A statement from the manufacturer of our products: "Environmental consciousness is important to us. As a manufacture on-demand company, we produce units only as they're ordered, which reduces excess production. Our ink is chlorine-free, and our acid-free interior paper stock is supplied by a Forest Stewardship Council-certified provider. We currently offer a cream paper for black and white book interiors that is made from 30% post-consumer waste recycled material. We also maintain a commitment to recycling waste materials resulting from the printing process and from daily office operations, and we will continue to review our practices to ensure we are doing our part to protect the environment." All of our products are made in the country where the order is placed and delivered - including U.S.A., Japan, Britain, Germany, Spain, France, Italy and more! We do not use real leather but we do appreciate the aesthetics - you will find that the dark strip printed on the side of most notebooks mimics leather pattern so that you may enjoy the look without harming animals. Hard, plastic, leather and synthetic covers put unnecessary strain on the environment. We use sturdy paperbacks with a layer of protective surface that cause less pollution and are easily recycled. As a paper products company that prints books for children we cannot compromise on these distinctive features as we work to preserve the planet for future generations.

Worth A Thousand Words-Meryl Jaffe 2018-12-21 Use graphic novels to teach visual and verbal literacy While our kids today are communicating outside the classroom in abbreviated text bursts with visual icons, teachers are required to teach them to critically listen, think, and read and write complex texts. Graphic novels are a uniquely poised vehicle we can use to bridge this dissonance between student communication skills and preferences with mandated educational goals. Worth a Thousand Words details how and why graphic novels are complex texts with advanced-level vocabulary, and demonstrates how to read and analyze these texts. It includes practical advice on how to integrate these books into both ELA and content-area classrooms and provides an extensive list of appropriate graphic novels for K-8 students, lesson suggestions, paired graphic/prose reading suggestions, and additional resources for taking these texts further. Provides research to back up why graphic novels are such powerful educational tools Helps you engage diverse student learners with exciting texts Shows you how to make lessons more meaningful Offers advice on implementing new literary mediums into your classroom Perfect for parents and teachers in grades K-8, Worth a Thousand Words opens up an exciting new world for teaching children visual and verbal literacy.

Storyboarding Essentials-David Harland Rousseau 2013-06-25 A comprehensive guide to visual storytelling from Savannah College of Art and Design (SCAD), one of the world's leaders in sequential arts instruction. Storyboarding is the process of graphically organizing a project—a motion picture, animation, motion graphic, or interactive media sequence—in order to translate artists' ideas from story to screen. Whether you're a filmmaker, animator, ad director, writer, or video-game artist--storyboarding is a skill that is absolutely critical. Storyboarding Essentials covers everything students and working professionals need to master the art of writing and formatting scripts, creating frames, and following visual logic to create a cohesive narrative.

We also maintain a commitment to recycling waste materials resulting from the printing process and from daily office operations, and we will continue to review our practices to ensure we are doing our part to protect the environment." All of our products are made in the country where the order is placed and delivered - including U.S.A., Japan, Britain, Germany, Spain, France, Italy and more! We do not use real leather but we do appreciate the aesthetics - you will find that the dark strip printed on the side of most notebooks mimics leather pattern so that you may enjoy the look without harming animals. Hard, plastic, leather and synthetic covers put unnecessary strain on the environment. We use sturdy paperbacks with a layer of protective surface that cause less pollution and are easily recycled. As a paper products company that also prints books for children we cannot compromise on these distinctive features as we work to preserve the planet for future generations.
