Giving Preservation a History-Randall F. Mason 2019-10-21 In this volume, some of the leading figures in the field have been brought together to write on the roots of the historic preservation movement in the United States, ranging from New York to Santa Fe, Charleston to Chicago. *Giving Preservation a History* explores the long history of historic preservation: how preservation movements have taken a leading role in shaping American urban space and development; how historic preservation battles have reflected broader social forces; and what the changing nature of historic preservation means for efforts to preserve national, urban, and local heritage. The second edition adds several new essays addressing key developing areas in the field by major new voices. The new essays represent the broadening range of scholarship on historic preservation generated since the publication of the first edition, taking better account of the role of cultural diversity and difference within the field while exploring the connections between preservation and allied concerns such as environmental sustainability, LGBTQ and nonwhite identity, and economic development.

A Golden Haze of Memory-Stephanie E. Yuhl 2006-03-08 Charleston, South Carolina, today enjoys a reputation as a destination city for cultural and heritage tourism. In *A Golden Haze of Memory*, Stephanie E. Yuhl looks back to the crucial period between 1920 and 1940, when local leaders developed Charleston's trademark image as "America's Most Historic City." Eager to assert the national value of their regional cultural traditions and to situate Charleston as a bulwark against the chaos of modern America, these descendants of old-line families downplayed Confederate associations and emphasized the city's colonial and early national prominence. They created a vibrant network of individual artists, literary figures, and organizations--such as the all-white Society for the Preservation of Negro Spirituals--that nurtured architectural preservation, art, literature, and tourism while appropriating African American folk culture. In the process, they translated their selective and idiosyncratic personal, familial, and class memories into a collective identity for the city. The Charleston this group built, Yuhl argues, presented a sanitized yet highly marketable version of the American past. Their efforts invited attention and praise from outsiders while protecting social hierarchies and preserving the political and economic power of whites. Through the example of this colorful southern city, Yuhl posits a larger critique about the use of heritage and demonstrates how something as intangible as the recalled past can be transformed into real political, economic, and social power.

A Compilation of the Messages and Papers of the Presidents-United States. President 1916

Percival Bland's Proxy and The Missing Mortgagee-R. Austin Freeman 2017-08-15 These are two short stories from the collection THE GREAT PORTRAIT MYSTERY: "PERCIVAL BLAND'S PROXY" and "THE MISSING MORTGAGEE", wherein the brilliant medical investigator, Dr. Thorndyke, solves murderous crimes. Percival Bland was an uncommon criminal. He knew that his continual passing of counterfeit banknotes would eventually catch up with him, so he had a plan--precautions against the inevitable catastrophe. We can understand why he has created an alternate persona, Robert Lindsay, using disguises and renting two places of residence. No one seems to notice that he and his "cousin" Robert never are at their respective homes simultaneously, nor are they at home when the other visits, nor does anyone see the resemblance of their facial appearance under the makeup. But why does he buy human bones at auction? The lot was described in the catalog as "a complete set of human osteology" but they were not an ordinary "student's set," for the bones of the hands and feet, instead of being strung together on cat-gut, were united by their original ligaments and were "of an unsavoury brown colour." What does he want with those moldy bones? He has a nefarious plan, but it does not fool Dr. Thorndyke. After Dr. Thorndyke solved the case of Percival Bland, the doctor was called in by a life insurance company to investigate another case. There was apparently no doubt that Thomas Elton, a friendless, poverty-stricken artist, had fallen from the top of the overhanging cliff onto the beach. Now, one would suppose with the evidence of this fall of about a hundred and fifty feet, the smashed face and broken neck, there was not much room for doubt as to the cause of death. But Thorndyke indeed has his doubts. Richard Austin Freeman (11 April 1862 - 28 September 1943) was a British writer of detective stories, mostly featuring the medico-legal forensic investigator Dr. Thorndyke. He claimed to have invented the inverted detective story (a crime fiction in which the commission of the crime is described at the beginning, usually including the identity of the perpetrator, with the story then describing the detective's attempt to solve the mystery). Freeman used some of his early experiences as a colonial surgeon in his novels. Many of the Dr. Thorndyke stories involve genuine, but often quite arcane, points of scientific knowledge, from areas such as tropical medicine, metallurgy and toxicology.

The Embattled Past-Edward M. Coffman 2014-01-07 Internationally recognized for having reinvigorated and redefined his field, distinguished military historian Edward M. Coffman is a dedicated and much-admired teacher and mentor. In *The Embattled Past*, several of his most important essays have been assembled into a collection that serves as an essential reference to the discipline and an initiation to the study of military history for aspiring scholars. Coffman's introduction to the volume charts his own professional journey and sets the book within the larger context of Americans' attitudes toward their military, both inside and outside of academia. The essays explore a range of critical issues in military historiography—such as strategies for conducting oral history and research methodologies—and examine questions at the heart of the field. Included are two seminal essays on World War I, which provide a fascinating overview of American war strategies and illuminate the reasons why so many historians have ignored this critical turning point in twentieth-century history. The volume concludes with an unpublished essay detailing Coffman's experience of interviewing General Douglas MacArthur in 1960. This exciting new book offers readers insights into more than two hundred years of United States military history while also providing a comprehensive overview of Coffman's stellar contributions to the field. Important and engaging, *The Embattled Past* is a primer on the profession from one of the most honored scholars of our time.

TARGET SNAP 2017 (Past Papers 2005 - 2016) + 5 Mock Tests - 9th Edition-Disha Experts 2017-09-01 **TARGET SNAP 2017 - Past (2005 - 2016) + 5 Mock Tests**” contains the detailed solutions of SNAP Question Papers from 2005 to 2016. The book also contains 5 Mock tests designed exactly as per the latest pattern of SNAP. As the pattern of SNAP is changing every year so different patterns have been incorporated in the Mock Tests.

TARGET SNAP 2019 (Past Papers 2005 - 2018) + 5 Mock Tests 11th Edition-Disha Experts 2019-08-04

TARGET SNAP 2018 (Past Papers 2005 - 2017) + 5 Mock Tests 10th Edition-Disha Experts 2018-11-19 **TARGET SNAP 2018 - Past (2005 - 2017) + 5 Mock Tests** contains the detailed solutions of SNAP Question Papers from 2005 to 2017. The book also contains 5 Mock tests designed exactly as per the latest pattern of SNAP. The book also contains a General Awareness Question Bank containing 100+ MCQ's involving current issues similar to the ones asked in the actual exam. As the pattern of SNAP is changing every year so different patterns have been incorporated in the Mock Tests.

The book also contains thoroughly revised & updated 5 Mock tests designed exactly as per the latest pattern of IIFT - 114 questions. The book also contains a General Awareness Question Bank containing 100+ MCQ's involving current issues similar to the ones asked in the actual exam.

George C. Marshall-C. Brower 2011-06-06 Bringing together a who's who of Marshall scholars, this volume examines the major roles assumed by Marshall over his five-decade career - soldier; statesman and peacemaker; and leader and manager - to illuminate key issues and themes surrounding the man and his era.

Where These Memories Grow-W. Fitzhugh Brundage 2015-12-01 Southerners are known for their strong sense of history. But the kinds of memories southerners have valued--and the ways in which they have preserved, transmitted, and revitalized those memories--have been as varied as the region's inhabitants themselves. This collection presents fresh and innovative perspectives on how southerners across two centuries and from Texas to North Carolina have interpreted their past. Thirteen contributors explore the workings of historical memory among groups as diverse as white artisans in early-nineteenth-century Georgia, African American authors in the late nineteenth century, and Louisiana Cajuns in the twentieth century. In the process, they offer critical insights for understanding the many communities that make up the American South. As ongoing controversies over the Confederate flag, the Alamo, and depictions of slavery at historic sites demonstrate, southern history retains the power to stir debate. By placing these and other conflicts over the recalled past into historical context, this collection will deepen our understanding of the continuing significance of history and memory for southern regional identity. Contributors: Bruce E. Baker Catherine W. Bishir David W. Blight Holly Beachley Brear W. Fitzhugh Brundage Kathleen Clark Michele Gillespie John Howard Gregg D. Kimball Laurie F. Maffly-Kipp C. Brenden Martin Anne Sarah Rubin Stephanie E. Yuhl

South Carolina Women-Marjorie Julian Spruill 2009 Volume One: This volume, which spans the long period from the sixteenth century through the Civil War era, is remarkable for the religious, racial, ethnic, and class diversity of the women it features. Essays on plantation mistresses, overseers' wives, nonslaveholding women from the upcountry, slave women, and free black women in antebellum Charleston are certain to challenge notions about the slave South and about the significance of women to the state's economy. South Carolina's unusual history of religious tolerance is explored through the experiences of women of various faiths, and accounts of women from Europe, the West Indies, and other colonies reflect the diverse origins of the state's immigrants.

Transactions of the ... Annual Session-Medical Society of Virginia 1905

Lame of Thrones-The Harvard Lampoon 2020-11-10 From Harvard's legendary humor publication comes an outrageous, uproariously

funny parody of Game of Thrones, in the tradition of their previous bestselling parody book classics *Bored of the Rings*, *Nightlight*, and *The Hunger Pains*. An affectionate but take-no-prisoners send-up of the massive literary and television franchise, *Lame of Thrones* offers fans a way of reentering the fictional world they have come to love and merrily explodes all of its conventions -- as well as their expectations of the characters -- to hilarious ends. It may even leave you more satisfied than the actual TV ending of Game of Thrones. In fact, if it doesn't the Lampoon has really dropped the ball. *Lame of Thrones* will take you to Westopolis, where several extremely attractive egomaniacs are vying to be ruler of the realm and sit on the Pointy Chair. Our hero Jon Dough was a likely bet, but his untimely murder at the hands of his own men of the Night's Crotch has made that seem less likely. Will Dragon Queen Denny's Grandslam escape from her Clothkhaki captors and return to conquer the world? Or will she just get left in the desert counting grains of sand for the rest of the book? And what about Jon Dough's siblings? Will they be mentioned? Probably? Almost definitely, yes? It would be weird if they weren't prominent characters in the book, you say? To find out, read the book you wish George R.R. Martin would write but never will. The Lampoon -- the place where such comedy writers and performers as Conan O'Brien, Colin Jost, B.J. Novak, Patricia Marx, Alan Yang, Andy Borowitz and many more all got their start -- is ready to serve parody notice to the most entertaining, infuriating, and inescapable cultural phenomenon of the past decade.

War in the American Pacific and East Asia, 1941-1972-Hal M. Friedman 2019-01-18 Before 1940, the Japanese empire stood as the greatest single threat to the American presence in the Pacific and East Asia. To a lesser degree, the formerly hegemonic colonial powers of Britain, France, and the Netherlands still controlled portions of the region. At the same time, subjugated peoples in East Asia and Southeast Asia struggled to throw off colonialism. By the late 1930s, the competition exploded into armed conflict. Japan looked like the early victor, but the United States eventually established itself as the hegemonic power in the Pacific Basin by 1945. Yet when it comes to the American movement out into the Pacific, there is more to the story that has yet to be revealed. In *War in the American Pacific and East Asia, 1941--1972*, editor Hal Friedman brings together nine essays that explore lesser known aspects and consequences of America's military expansion into the Pacific during and after World War II. This study explores how the United States won the Pacific War against Japan and how it sought to secure that victory in the decades that followed, ensure it never endured another Pearl Harbor-style defeat, and saw the Pacific fulfill a Manifest Destiny-like role as an American frontier projected toward East Asia. The collection explores the role of the US military in the Pacific Basin in different ways by presenting essays on interservice rivalry and military advising as well as unique topics that are new to military history, such as the investigations of strategic communications, military public relations, institutional cultures of elite forces, foodways, and the military's interaction with the press. Together, these essays provide a path for historians to pursue groundbreaking areas of research about the Pacific and establish the Pacific War as the pivotal point in the twentieth century in the Pacific Basin.

Britain in China-Robert Bickers 2017-03-01 This is a study of Britain's presence in China both at its peak, and during its inter-war dissolution in the face of assertive Chinese nationalism and declining British diplomatic support. Using archival materials from China and records in Britain and the United States, the author paints a portrait of the traders, missionaries, businessmen, diplomats and settlers who constituted "Britain-in-China", challenging our understanding of British imperialism there. Bickers argues that the British presence in China was dominated by urban settlers whose primary allegiance lay not with any grand imperial design, but with their own communities and precarious livelihoods. This brought them into conflict not only with the Chinese population, but with the British imperial government. The book also analyzes the formation and maintenance of settler identities, and then investigates how the British state and its allies brought an end to the reign of freelance, settler imperialism on the China coast. At the same time, other British sectors, missionary and business, renegotiated their own relationship with their Chinese markets and the Chinese state and distanced themselves from the settler British.

Renaissance in Charleston-James M. Hutchisson 2003 "The essays tell how these and other individuals faced the tensions and contradictions of their time and place. While some traced their lineage back to the city's first families, others were relative newcomers. Some broke new ground racially and sexually as well as artistically; others perpetuated the myths of the Old South. Some were censured at home but praised in New York, London, and Paris. The essays also underscore the significance and growth of such cultural institutions as the Poetry Society of South Carolina, the Charleston Museum, and the Gibbes Art Gallery."--BOOK JACKET.

A Bluestocking in Charleston-Louise Anderson Allen 2001 In early 20th-century Charleston, Laura Bragg was called a woman ahead of her time, a fresh drink of water in a cultural desert, but never a proper Southern lady. This biography tells the story of the woman who changed the cultural face of Charleston and the nation's approach to museum education.
