Blood Spiders and Dark Moon-R. David Fulcher 2004-07 This cookbook has come about from more than a decade of cooking fat reduced meals for my clients. As a personal chef, I have had the pleasure of preparing health-restoring foods for people with a variety of dietary concerns, especially helping clients achieve a lower fat lifestyle by reducing their daily fat intake. Along the way, the most common request by far was to re-create favorite comfort foods that were lower in fat than the originals but still tasty! Whether your tastes range from chicken to chocolate, there are slimmed down new favorites waiting for you in this collection of one hundred recipes. Fill pita pockets with the South of the Border Salmon Filling or surprise a wheat-intolerant friend with Wheat Free Coffee Cake. Enjoy your old favorite, Chicken Divan, slimmed down in fat, but not in taste, and remember to share the Lemon Tarts that will have you wondering why we ever put butter in them in the first place. This collection is just what you need for fun favorites without all the fat. Many of the ideas for these recipes have come from my clients' favorite family memories, cookbooks, and magazines, or from memorable restaurant dishes that have been described in great detail. As I captured and tested each recipe, I reflected on the many people who have enjoyed them in the past. Few things delight me more than remembering their smiling faces recounting enjoyable dinner scenes. My husband, Geoff, has faithfully tasted every single dish and has been instrumental in helping this collection take shape. I am grateful to him and to all who have helped to make this book possible.

Four Blood Moons-John Hagee 2013-10-08 "...There will be signs in the sun, in the moon, and in the stars...Now when these things begin to happen, look up and lift up your heads, because your redemption draws near." Luke 21:25a, 28 It is rare that Scripture, science, and history align with each other, yet the last three series of Four Blood Moons have done exactly that. Are these the "signs" that God refers to in His Word? If they are, what do they mean? What is their prophetic significance?

Blood Moon-Lucy Cuthew 2020-10-06 This powerful, timely novel in verse exposes provocative truths about periods, sex, shame, and going viral for all the wrong reasons. After school one day, Frankie, a lover of physics and astronomy, has her first sexual experience with quiet and gorgeous Benjamin—and gets her period. It's only blood, they agree. But soon a gruesome meme goes viral, turning an intimate, affectionate afternoon into something sordid, mortifying, and damaging. In the time it takes to swipe a screen, Frankie's universe implodes. Who can she trust? Not Harriet, her suddenly cruel best friend, and certainly not Benjamin, the only one who knows about the incident. As the online shaming takes on a horrifying life of its own, Frankie begins to wonder: is her real life over? Author Lucy Cuthew vividly portrays what it is to be a teen today with this fearless and ultimately uplifting novel in verse. Brimming with emotion, the story captures the intensity of friendships, first love, and female desire, while unflinchingly exploring the culture of online and menstrual shaming. Sure to be a conversation starter, Blood Moon is the unforgettable portrait of one girl's fight to reclaim her reputation and to stand up against a culture that says periods are dirty.

Tom Horn-Chip Carlson 2001 Horn was a death sentence to rustlers and the devil incarnate to homesteaders in late nineteenth-century Wyoming. The most notorious of the range detectives and the pre-eminent name in Wyoming history, he operated unchecked until he was arrested for the 1901 murder of the fourteen-year-old son of a sheep-ranching settler. The murder and questionable nature of Horn's conviction still ignite firestorms of controversy among historians and Wyomingites in general. With findings never before published, author Chip Carlson's monumental research draws the reader into questioning whether Tom Horn was actually railroaded for a murder he did not commit -- but could have. In this, Carlson's third book on events surrounding Tom Horn, he points to the probable killer of Willie Nickell. Many photographs and documents enhance this new book. Cover and interior artwork have been provided by Wyoming artist Larry Edgar. A foreword by Larry D. Ball, Ph.D., places the events in perspective. Before he was hanged Horn said, I have lived about fifteen ordinary lives. I would like to have had somebody who saw my past and could picture it to the public. It would be the most god damn interesting reading in the country. Now author Chip Carlson provides that reading.

Dark Moon-David Gemmell 2003-12-02 "Gemmell not only knows how to tell a story, he knows how to tell a story you want to hear. He does high adventure as it ought to be done."—Greg Keyes, author of *The Briar King* One awesome night, the sadistic, seemingly invincible Daroth vanished from the face of the earth. Gone were their cities, their armies, their reigns of terror. Not a trace of this conquering race remained. Until a thousand years later. . . . With the rising of a dark moon above the Great Northern Desert, comes a black tidal wave that sweeps across the land. Suddenly, the desert vanishes beneath lush fields and forests and a great city glitters in the morning light. From this city reemerges the blood-hungry Daroth, powerful and immortal, immune to spear and sword. They have only one desire: to rid the world of humankind forever. Now the fate of the human race rests on the talents of three heroes: Karis, warrior-woman and strategist; Tarantio, the deadliest swordsman of the age; and Duvodas the Healer, who will learn a gruesome truth. "Gemmell's great reading; the action never lets up; he's several rungs above the good—right into the fabulous!"—Anne McCaffrey

A Blood Moon-

Dark Moon-Alton Gansky 2002 Confusion reigns when an astronomy professor discovers a mysterious red stain on the moon that continues to grow until it is seen by the naked eye, and fringe groups begin to spout theories about alien invasions, while religious figures interpret the event to support their own agendas. Original.

Throwing Fire at the Sun, Water at the Moon- 2000 Perhaps you know them for their deer dances or for their rich Easter ceremonies, or perhaps only from the writings of anthropologists or of Carlos Castaneda. But now you can come to know the Yaqui Indians in a whole new way. Anita Endrezze, born in California of a Yaqui father and a European mother, has written a multilayered work that interweaves personal, mythical, and historical views of the Yaqui people. Throwing Fire at the Sun, Water at the Moon is a blend of ancient myths, poetry, journal extracts, short stories, and essays that tell her people's story from the early 1500s to the present, and her family's story over the past five generations. Reproductions of Endrezze's paintings add an additional dimension to her story and illuminate it with striking visual imagery. Endrezze has combed history and legend to gather stories of her immediate family and her mythical ancient family, the two converging in the spirit of storytelling. She tells Aztec and Yaqui creation stories, tales of witches and seductresses, with recurring motifs from both Yaqui and Chicano culture. She shows how Christianity has deeply infused Yaqui beliefs, sharing poems about the Flood and stories of a Yaqui Jesus. She re-creates the coming of the Spaniards through the works of such historical personages as Andržs Pžrez de Ribas. And finally she tells of those individuals who carry the Yaqui spirit into the present day. People like the Esperanza sisters, her grandmothers, and others balance characters like Coyote Woman and the Virgin of Guadalupe to show that Yaqui women are especially important as carriers of their culture. Greater than the sum of its parts, Endrezze's work is a new kind of family history that features a startling use of language to invoke a people and their past--a time capsule with a female soul. Written to enable her to understand more about her ancestors and to pass this understanding on to her own children, Throwing Fire at the Sun, Water at the Moon helps us gain insight not only into Yaqui culture but into ourselves as well.

Dark Moon Defender-Sharon Shinn 2007 When king's Rider Justin comes to the aid of Ellynor, a young novice at a convent, he is unaware that she is a mystic being who is being manipulated by fanatical Daughters of the Pale Moon into seeking out and destroying other mystics. Reprint.

Blood Relations-Chris Knight 1995-05-24 The emergence of symbolic culture is generally linked with the development of the hunger-gatherer adaptation based on a sexual division of labor. This original and ingenious book presents a new theory of how this symbolic domain originated. Integrating perspectives of evolutionary biography and social anthropology within a Marxist framework, Chris Knight rejects the common assumption that human culture was a modified extension of primate behavior and argues instead that it was the product of an immense social, sexual, and political revolution initiated by women.

Dark Moon-Lori Handeland 2016-01-05 The bronze nameplate on my desk reads Dr. Elise Hanover, virologist, for one simple reason: I've made it my mission to cure lycanthropy. My life depends on it. I am a werewolf too. I've been holed up in a secret Montana compound for . . . what year is it? Let's just say it's been a while. But when the compound is blown to bits, and the biggest, baddest, craziest werewolf of all escapes, I'm thrown together with FBI agent, Nic Franklin. Unfortunately, he's the man whose heart I broke once upon a time, and he hasn't forgotten, or forgiven, me yet. However, we're in a race against time and that big, bad werewolf. Then my powers begin to increase, which is worrisome since my boss, Edward Mandenauer, will be happy to put a silver bullet in my brain if he ever learns the truth. The worst part? I love Nic again, or maybe I love him still, and that fact could get us both killed.

Blood Destiny-Tessa Dawn 2013-11-23 He is a lethal vampire, bound by an ancient curse. She is an agent of homeland security, investigating a dangerous cult. Theirs is a Blood Destiny about to unfold... Descended from the progeny of Celestial Gods and humans, Nathaniel Silivasi is handsome, seductive, and powerful beyond measure: a lethal vampire. Belonging to an ancient civilization that sacrificed its females to the verge of extinction, he is also cursed. Like all the sons of Jadon, he is incapable of producing female offspring and required to sacrifice a first born son as atonement for the sins of his forefathers. While he belongs to a modern civilization, he is bound by primeval law. When Jocelyn Levi stumbles upon Nathaniel's pristine mountain valley, she is not prepared for the collision of worlds she is about to encounter. As an agent of the homeland security department, ICE, the beautiful, defiant female has an agenda of her own: to stop the ritualistic slaughter of innocent young women by a human trafficking ring. Little does she know, the evil she seeks is unlike anything she has ever witnessed. She has entered a world of warriors, code, and mystery, where the predators are divided only by degrees of light and shadow, and the dark handsome stranger who has come to her aid is the most dangerous of all. What would you do if the moon turned red, and your life was no longer your own?
