**Second Chance**-BJ Harvey 2018-06-29 Sometimes all it takes is a second chance to get things right. In this hot new angsty romance from USA Today bestselling author BJ Harvey, the once-burned-forever-commitment-shy best friend from One Shot faces her own moral dilemma of the heart When life gives me lemons, I always make lemonade. Living every day like it could be my last, I'm content with the choices I've made and do so unapologetically. With a relationship that makes me happy, and a job that I love, life is good. But when the man I've just agreed to marry, has his estranged wife and four-year-old daughter turn up on his doorstep, I'm not the only one reevaluating things. He didn't plan for that—and I didn't plan for my childhood sweetheart to return, wanting me back. Sometimes lemons can be sour, sometimes they can be sweet, and sometimes, all it takes is a second chance to make things right again. You just need to get that second chance in the first place.

**Working For It**-BJ Harvey 2020-05-06 It started one night in Vegas over a naughty cocktail and dirty banter. Eight months of bedded bliss later, Gilly Nelson says the two words Ezra Baker never saw coming: "I'm pregnant." Twice-divorced Ezra has always acted first, thought it through later. Except in Gilly he finds an equal; a strong-willed, independent woman who doesn't need his money or kind heart to get ahead. She just wants him. Career-focused Gilly never imagined she'd be thirty-five, single and pregnant. Except when Ezra suggests they date rather than just mate, she finds herself wondering whether the man she's been looking for has been in her bed all along. If they can survive raging hormones, house renovations, and the realities of childbirth, surely creating a family will be a walk in the park...right? \*\*\* Working For It is a full-length house flipping romantic comedy that can be read as a complete standalone and is the fifth and final book in the Cook Brothers series. Working For It is Ezra Baker's story.

This companion novella follows on from the end of True Bliss and will lead into Finding Bliss - Noah 'Walking Dildo' Taylor's story. \*\*\*Disclaimer - Hot sex, drunken texts, horny phone calls, and a wedding anticipated by all but one. And, of course, a few freak outs along the way (but NOT the kind you're used to) because that's how Mac rolls \*\*\*

**Temporary Bliss**-BJ Harvey 2013-08-26 Temporary love. Temporary feelings. Until a late-night encounter creates a permanent longing for bliss of another kind... Makenna Lewis cringes at any mention of the word commitment. Her past experience with the L-word did little more than teach her that anything involving feelings is a dangerous path indeed. She no longer wants or needs a relationship, but she still enjoys men. Even if her attachment to them is only temporary. That is, until a late night encounter with the delicious Daniel Winters turns her preconceived notion of commitment completely on its head. He makes her feel things she vowed to never feel again, and when Daniel pushes for more than she's willing to give, she falters. What do you do when something that you've known to be so wrong in the past feels so damn right in the present? If you're Mac, you run and hide. Lucky for Mac, Daniel isn't the type of man who takes no for an answer.

**Adaptive Wireless Communications**-Daniel W. Bliss 2013-05-09 A comprehensive and self-contained exploration of cutting-edge applications in adaptive wireless communications, perfect for self-study.

**Temporary Bliss**-Bj Harvey 2013-08 Makenna Lewis cringes at any mention of the word commitment. She doesn't want or need a relationship, but she does like sex (who doesn't). That explains Noah, Sean, and Zander, her three 'friends with benefits'. They know the score, they know they're not the only one, and each of them provide her with a different physical need that she craves and enjoys. Until a late night encounter with the delicious Daniel Winters turns her preconceived notion of no-commitment completely on its head. Soon she finds herself feeling things she vowed never to feel again, and when Daniel pushes for more than she's willing to give, she falters. What do you do when something that you've known to be so wrong in the past feels so damn right? If you're Mac, you run and hide. But is Daniel the type of man who takes no for an answer?

**Blissful Surrender**-BJ Harvey 2014-05-02 This is a story of Sean Miller, a dom that will have your panties diving for cover with an eyebrow quirk. That will have even the strongest women dropping to their knees in submission with a piercing stare, and Samantha Richards, a female cop who's tough, seemingly impenetrable shell is strong enough to resist everyone except the one man it was build up to protect her against. \*\*Disclaimer - If you thought the first two Bliss books were hot, you ain't seen nothing yet. Creative use of handcuffs, batons, a club scene you have to read to believe, and a tough as nails dominant who is blindsided when the one woman strong enough to disarm him threatens his resolve not to let his past dictate his future.\*\* Like the other books in the Bliss series, this book can be read as a stand alone. There are common characters in the books but it is not necessary to read the first two books in the series to read this one.

**Finding Bliss**-Bj Harvey 2015-06-17 The End of an Era Watching my best friend and my old friend-with-benefits blissfully walk down the aisle has just reiterated the fact that I'm thirty and perpetually single. I thought I'd found the woman I wanted to spend my life with, you have to open your eyes to realize that it's never gonna happen. Funny how meeting the right person can finally make you see sense. My name is Noah Taylor: kickass trauma surgeon, closet idealist, wishful thinker, and all round cocky asshole, and this is the year my life will change for the better. \*Disclaimer: This book features hot sex, filthy language, misuse of on-call rooms and the overdue redemption of the fake orgasm\*
