Dr. Blizzard and other contributors to this book take some of these important passages and shine a light of understanding on them so clearly that anyone reading can understand and enjoy the beauty of the Word of God.

Grace's Day-William Wall 2018-08-09 An Irish Independent Book of the Year. As the great John McGahern used to say, there's verse, and there's prose, and then there's poetry; William Wall is a poet in both mediums' John Banville. 'An underrated veteran at the peak of his powers' Sunday Times. 'It's this mood of lives irreparably spoiled that make this bitter-tasting tale so potent' Daily Mail. Grace and her mother and sisters live on an island off the west coast of Ireland. Their father is a successful writer of travel books that advocate a simpler way of life, though he is so seldom there that his family become the subjects of his social experiments and his children's freedom is indistinguishable from poverty. Grace and Jeannie take turns to look after their little sister Emily. Then one day - Grace's day - a terrible tragedy occurs that changes everything. This is novel about a world of adult self-indulgence and the consequences of careless decisions and dishonest compromises.

The Islands-William Wall 2017-12-04 WINNER OF THE 2017 DRUE HEINZ LITERATURE PRIZE Selected by David Gates William Wall is the first international winner of the Drue Heinz Literature Prize. "Suddenly I see weeks that are like years stretch out before me. Islands are, more than anything else, places of deprivation." Jeannie, one of the sisters featured in *The Islands*, comes to this realization at the age of six or seven, as her father leaves their island home yet again to work on his latest book. In this collection of interconnected stories, the beautiful and ravaging forces of sea and land collide with the forces of human nature, through isolation and family, love and loss, madness and revelation. The stories follow the lives of two sisters and the people who come and go in their lives, much like the tides. Dominated by the tragic loss of a third sister at a young age, their family spirals out of control. We witness three stages of the sisters' lives, each taking place on an island—in southwest Ireland, southern England, and the Bay of Naples. Beautifully and sparsely written, the stories deeply evoke landscape and character, and are suffused with a keen eye for detail and metaphor.

Retaining Blue-Lacy Sorrells 2014-07-14 Long ago, the Anifeiliaid, Welsh for animal-kind, knew that magic existed. The Blaidd, Welsh for wolf-kind, were the only animal-kind to carry magic in their bloodline. Only certain wolves were gifted with the incredible ability to wield magic. Those wolves retained their brilliant blue eyes from pup-hood. There was also knowledge of a corrupted form of magic,

called Dark Magic, that was filled with nothing but death and destruction which brought great fear to the Anifeiliaid. To silence that fear, an Alpha wolf named Dante told them that no form of magic really existed, but that it was only a myth. His lie was told through the generations and everyone believed him. Now, centuries later, in the time of Erika and her packmates, the talk of magic has risen again, thinking that Dante's words may have been false. They soon find that magic is once again on the rise as the packs of the North and South have begun to wage war amongst each other. Guided by the aged Alpha, Blizzard, Erika must harness her ties to magic and rally her packmates to defeat their rivals and Dark Magic. However, Dark Magic isn't Erika's only enemy. She must also find belief in herself and win the confidence of her packmates. Everything is in the balance. Will Erika retain her blue eyes, or will she and her friends fall to the yellow-eyed wolf wielding Dark Magic?

Winterlust-Bernd Brunner 2019-11-05 A sweeping, beautiful survey of all things winter. Brunner masterfully does in words what resilient and adventurous people have done in their lives for centuries; he finds beauty in blizzards and ice and the crystallized enchantment of snow." —Dan Egan, Pulitzer finalist and author of *The Death and Life of the Great Lakes* In *Winterlust*, a farmer painstakingly photographs five thousand snowflakes, each one dramatically different from the next. Indigenous peoples thrive on frozen terrain, where famous explorers perish. Icicles reach deep underwater, then explode. Rooms warmed by crackling fires fill with scents of cinnamon, cloves, and pine. Skis carve into powdery slopes, and iceboats traverse glacial lakes. This lovingly illustrated meditation on winter entwines the spectacular with the everyday, expertly capturing the essence of a beloved yet dangerous season, which is all the more precious in an era of climate change

The Antarctic Dictionary-Bernadette Hince 2000-11-10 The world's most isolated continent has spawned some of the most unusual words in the English language. In the space of a mere century, a remarkable vocabulary has evolved to deal with the extraordinary environment and living organisms of the Antarctic and subantarctic. Here, for the first time, is a complete guide to the origin and definitions of Antarctic words. Like other historical dictionaries, *The Antarctic Dictionary* gives the reader quotations for each word. These quotations are the life-blood of the dictionary — more than 15 000 quotations from about 1000 different sources give the reader a unique insight into the way the language of Antarctica has evolved. The reader will find out what it means to be slotted, the shortcomings of homers, the joys of a donga and the hazards of a growler. *The Antarctic Dictionary* has been meticulously researched, and will appeal to all those who have been to the frozen continent or have ever dreamed of going there. It will also appeal to those fascinated by the development of language. With a forward by Sir Ranulph Fiennes.

Himalayan Lust-Sadhguru 2009 Every year, a group of Isha meditators sets out on a tour of the Himalayas. Accompanying them on this journey is Sadhguru - a spiritual master considered by many to be one of the foremost living yogis on the planet. This is a book for those who stayed behind. It is a chance to make a pilgrimage on the page, travelling through the unpredictable but fascinating terrain of the master's words. Amalgamating discourses and conversations from several yatras, it is a blend of the specific and the timeless. This book is not just about the Himalayas. And yet, the book would never have happened without the Himalayas. The mountains play a vital role in the text, alternately as context and catalyst, mood and metaphor. Without them, some of the questions in this book would never have been asked. Even if they sometimes seem tangential to the line of enquiry, they remain a powerful subterranean presence, eventually becoming the very bedrock of this book.

A Farewell to Skiing-Kurt Larson 2002-10-01 The last thing Lars Svensson wanted was a 'holiday romance' at a skiing chalet in

Verbier, Switzerland. After all, he was just an American ex-pat moving around the United Kingdom, working as a site engineer and struggling in a relationship with his English girlfriend. Feeling the need to get away and encouraged by his workmates, Lars sets off across the English Channel hell-bent on making up for lost time on the slopes. That was to be expected. What was not expected was his falling for a fellow chalet guest. Annabel is the kind of girl you'd bring to a dinner party after bagging her on safaris in Africa. Author Kurt Larson uses a stream-of-consciousness technique to take you through the mind of a man torn between his love of women and his taste for skiing. Or maybe it's the other way around. You'll find his characters enjoying life on the pistes, in the powder, on the road, in the bedroom-and dealing with tragedy in true British style as observed through the eyes of an American.

Berry's log of a solo canoe expedition, one August week, down the Chunky and Chickasawhay creeks in eastern Mississippi. Along the way he recorded what happened on the creeks, the area history, and what crossed his mind pertaining to the god of that day. Saturday, for instance, is Saturn's day, the god of the hoe and of the hoedown. Sunday, the Sun's day, god of religion, philosophy, and of jive. Monday, the Moon's day, god of women, children, and otherness. Tuesday, Tiu's day, god of war, Wednesday, Wodan's day, god of art. Thursday, Thor's day, god of bossiness. Friday, Freyja's day, goddess of love.

Labor of Lust-Becca Sinh 2016-01-21 Adam needs sex so bad that he's going absolutely crazy. But Brenna is about to have her first baby, so they had to stop having sex weeks ago. And after the baby is born, it will be another two whole months before they can start up again. But Brenna has other ideas. She wants sex one last time before she goes into labor. She wants it now. And she isn't going to take no for an answer! Excerpt If I climax inside you, the hormones in my sperm could make you start labor early. He'd told her that before, but he didn't think she'd really believed it. And I'd hurt you. That was something he wasn't willing to risk. The baby's dropped so much in the last few days that you don't have room down there anymore. I don't care. Her eyes began to glitter with frustration. I've been going crazy these last six weeks, and you have, too! You know it's true! Her gaze dropped to his worn slacks, which were jutting up in a huge hard-on tent just below his belt. You're horny right now! Why won't you have sex with me? He was tempted...oh, how he was tempted! But he'd been so horny for so long that he wasn't sure whether he could be

gentle. And right now, when she was so close to delivering, he didn't dare be anything but gentle! "At least touch me," she sighed, and helplessly closed her eyes. "And I'll give you a blowjob. That way we can both feel good. Please, Adam?" Why hadn't he ever thought of that before? Impending fatherhood was definitely messing up his thinking. "Okay. That I can do. But if anything hurts you, I want you to tell me right away." Excitement began to ripple through Brenna's swollen body. "You won't. You never do, even when we do it hard and fast." He wanted to do it hard and fast right now! But he wasn't going to risk anything that could harm Brenna and his unborn daughter. Swiftly he stripped his clothes off, and tossed them aside. Brenna was naked under the single sheet. He slid it away, then simply stared at her in awed wonder...

Fifty-Two Stories-Anton Chekhov 2020-04-14 From the celebrated, award-winning translators of Anna Karenina and The Brothers Karamazov: a lavish volume of stories by one of the most influential short fiction writers of all time Anton Chekhov left an indelible impact on every literary form in which he wrote, but none more so than short fiction. Now, renowned translators Richard Pevear and Larissa Volokhonsky give us their renderings of fifty-two Chekhov stories. These stories, which span the complete arc of his career, reveal the extraordinary variety and unexpectedness of his work, from the farcically comic to the darkly complex, showing that there is no one single type of "Chekhov story." They are populated by a remarkable range of characters who come from all parts of Russia and all walks of life, including landowners, peasants, soldiers, farmers, teachers, students, hunters, shepherds, mistresses, wives, and children. Taken together, they demonstrate how Chekhov democratized the form. Included in this volume are tales translated into English for the first time, including "Reading" and "An Educated Blockhead." Early stories such as "Joy," "Anguish," and "A Little Joke" sit alongside such later works as "The Siren," "Big Volodya and Little Volodya," "In the Cart," and "About Love." In its range, in its narrative artistry, and in its perceptive probing of the human condition, this collection promises profound delight.

Blood Lust-John Madderson 2011-09-01 THE IDEA The idea for Blood Lust came about from my desire to write a Dracula saga with a twist, and so the novel is set during a time of world conflict, which adds emphasis to the already horrific sequence of events that unfold.

War, despite its dangers, excitement and heart-rending sights, is a lonely place for most. As an ex-soldier, I have seen many things, some good, some horrific, and I felt that there was a story in me about the fear of death. I can honestly say that I am not afraid of death, although I am afraid of dying and the process leading up to it. In 2005 I saw a picture of a German soldier on the Eastern front, crouching in the snow during a blizzard. His face, although youthful, bore all the signs of impending death, and to this day I see his face and wonder if he ever got home. Therefore, I created the character of Joseph Beck, a German infantryman, and have tried to portray the horrors that he inflicts upon himself. Blood Lust is written through Joseph's eyes, and therefore there is limited dialogue since I wanted the story to be focused more on the thought processes and emotional reactions of this main character. In the book, Joseph encounters vampires who enter the bodies of the dead and feed off them like parasites. However, some vampires mistakenly enter bodies that are not quite dead, and in order for them to survive they must regenerate their host. ABOUT THE BOOK This book is based around two main characters, General Alucard and Joseph Beck. Obsessed with power, Alucard Khan first crossed the Russian border into Europe under the leadership of Genghis Khan in the eleventh century. Today, he is known as General Wolfgang Alucard. He is a vampire and day walker, and has brought with him thousands of vampire parasites to be absorbed into ruthless people, people who will one day form his army in his quest for world domination. Joseph Beck, a German infantryman, and his men are instructed to escort a number of wagons across Russia by the orders of their army commander, General Wolfgang Alucard, to a secret location deep within the interior. Unbeknown to these soldiers, the wagons hide a group of bloodthirsty vampires, and they soon learn that General Alucard has betrayed them. Joseph witnesses the slaughter of his comrades by these vampires, and becomes obsessed with preventing Alucard's mad plan for vampires to populate the world and have complete control. Having been taken over by a mysterious vampire parasite that has transformed him into a human vampire, and driven by anger and remorse over the death of his comrades, Joseph swears he will have his revenge and sets out to find and destroy Alucard. During his long and arduous search, in which he faces great danger, he finds others like him, unaware that Alucard has developed a machine that can incubate the parasites and bring them to maturity much quicker. Joseph realises that there is immediate danger of Alucard fulfilling his mentor's, Adolf Hitler, dreams of world domination, and if he fails to destroy the General and his vampires and loses the battle, humanity will once again tremble under the sound of the Jackboot.

The Perfect 10-Michael G. Moriarty 1999 Most of us realize that traffic laws exist to preserve our lives, not cramp them. Yet when it

comes to moral laws, 66 percent of Americans believe there are no absolutes. Is it any wonder, then, that the highway of our postmodern culture is strewn with wrecks? Broken marriages, overcrowded prisons, murder in the classrooms, babies having babies - -they're what happen when we confuse liberty with ignoring the rules of the road. That's why Michael Moriarty is convinced that the Ten Commandments really are The Perfect 10. Behind them lie God's concern for our welfare and his understanding of the indelible truths that govern our world, our relationships, and our inner being. One by one, Moriarty reveals the Ten Commandments as the keys to wholeness and freedom and shows their far-reaching application for us today. For the Perfect 10 remain the ideal ethical compass. They help us align our lives with the character of God; and to a world hurtling blindly down the dead-end road of moral relativism, they point the way back to sanity, restoration, and life.

Right Or Wrong, God Judge Me-John Wilkes Booth 1997 All of the known writings of John Wilkes Booth are included in this collection. Of this wealth of material, the most important item is a previously unpublished twenty-page manuscript discovered at the Players Club in Manhattan. Written by Booth in 1860 in a form similar to Mark Antony's funeral oration in Julius Caesar, it makes clear that his hatred for Lincoln was formed early and was deeply rooted in his pro-slavery and pro-Southern ideology. Also included in the nearly seventy documents are six love letters to a seventeen-year-old Boston girl, Isabel Sumner, written during the summer of 1864, when Booth was conspiring against Lincoln; several explicit statements of Booth's political convictions; and the diary he kept during his futile twelve-day flight after the assassination. The documents show that Booth, although opinionated and impulsive, was not an isolated madman. Rather, he was a highly successful actor and ladies' man who also was a Confederate agent. Along with many others, he believed that Lincoln was a tyrant whose policies threatened civil liberties. --From publisher's description.

Siracusa-Delia Ephron 2017-06-06 "An electrifying novel about marriage and deceit from bestselling author Delia Ephron that follows two couples on vacation in Siracusa, a town on the coast of Sicily, where the secrets they have hidden from each other are exposed and relationships are unraveled. New Yorkers Michael, a famous writer, and Lizzie, a journalist, travel to Italy with their friends from Maine--Finn, his wife Taylor, and their daughter Snow." "From the beginning," says Taylor, "it was a conspiracy for Lizzie and Finn to be together." Told Rashomon-style in alternating points of view, the characters expose and stumble upon lies and infidelities past and present. Snow, ten years old and precociously drawn into a far more adult drama, becomes the catalyst for catastrophe as the novel explores collusion and betrayal in marriage. With her inimitable psychological astuteness, and uncanny understanding of the human heart, Ephron delivers a powerful meditation on marriage, friendship, and the meaning of travel. Set on the sun-drenched coast of the Ionian Sea, Siracusa unfolds with the pacing of a psychological thriller and delivers an unexpected final act that none can see coming"--

The Far East Trilogy-Stephen Becker 2016-10-25 Three thrillers set in WWII-era Asia by a New York Times--bestselling author who writes "like a cross between Joseph Conrad and James Clavell" (Houston Chronicle). "A master of terse, ironic dialogue," the author of *A Covenant with Death* presents a trilogy that journeys from the Gobi Desert to Peking to Burma in the chaotic years following the Second World War (Kirkus Reviews). *The Chinese Bandit*: An American ex-marine must run for his life in the cutthroat atmosphere of postwar China, pursued by both a dangerous criminal and Chiang Kai-shek's forces. This one "will keep readers turning pages through the night" (Los Angeles Times). *The Last Mandarin*: An American mercenary chases a Japanese war criminal through the war-torn streets of Peking in this "fascinating . . . exciting" adventure (The Philadelphia Inquirer). *The Blue-Eyed Shan*: The battle between East and West explodes in a remote corner of Burma, as an anthropologist in an isolated mountain village finds himself fighting to save the people he loves from the Chinese Red Army and a fearsome tribe of headhunters. A thriller "as exciting as *Raiders of the Lost Ark*" (Publishers Weekly). Described as "absolutely ripping adventure" by Time and "sublime entertainment" by John Irving, the Far East Trilogy is an unforgettable saga filled with suspense, epic scope, and rich historical atmosphere.

Documenting the Documentary-Barry Keith Grant 2013-12-16 Originally released in 1998, *Documenting the Documentary* responded to a scholarly landscape in which documentary film was largely understudied and undervalued aesthetically, and analyzed instead through issues of ethics, politics, and film technology. Editors Barry Keith Grant and Jeannette Sloniowski addressed this gap by presenting a useful survey of the artistic and persuasive aspects of documentary film from a range of critical viewpoints. This new edition of *Documenting the Documentary* adds five new essays on more recent films in addition to the text of the first edition. Thirty-one film and media scholars, many of them among the most important voices in the area of documentary film, cover the significant developments in the history of documentary filmmaking from *Nanook of the North* (1922), the first commercially released documentary

feature, to contemporary independent film and video productions like Werner Herzog's Grizzly Man (2005) and the controversial Borat (2006). The works discussed also include representative examples of many important national and stylistic movements and various production contexts, from mainstream to avant-garde. In all, this volume offers a series of rich and revealing analyses of those "regimes of truth" that still fascinate filmgoers as much today as they did at the very beginnings of film history. As documentary film and visual media become increasingly important ways for audiences to process news and information, Documenting the Documentary continues to be a vital resource to understanding the genre. Students and teachers of film studies and fans of documentary film will appreciate this expanded classic volume.

A Russian Psyche-Alyssa W. Dinega 2001-12-10 Russian poet Marina Tsvetaeva's powerful poetic voice and her tragic life have often prompted literary commentators to treat her as either a martyr or a monster. Born in Russia in 1892, she emigrated to Europe in 1922, returned to the Soviet Union at the height of the Stalinist Terror, and committed suicide in 1941. Alyssa Dinega focuses on the poetry, rediscovering Tsvetaeva as a serious thinker with a coherent artistic and philosophical vision.

Reckless-Nina Park 2019-09-25 This is book 1 of the Lucky Skulls MC series! Books 2 and 3 are available everywhere now! Fate put her in my arms. Then I put her on her knees. She brought me back from death's door. In return, I brought her body to the brink of shattering - over and over again. But our frozen paradise becomes an icy hell when my enemies discover I've survived their assault. And they're

coming to finish the job. CIARAN I would have died without her. Lying in a freezing, barren ditch on the side of the road, I felt the life slipping from my body. Warmth, feeling, thought - all was gone by the time she arrived. And when I looked into those sapphire eyes, I thought I was seeing an angel. But the patient nurse brings me back to life. All the things that I thought I lost came roaring back with a vengeance. Rage, for the men who tried to kill me and failed. Pride, knowing that I am not a man easily put to death. And lust - hot, burning lust - for the innocent girl locked in this cabin with me. A swirling blizzard has us trapped for days. As long as we're stuck here, I've got big plans for my savior. For her luscious lips, her untouched curves, for the warmth emanating between her legs. The only sound I want to hear is her moaning. But news of my survival manages to travel beyond the walls of our little cabin oasis. The men who ordered the hit are determined to put me down for good. And this time, they know how to hit me where it really hurts. When they kidnap Elle, I know what I have to do, the one thing I do best. Take my gun in my hands and get ready to kill for what I love. My woman is coming back to me. No matter who I have to slaughter to get her. ELLE Maybe saving him was a mistake. That's all I can think as I scream and struggle against the crushing hands of the men who are taking me. They're used to violence, these men. Used to hurting and abusing women. My screams are music to their sick, twisted ears. Maybe I should just submit to their torture. Would that make it go faster? But I know that, no matter what happens next, Ciaran was worth it. The touch of his hands on my skin was a sensation worth dying for. And the heat of his love is worth fighting to feel again. I make up my mind: I won't give in easily to these evil SOB's. I'll make them sweat to keep me quiet. Because my hero is coming for me. With fire and fury, Ciaran will kick down the door and kill any man who lays a finger on me. Deep in my heart, I know that's true. I just have to hope he makes it in time. *** Dark, twisted, delicious - this motorcycle club romance series is a good time waiting to happen. In the Twilight-Anton Chekhov 2018-01-01 In the Twilight, the third collection of short stories compiled by Anton Chekhov himself, was his first major success and won him the prestigious Pushkin Prize when it was published in 1888. A Cold Day in Hell-Terry C. Johnston 2010-07-21 After a terrible summer of blood and fire, scout Seamus Donegan finally has reason to rejoice: his wife, Samantha, has given birth to his first son. But the time to celebrate new life is short . . . for the old business of death continues. Phil Sheridan has gathered his officers at Fort Laramie for a war council to prepare the winter campaign. His objective: capture Crazy Horse, the elusive Sioux warrior chief whose exploits have put the U.S. cavalry to shame. Sending his scouts ahead—men such as Seamus Donegan and the legendary Yellowstone Kelly—Sheridan will march his armies north into the valley of the Red Fork of the Crazy Woman Creek . . . and into a battle that will prove as brutal and bitter as the killing winter winds. Johnston has emerged as the great frontier historical novelist of his generation.”—Paul Andrew Hutton, author of Phil Sheridan and His Army
