that the only thing foodies like better than eating food is talking about food, *Taste What You're Missing* gives such curious eaters, Food Network watchers, kitchen tinkerers, and armchair Top Chefs understanding and language that will impress their friends and families with insider knowledge about everything they eat"--
