The Amazing Absorbing Boy-Rabindranath Maharaj 2011 "Trapped in the big city, far away from his tropical island home, Samuel feels like an outsider, like he slipped into another dimension. People are too quiet in this mall of a country, so as his new life unfolds he learns to make his own rules and to conjure a reality from the pages of his favourite comics."--P. [4] of cover.

Joy of the Birds-Gale Cooper 2008-06 Joy of the Birds is a milestone in the literature of Billy the Kid. It is arguably the definitive revisionist telling of his story. Based on research utilizing 40,000 pages of archival documents and books, and input of over 300 consultants, Joy of the Birds creates a virtual world. As docufiction, it ends 130 years of cover-up by the Santa Fe Ring: a corrupt cabal of robber baron politicians, law enforcement, and hit-man thugs which caused the freedom fight known as the Lincoln County War. Central to that uprising was Billy Bonney, outlawed by these enemies as Billy the Kid. That war's last survivor, he had to die. The truth could have brought down President Hayes's administration. Joy of the Birds is also a tale of star-crossed romance between charismatic Billy and young Paulita Maxwell, the richest heiress in New Mexico

The Glass Castle-Jeannette Walls 2006-01-02 Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

Death by Video Game-Simon Parkin 2016-06-21 "The finest book on video games yet. Simon Parkin thinks like a critic, conjures like a novelist, and writes like an artist at the height of his powers—which, in fact, he is." —Tom Bissell, author of Extra Lives: Why Video Games Matter On January 31, 2012, a twenty-three-year-old student was found dead at his keyboard in an internet café while the video game he had been playing for three days straight continued to flash on the screen in front of him. Trying to reconstruct what had happened that night, investigative journalist Simon Parkin would discover that there have been numerous other incidents of "death by video game." And so begins a journey that takes Parkin around the world in search of answers: What is it about video games that inspires such tremendous acts of endurance and obsession? Why do we so thoroughly lose our sense of time and reality within this medium? How in the world can people play them . . . to death? In Death by Video Game, Parkin examines the medical evidence and talks to the experts to determine what may be happening, and introduces us to the players and game developers at the frontline of virtual extremism: the New York surgeon attempting to break the Donkey Kong world record . . . the Minecraft player three years into an epic journey toward the edge of the game's vast virtual world . . . the German hacker who risked prison to discover the secrets behind Half-Life 2 . . . Riveting and wildly entertaining, Death by Video Game will change the way we think about our virtual playgrounds as it investigates what it is about them that often proves compelling, comforting, and irresistible to the human mind—except for when it’s not.

Apron Strings and Broken Arrows-Gene Lovell 2006-09 Auburn Jackson was alone, ignorant, and pregnant, but not unBibled. She had sinned and was punished with a brain-damaged child to raise in the impoverished wilds of West Virginia. But she had spunk and the guile of the street-smart, and she believed in the innate goodness in all. So armed, Auburn guts out a nursing degree while caring for her child, only to see him die like his father in a mine. Thinking to redeem herself from God's wrath, Auburn takes a nursing job for handicapped youth on Hatteras Island and finds happiness and fulfillment for a time. She revels in loving an Indian child from her own birthplace on Knapps Creek. No good deed goes unpunished, the sage says and Auburn is not immune. Jacob's Ladder: A Story of Virginia During the War-Donald McCaig 2009-12-07 Winner of the Michael Shaara Award for Excellence in Civil War Fiction A civil war saga that resonates with the bitter glory and human shame of the Confederacy. Jacob’s Ladder is a Civil War epic, a love story that pits the indomitable longing of the human heart against circumstances of racism, slavery, and war. Duncan Gatewood, seventeen and heir to the Gatewood plantation, falls in love with Maggie, a mulatto slave, who conceives a son, Jacob. Maggie and Jacob are sold south, and Duncan is packed off to the Virginia Military Institute. As Duncan fights for Robert E. Lee, Jesse—a Gatewood slave whose love for Maggie is unrequited—escapes north and enlists in Lincoln’s army, determined to confront his former masters, while Maggie finds herself living a life she never could have imagined as the wife of a blockade runner. From the interlocked lives of masters and slaves, Donald McCaig conjures a passionate and richly textured story in the heart of America’s greatest war. The destiny of these three compelling characters connect a Vicksburg brothel to a Richmond salon, the nightmare of a Confederate hospital to the lurid hell of battlefields at Fredericksburg and Chancellorsville. The House of Islam-Ed Husain 2018-06-19 “Ed Husain has become one of the most vital Muslim voices in the world. The House of Islam could very well be his magnum opus.” -Reza Aslan, #1 New York Times bestselling author of Zealot “This should be compulsory reading.” -Peter Frankopan, author of the international bestseller The Silk Roads Today, Islam is to many in the West an alien force, with Muslims held in suspicion. Failure to grasp the inner workings of religion and geopolitics has haunted American foreign policy for decades and has been decisive in the new administration's controversial orders. The intricacies and shadings must be understood by the West not only to build a stronger, more harmonious relationship between the two cultures, but also for greater accuracy in predictions as to how current crises, such as the growth of ISIS, will develop and from where the next might emerge. The House of Islam addresses key questions and points of disconnection. What are the roots of the conflict between Sunni and Shi'a Muslims that is engulfing Pakistan and the Middle East? Does the Koran encourage the killing of infidels? The book thoughtfully explores the events and issues that have come from and contributed to the broadening gulf between Islam and the West, from the United States' overthrow of Iran's first democratically elected leader to the emergence of ISIS, from the declaration of a fatwa on Salman Rushdie to the attack on the offices of Charlie Hebdo. Authoritative and engaging, Ed Husain leads us clearly and carefully through the nuances of Islam and its people, taking us back to basics to contend that the Muslim world need not be a stranger to the West, nor our enemy, but our peaceable allies.

I Know Why the Caged Bird Sings-Maya Angelou 2010-07-21 Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. I Know Why the Caged Bird Sings captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local “powhitetrash.” At eight years old and back at her mother’s side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors (“I met and fell in love with William Shakespeare”) will allow her to be free instead of imprisoned. Poetic and powerful, I Know Why the Caged Bird Sings will touch hearts and change minds for as long as people read. “I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity.”—James Baldwin From the Paperback edition.

The Cult of Smart-Fredrik deBoer 2020-08-04 Leftist firebrand Fredrik deBoer exposes the lie at the heart of our educational system and demands top-to-bottom reform. Everyone agrees that education is the key to creating a more just and equal world, and that our schools are broken and failing. Proposed reforms variously target incompetent teachers, corrupt union practices, or outdated curricula, but no one acknowledges a scientifically-proven fact that we all understand intuitively: academic potential varies between individuals, and cannot be dramatically improved. In The Cult of Smart, educator and outspoken leftist Fredrik deBoer exposes this omission as the central flaw of our entire society, which has created and perpetuated an unjust class structure based on intellectual ability. Since cognitive talent varies from person to person, our education system can never create equal opportunity for all. Instead, it teaches our children that hierarchy and competition are natural, and that human value should be based on intelligence. These ideas are counter to everything that the left believes, but until they acknowledge the existence of individual cognitive differences, progressives remain complicit in keeping the status quo in place. This passionate, voice-driven manifesto demands that we embrace a new goal for education: equality of outcomes. We must create a world that has a place for everyone, not just the academically talented. But we’ll never achieve this dream until the Cult of Smart is destroyed.
