Off Limits Daddy-S.E. Law Nella: I was set up on a blind date by my best friend Marley. I said no, but she promised that my date would be incredibly hot, panty-meltingly gorgeous, and a CEO too. What she didn't mention is that Paul is arrogant, domineering, and downright rude, even if he has the sculpted body of a gladiator. Oh, and guess what else? Paul used to date my mom. Paul: I'm not exactly a nice guy. I have a certain itch that need to be scratched, so I've always focused on cougars. Older ladies can handle my desires without completely losing their minds and freaking out in the process. But one look at the innocent girl tells me that my assumptions were wrong, and sure enough ... Nella's pregnant with my child on the first try! This story is the next in the series after First Time Escort, My Roommate's Dad, and The CEO's Baby, except this time, it's Nella who meets the man of her dreams. Sure, she wants to slap that smirk off Paul's face, but she also wants to kiss him while being wrapped in those strong arms. It's a war of the wills and there's only good news at the end because of an unexpected gift from the stork! All my books may be read as standalones. No cheating, no cliffhangers, and always a HEA for my readers.

Changing Classes-Gøsta Esping-Andersen 1993-08-18 This book makes a significant contribution towards understanding the new class structures of post-industrial societies and the changing processes of social stratification and mobility. Drawing together comparative research on the dynamics of social stratification in a number of key western societies, the authors develop a framework for the analysis of post-industrial class formation. They illustrate the significance of the relations between the welfare state and the household, and the critical interface between gender and class. Case studies of the USA, the UK, Canada, Germany, Norway and Sweden examine the differing application of these ideas in individual welfare states.

Wicked Secret-Sawyer Bennett 2020-05-26 Those that truly know August Greenfield, will tell you that I live my life to the fullest. Work hard as part of the team at Jameson Force Security but play just as hard at The Wicked Horse Vegas. I have no regrets about my life. Well, maybe just one. Leighton Hale was my first love and the woman I wanted to spend my life with, but one day she was just gone. Vanished without a trace. Even my extensive contacts as part of the team at Jameson left me empty-handed in my search for answers. My single remorse is never being able to find out what happened to her, because no matter how difficult the truth may be, it can't be as bad as never knowing at all. Ten years later, a knock on my front door brings me face-to-face with the woman I thought I'd never see again and nothing in my life could have prepared me for the secrets she holds.
