“They Probably Lied”: An Anatomy of a Real Estate Fraud and How to Avoid Becoming a Victim-Jack Rudolph 2018-11-15 Jack Rudolph and Michael Huntley were chasing the American Dream for themselves and their families when they stumbled across a sixty-six-unit complex in Corpus Christi, Texas. It was known as the Crestview Apartments, and even though it was listed at \$1.73 million, it seemed to be a great deal as it not only boasted 95 percent occupancy but 95 percent paid occupancy. That should have been the first red flag, but the partners ultimately bought the complex from Daniel and June Feng, two Chinese immigrants who held the property in their LLC, Shanghai Investments. In this cautionary tale for real estate investors: • If it sounds too good to be true, it probably is. • Always insist on more than one piece of verifiable income. • Do not enter into an agreement with a seller based exclusively upon his or her own self-generated financial statements, even if they are written in gold ink.

Anatomy of Masochism-June Rathbone 2012-12-06 Are dominance and submission inevitable in human relationships? Believing that sadomasochism is becoming an ever more obtrusive phenomenon in developed countries, the author surveyed 48 self-declared

sadomasochists (43 male, 5 female) and 35 controls (26 male, 9 female) in an effort to elicit information on early family relationships, morale, and sexual behavior and fantasy; she also looks at the philosophy of masochism and its damaging effects.

The Anatomy of Human Destructiveness-Erich Fromm 2013-02-26 A study of aggression from the renowned social psychologist and New York Times–bestselling author of *The Art of Loving* and *Escape from Freedom*. Throughout history, humans have shown an incredible talent for destruction as well as creation. Aggression has driven us to great heights and brutal lows. In *The Anatomy of Human Destructiveness*, renowned social psychologist Erich Fromm discusses the differences between forms of aggression typical for animals and two very specific forms of destructiveness that can only be found in human beings: sadism and necrophilic destructiveness. His case studies span zoo animals, necrophiliacs, and the psychobiographies of notorious figures such as Adolf Hitler and Joseph Stalin. Through his broad scholarship, Fromm offers a comprehensive exploration of the human impulse for violence. This ebook features an illustrated biography of Erich Fromm including rare images and never-before-seen documents from the author's estate.

Basic Anatomy and Physiology for the Music Therapist-Daniel J. Schneck 2015-06-21 Providing need-to-know information about the human body for music therapists, this book covers the elements of anatomy and physiology that are of particular relevance to clinical practice. Addressing both the structure and function of the human body, the material is presented with the music therapist in mind. Particular attention is paid to the role of music in affecting responses from the organ systems, including the senses, the endocrine glands, the immune system, the musculo-skeletal system, the nervous systems and the vestibular system. Dr Schneck also uses accessible musical metaphors to explain complex biological information. Emphasising the symbiotic relationship between music and the body, this book reveals how an understanding of this relationship can help music therapists to practice more effectively, and will be of interest to students and practitioners alike.

An Anatomy of The Turn of the Screw-Thomas Mabry Cranfill 2014-05-29 The ambiguous intent of Henry James's horror story *The Turn of the Screw* has fascinated and divided its readers since its publication in 1898. The division arises between the apparitionists and the nonapparitionists in interpretation of the plot and the characters. Thomas Mabry Cranfill and Robert Lanier Clark, Jr., have here taken up the argument and made an interpretation of their own. The authors carefully considered the mountainous critical comment, studied James's statements regarding his intent, and minutely scrutinized the story itself. After all this probing of opinions and following of clues and observing of human beings in action, they have come out strongly on the side of the nonapparitionists. The authors base their conclusion on analyses of character, centrally that of the governess, whom they consider the protagonist of the fearsome drama, but peripherally those of Mrs. Grose, the children, the uncle in Harley Street, and even the deceased Miss Jessel and Peter Quint. Relentlessly they relate every episode, action, and speech to the character of the governess and her relationships with those around her at Bly, picturing her as a psychological "case" whose abnormal mental state brings to those around her the inescapable misery they all suffer. The authors' analysis unfolds as interestingly in terms of character and motive as if the reader did not already know what happens in James's much-read story. It moves, moreover, with something of the same suspense as James's horror tale, although the tension is intellectual rather than emotional. Each additional disclosure of evidence, the resolution of each situation, and the clarification of every puzzling ambiguity builds the analysis step-by-inevitable-step to its inescapable conclusion. The style of the analysis is graceful, urbane, and witty. The introduction gives an excellent appraisal of literary comment on James's story and an illuminating summary of the literary "war" over the meaning of it; the bibliography provides an impressive list of books and articles on this subject, annotated to indicate in what particular ways each makes a contribution to the controversy.

D.I.Y.: Design It Yourself-Ellen Lupton 2006-01-19 Instruction for designing blogs, books, business cards, CD and DVD packaging, embroidery, envelopes, flyers, gifts, housewares, invitations, logos, newsletters, note cards, photo albums, presentations, press kits, stationery, stickers, t-shirts, totes, wall graphics, web sites, and zines.

The Anatomy Museum-Elizabeth Hallam 2008 Anatomy museums around the world showcase preserved corpses in service of education and medical advancement, but they are little-known and have been largely hidden from the public eye. Elizabeth Hallam here investigates the anatomy museum and how it reveals the fascination and fears that surround the dead body in Western societies. Hallam explores the history of these museums and how they operate in the current cultural environment. Their regulated access increasingly clashes with evolving public mores toward the exposed body, as demonstrated by the international popularity of the *Body Worlds* exhibition. The book examines such related topics as artistic works that employ the images of dead bodies and the larger ongoing debate over the disposal of corpses. Issues such as aesthetics and science, organ and body donations, and the dead body in Western religion and ritual are also discussed here in fascinating depth. *The Anatomy Museum* unearths a strange and compelling cultural history that investigates the ideas of preservation, human rituals of death, and the spaces that our bodies occupy in this life and beyond.

In the Eye of History-William Matson Law 2015-11-11 An oral history of the JFK autopsy Anyone interested in the greatest mystery of the 20th century will benefit from the historic perspective of the attendees of President Kennedy's autopsy. For the first time in their own words these witnesses to history give firsthand accounts of what took place in the autopsy morgue at Bethesda, Maryland, on the night on November 22, 1963. Author William Matson Law set out on a personal quest to reach an understanding of the circumstances underpinning the assassination of John F. Kennedy. His investigation led him to the autopsy on the president's body at the National Naval Medical Center. *In the Eye of History* comprises conversations with eight individuals who agreed to talk: Dennis David, Paul O'Connor, James Jenkins, Jerrol Custer, Harold Rydberg, Sandra Spencer, and ex-FBI Special Agents James Sibert and Frances O'Neill. These eyewitnesses relate their stories comprehensively, and Law allows them to tell it as they remember it without attempting to fit any pro- or anticonspiracy agenda. The book also features a DVD featuring these firsthand interviews.

John Baskerville: A Bibliography-Philip Gaskell 2011-04-14 This 1959 bibliography lists and describes everything that came from the press of John Baskerville of Birmingham, who was appointed Printer to the University of Cambridge in 1758. After an introduction in which Dr Gaskell describes the methods that he has adopted and the conclusions that he has drawn from the investigation, there are two main parts: Specimens, Proposals and other Ephemera, and Books. Each entry contains a quasi-facsimile transcription of the title page, and gives details of formula contents amongst several other things. This, which was the first full bibliography of Baskerville's work, will be an essential tool for Baskerville collectors and for historians of printing and typography as well as for bibliographers. There are twelve collotype plates, most of which illustrate unique copies of Baskerville's ephemera; and there is in addition a full-size facsimile of Baskerville's last type specimen.

Between the Lines of the Balance Sheet-Michael Greener 2014-05-19 *Between the Lines of the Balance Sheet: The Plain Man's Guide to Published Accounts, Second Edition* presents a discussion of the main ideas underlying accountancy and its application to investment decisions. This book discusses the ways in which a person can maximize his appreciation of the doings of the organization. Organized into 16 chapters, this edition begins with an overview of the content of the average company report or any set of accounts. This text then examines the scope and limitations of the information that may be extracted from the company report. Other chapters consider the importance of balance sheet as containing the most relevant material. This book includes as well a discussion on depreciation, revaluation, capital gearing, taxation, and solvency. The final chapter deals with the limitations necessarily imposed on any sensible discussion of the prospects of a particular company. This book is a valuable resource for investors. Accountants will also find this book useful.

Two Women In One-Nawal El Saadawi 2020-01-20 Bahiah Shaheen, an eighteen-year-old medical student and the daughter of a prominent Egyptian public official, finds the male students in her class coarse and alien. Her father, too, seems to belong to a race apart. Frustrated by her hard-working, well-behaved, middle-class public persona, her meeting with a stranger at a gallery one day sparks her journey of self-discovery and of the realisation that fulfilment in life is indeed possible.

The Facsimile Edition of the Nag Hammadi Codices-James M. Robinson 1984 The collection of thirteen codices found in upper Egypt near Nag Hammadi in 1946 is one of the major archaeological discoveries of our time. Apparently the library of a Gnostic community in late antiquity, the codices are a repository of important spiritual materials from throughout the ancient world. Hence a thorough analysis of this new material is indispensable for any proper understanding of the history of religions in this period. The rich documentation which the codices add to early Coptic text material promises to raise to a new precision the historical analysis of that language. This edition presents collotype reproductions in natural size of all folios of the thirteen codices as well as reproductions of the covers and photographs previously taken of fragments that are now lost.

Negotiating Domesticity-Hilde Heynen 2005-09-22 In the home the intricate relations between architecture, gender and domesticity become visible. *Negotiating Domesticity* investigates the many and complex themes evoked by the interconnections between these terms. Topics covered include famous as well as less well-known architectural examples and architects, which are explored from sociological, anthropological, philosophical and psychoanalytical approaches. The authors explore the relationships between modern

domestic spaces and sexed subjectivities in a broad range of geographical locations of Western modernity. This richly interdisciplinary work presents architects and postgraduate students with an in-depth exploration of domesticity in the modern era.

The Photographic Times- 1907

The Mind Is a Collection-Sean Silver 2015-10-28 John Locke described the mind as a cabinet; Robert Hooke called it a repository; Joseph Addison imagined a drawer of medals. Each of these philosophers was an avid collector and curator of books, coins, and cultural artifacts. It is therefore no coincidence that when they wrote about the mental work of reason and imagination, they modeled their powers of intellect in terms of collecting, cataloging, and classification. *The Mind Is a Collection* approaches seventeenth- and eighteenth-century metaphors of the mind from a material point of view. Each of the book's six chapters is organized as a series of linked exhibits that speak to a single aspect of Enlightenment philosophies of mind. From his first chapter, on metaphor, to the last one, on dispossession, Sean Silver looks at ways that abstract theories referred to cognitive ecologies—systems crafted to enable certain kinds of thinking, such as libraries, workshops, notebooks, collections, and gardens. In doing so, he demonstrates the crossings-over of material into ideal, ideal into material, and the ways in which an idea might repeatedly turn up in an object, or a range of objects might repeatedly stand for an idea. A brief conclusion examines the afterlife of the metaphor of mind as collection, as it turns up in present-day cognitive studies. Modern cognitive theory has been applied to the microcomputer, and while the object is new, the habit is as old as the Enlightenment. By examining lived environments and embodied habits from 1660 to 1800, Silver demonstrates that the philosophical dualism that separated mind from body and idea from thing was inextricably established through active engagement with crafted ecologies.

Building New Bridges - Bâtir de nouveaux ponts-Jeff Keshen 2005-06-30 Questions of methodology and the use of sources are fundamental to all academic disciplines. In recent years, this topic has become far more challenging as scholars are increasingly adopting an interdisciplinary approach to achieve richer and deeper analyses, particularly in the humanities and social sciences. *Building New Bridges / Bâtir de nouveaux ponts* is a collection of scholarly papers that deals with the first principles of source identification and their effective utilization. The contributors to the volume come from a wide range of disciplines and represent both French and English Canada. Together, they explore and encourage the interdisciplinarity trend - around which considerable academic trepidation remains - and seek to explain, for example, how historians and those in English or *Lettres françaises* analyze texts, how scholars approach paintings, photography, and film, and how the study of music relates tempo and lyrics to wider societal trends. They utilize their respective research to elucidate means of effectively employing evidences and methods to achieve richer, deeper, and more nuanced results. As a whole, the collection provides an excellent primer for scholars of methodology.

Divorce Bootcamp for Low- and Moderate-Income Women (6th Edition)-Anna T. Merrill, Esq. 2018-12-16 According to the U.S. Census Bureau, the average woman's family income drops by 37% after divorce. Do you know what assets or how much alimony or child support you are entitled to receive? Has your spouse threatened to leave you penniless? Have you spoken to an attorney and gotten sticker-shock? Do you earn too much money to qualify for free legal aid? This book was written to help the low- and moderate-income women the legal system has abandoned by walking a hypothetical self-represented woman step-by-step through the divorce process, including: -- How to prepare financially to stand on your own two feet; -- What the court can, and cannot do for you; -- 'Legwork' that can

save you money on legal fees and help you get a better outcome; -- How much child support and alimony you might be entitled to receive; -- Custody disputes ... 'fatal flaws' and how you can fix them. -- How to show a judge that your spouse is lying about their assets and income; -- What property you are entitled to receive ... and should ask for; -- Ways vindictive ex-spouses can hide money ... and how to prove they are lying; -- Real life dirty tricks, traps, and pitfalls highlighted so you can avoid them; -- How to find a good attorney (if you can afford one), save money on legal fees, or combine "a la carte" legal advice with your own efforts if you can't afford to hire a full-service attorney; -- Mediation and court-connected Alternative Dispute Resolution ... benefits and pitfalls; -- How to dig up information your spouse doesn't want you to know (discovery) like an attorney; -- Common court forms and how to fill them out; -- Separation Agreements dissected and clarified; including two blank fill-in-the-form boilerplates which you can download and use in your own divorce; -- Sample discovery requests and motions - we'll dissect each motion and show what information you can use it to get; -- Sample hearing scripts for common court hearings (including Restraining Order hearings, Temporary Order hearings, Custody Dispute hearings, Contempt hearings, and parts of a mock-Trial); -- Restraining orders ... how to get one ... how to keep one; Filled with helpful examples of common court forms and legal pleadings, this book will introduce you to everything you NEVER wanted to know about divorce ... but need to come up to speed ... FAST!!! This is the only self-help legal book written by a woman who was once in your shoes who later went back to school to become an attorney! BONUS: links to download, edit and print blank Separation Agreement forms. The 6th Edition has been completely updated with the latest case law, including ways to sensitively handle a Christian divorce, caveats regarding same-sex couple custody disputes post-Obergefell, and a completely rewritten Separation Agreement chapter with suggested clauses for unusual situations such as extraordinary school fees, private school or homeschooling. Book 1 of the "Divorce Bootcamp Self-Help Legal series" . KIRKUS: "A solid, informative self-help divorce guide. This exhaustive...guide covers a range of topics related to contested and uncontested divorces, including how to gather documentation of assets, estimate child support and alimony, and even, if necessary, obtain restraining orders. She discusses many topics related to asset division and child custody, including marital debt and visitation rights. The book is aimed at the broadest possible audience, but also discusses variations in state laws." (Review of the 5th Edition). . Legal Disclaimer: This book is not meant to constitute legal advice. The author is licensed to practice law in Massachusetts. Links have been provided to direct women to their local court resources in all 50 states, but the court forms, case histories and property division examples used are loosely based upon Massachusetts examples.
