Striking the Balance in Microfinance-Brian Branch 2002
This new book from the World Council of Credit Unions is a groundbreaking practical guide to mobilizing savings, written by practitioners for practitioners. It takes readers through the whole process of savings mobilization, from determining whether their own institutions are prepared to capture deposits responsibly, through establishing policies and procedures, developing products and marketing them, to measuring the effectiveness of marketing campaigns and determining the costs of mobilizing savings. Case studies from Ecuador and Nicaragua illustrate how credit unions were able to implement successful savings programs to grow their institutions and better serve their communities. The toolbox section provides worksheets, surveys and sample forms for readers to utilize in their own organizations.

Safety and Health for Engineers-Roger L. Brauer

2006-05-24 The essential guide to blending safety and health with economical engineering Over time, the role of the engineer has evolved into a complex combination of duties and responsibilities. Modern engineers are required not only to create products and environments, but to make them safe and economical as well. Safety and Health for Engineers, Second Edition is a comprehensive guide that helps engineers reconcile safety and economic concerns

using the latest cost-effective methods of ensuring safety in all facets of their work. It addresses the fundamentals of safety, legal aspects, hazard recognition, the human element of safety, and techniques for managing safety in engineering decisions. Like its successful predecessor, this Second Edition contains a broad range of topics and examples, detailed references to information and standards, real-world application exercises, and a significant bibliography of books for each chapter. Inside this indispensable resource, you'll find: * The duties and legal responsibilities for which engineers are accountable * Updated safety laws and regulations and their enforcement agencies * An in-depth study of hazards and their control * A thorough discussion of human behavior, capabilities, and limitations * Key instruction on managing safety and health through risk management, safety analyses, and safety plans and programs Additionally, Safety and Health for Engineers includes the latest legal considerations, new risk analysis methods, system safety and decision-making tools, and today's concepts and methods in ergonomic design. It also contains revised reference figures and tables, OSHA permissible exposure limits, and updated examples and exercises taken from real cases that challenged engineering designs. Written for engineers, plant managers, safety professionals, and students, Safety and Health for Engineers, Second Edition provides the information and tools you need to unite health and safety with economical engineering for safer technological solutions.

The Consumer Action Handbook- 2003

1100 Architect-1100 Architect (Firm) 1997 For more than twenty years, David Piscuskas and Juergen Riehm, principals of 1100 Architect, have worked toward a refined architecture that captures the spirit of early modernism and translates traditional sensibilities of harmony, composition, and precision into a contemporary context. The firm's designs do not adhere to any specific stylistic codes but do have a recognizable, yet understated architectural signature: an elegance of proportion, a subtle mix of colors, meticulous details and craftsmanship. Each project shown in this volume, the first monograph on the work of 1100, exemplifies that signature. Presented with exquisite color photographs, working drawings, models, and sketches, the designs range from apartments and houses (many for clients in the worlds of art, fashion, and theater) to retail and art-related spaces, including the Robert Mapplethorpe Foundation, TSE, J.Crew, and Metro Pictures, all in New York. Paralleling the diverse visual material, the rich and layered text epitomizes the nature of Piscuskas and Riehm's partnership, simultaneously exploring the relationship between the architects and their architecture, the literal

and the abstract, the tactile and the visual.

Russia Inc-Francis A. Lees 2005 This is the first publication in English that systematically describes and analyzes the Russian economy and business system from the viewpoint of commercial and investment opportunities. This volume provides a forward-looking analysis of Russia's economic and business transition. This volume provides a forward-looking analysis of Russia's economic and business transition including both the internal perspective of Russian government officials and academics, and the external perspective of non-Russian specialists. Russia Inc. is an outstanding resource for both academics and business professionals.

This publication is updated annually to include legislation from

the current legislative session.

Statebuilding by Imposition-Reo Matsuzaki 2019-03-15

How do modern states emerge from the turmoil of undergoverned spaces? This is the question Reo Matsuzaki ponders in *Statebuilding by Imposition*. Comparing Taiwan and the Philippines under the colonial rule of Japan and the United States, in the late nineteenth and early twentieth centuries, he shows similar situations produce different outcomes and yet lead us to one conclusion. Contemporary statebuilding efforts by the US and the UN start from the premise that strong states can and should be constructed through the establishment of representative government institutions, a liberalized economy, and laws that protect private property and advance personal liberties. But when statebuilding runs into widespread popular resistance, as it did in both Taiwan the Philippines, statebuilding success depends on reconfiguring the very fabric of society, embracing local elites rather than the broad population, and giving elites the power to discipline the people. In Taiwan under Japanese rule, local elites behaved as obedient and effective intermediaries and contributed to government authority; in the Philippines under US rule, they became the very cause of the state's weakness by aggrandizing wealth, corrupting the bureaucracy, and obstructing policy enforcement. As *Statebuilding by Imposition* details, Taiwanese and Filipino history teaches us that the imposition of democracy is no guarantee of success when forming a new state and that illiberal actions may actually be more effective. Matsuzaki's controversial political history

forces us to question whether statebuilding, given what it would take for this to result in the construction of a strong state, is the best way to address undergoverned spaces in the world today.

Cyber Spying Tracking Your Family's (Sometimes)

Secret Online Lives-Eric Cole 2005-03-15 Cyber Spying

Tracking Your Family's (Sometimes) Secret Online Lives

shows everyday computer users how to become cyber-sleuths. It takes readers through the many different issues involved in spying on someone online. It begins with an explanation of reasons and ethics, covers the psychology of spying, describes computer and network basics, and takes readers step-by-step through many common online activities, and shows what can be done to compromise them. The book's final section describes personal privacy and counter-spy techniques. By teaching by both theory and example this book empowers readers to take charge of their computers and feel confident they can be aware of the different online activities their families engage in. Expert authors have worked at Fortune 500 companies, NASA, CIA, NSA and all reside now at Sytex, one of the largest government providers of IT services Targets an area that is not addressed by other books: black hat techniques for computer security at the personal computer level Targets a wide audience: personal computer users, specifically those interested in the online activities of their families

Deep Drama-Karl E. Scheibe 2017-09-21 This book applies

a dramaturgical perspective to familiar psychological topics including fear, greed, shame, guilt, rejection, well-being and terrorism. In presenting vivid illustrations of how our understanding of psychological problems can be enriched and enlivened by employing dramatic language and concepts, it brings the well-established field of narrative psychology to life. Providing an accessible and fresh understanding of psychological problems through the language and concepts of theatre, Karl Scheibe builds on the work of leading scholars in the field including Sarbin, Gergen, Bruner and Goffman. This exciting and accessible book acts as a sequel to Scheibe's, *The Drama of Everyday Life*, and will appeal to students and scholars of narrative and social psychology, theatre studies and the studies of self and identity.

Elvis Live at Five-John Paxson 2002-09-17 Hiring an Elvis impersonator as their anchorman in order to boost ratings, a television station enjoys spectacular success, but when news fails to remain exciting enough to keep public interest, the station crew conspires to invent more profitable news.

Connecticut Motor Vehicle Register- 1915

Following Atticus LP-Tom Ryan 2011-09-20 Middle-aged, overweight, and acrophobic newspaper editor Tom Ryan and a little dog named Atticus M. Finch are an unlikely pair of mountaineers—but after a close friend dies of cancer, the two pay tribute to her by attempting to climb all forty-eight of New Hampshire's four-thousand-foot peaks twice in one winter while raising money for charity. In a rare test of endurance, Tom and Atticus set out on an adventure of a lifetime that takes them across hundreds of miles and deep into an enchanting but dangerous winter wonderland. An unforgettable saga of adventure, friendship, and the unlikeliest of family, *Following Atticus* is an inspiring tale of finding love and discovering your true self.

The Game from Where I Stand-Doug Glanville
2010-05-11 An insider's revealing look at the hidden world

of major league baseball Doug Glanville, a former major league outfielder and Ivy League graduate, draws on his nine seasons in the big leagues to reveal the human side of the game and of the men who play it. In *The Game from Where I Stand*, Glanville shows us how players prepare for games, deal with race and family issues, cope with streaks and slumps, respond to trades and injuries, and learn the joyful and painful lessons the game imparts. We see the flashpoints that cause misunderstandings and friction between players, and the imaginative ways they work to find common ground. And Glanville tells us with insight and humor what he learned from Jimmy Rollins, Alex Rodriguez, Randy Johnson, Barry Bonds, Curt Schilling, and other legendary and controversial stars. In his professional career, Glanville experienced every aspect of being a player—the first-round pick, the prospect, the disappointment, the can't-miss, the cornerstone, the veteran, the traded, the injured, the comeback kid. His eye-opening book gives fans a new level of understanding of day-to-day life in the big leagues.

Legal Division Reference Book - 2015-U. S. Department U.S. Department of Homeland Security 2016-10-09 The Legal Division Handbook relies essentially on the Supreme Court cases that have developed Fourth, Fifth and Sixth Amendment law. Crucial principles of the law are embedded in the Handbook text with frequent cites to the pertinent cases. This Reference Book provides an opportunity to gain further insight, clarity and understanding of the law by setting out the facts, issues, holding, and rationales of those significant decisions. The cases are listed by subject in the

Table of Contents and by name in the Index in the back of this book. This Reference Book is also helpful in preparing for legal examinations. The facts of each case can mimic the material that make up multiple choice test questions. The issue in each case brief can serve as a test question. Students may attempt to answer the question posed in the issue before reading the Supreme Court's answer and rationale as a means of testing knowledge gained from course work and the Handbook. Specific guidance and policies from the Department of Justice and Department of Homeland Security is arranged for quick reference on issues such as: Use of Race, Legal Ethics, Consensual Monitoring, Use of Deadly Force, the Public Safety Exception, Discovery in Criminal Cases, Use, Preservation and Disclosure of eCommunications in Federal Criminal Cases, Electronic Recording of Statements, and Interviewing Government Employees.

Yankee Samurai-Joseph Daniel Harrington 1979 Author
Joseph D. Harrington has written an informative and insightful history of the Nisei (Second-generation Japanese Americans), working for the U.S. armed forces in the Pacific during World War II. This is no whitewashed narrative, as it exposes U.S. internment camps, prejudices, and the frustrations of patriotic Japanese-Americans who wanted to fight for their country, but were initially rebuffed. As the book relates, not all Nisei were in favor of fighting, and even those that did encountered another kind of prejudice at first, from Hawaiian-born Nisei who more than occasionally felt that continental Japanese-Americans just didn't measure up,

linguistically-speaking. Like other children of immigrants, the Nisei were, to a large extent, caught between Japanese tradition and U.S. culture. The concept of honor, an essential element in Japanese-American family life, ended up serving U.S. military interests well. The author has done an outstanding job of uncovering names and telling little-known stories. Especially fascinating are the ones that describe the analytical acumen of Nisei translators.

Where I Live-Elizabeth Normen 2017-09 A social studies resource for grade 3 about Connecticut. Where I Live: Connecticut covers the geography, history, economy, and civics of Connecticut and meets the State of Connecticut social studies frameworks for grade 3: "Our State and our City/Town: Yesterday and Today."
