

Blood Slaves The Daughters Of Darkness Book English Edition

Blood Slaves-N.L. Hoffmann 2014-01-23 Can the daughter of Lucifer take down evil? Special Agent Blake Noble's job is to protect the humans from the supernaturals, but of course things never do go as planned. The second her superior's niece goes missing, Blake is assigned the case. She uncovers an old, dark vampire secret, and realizes it's the reason why so many of the city's citizens are disappearing. Her sights set on a suspect, Blake goes undercover where she meets the mysterious vampire Eli. While tracking down the suspects of the abductions, Blake's determined not to let Eli's allure and charm distract her. Things only worsen when Lucifer appears claiming to be her father. The last thing Blake needs are the devil's crazy antics. Between demon lessons with the devil and tracking down the elusive vampire suspects, Blake and Eli are forced to face truths they never expected. Can they prevent more victims? Or will they become victims themselves?

Daughter of the Blood-Anne Bishop 1998 Three men, sworn enemies, vie for sway over the girl witch--a blue-eyed innocent--who is to rule over the Dark Kingdom, commencing a ruthless game of politics, magic and betrayal, in which the weapons are love and hate. Original.

The Daughter of Teragon (The Land of the Blood of Allaron Legend)-Jayne Kinch 2020-12-20 In a land where vampires are rulers and humans are seen as little more than objects, Kata is a slave at Saron Castle, stronghold of Prime Viktor - the sadistic ruler of the Northlands - where each day she is forced to live in fear of becoming a vampire's next victim. Then a stranger from a faraway land arrives at the castle and changes Kata's life forever. But Kata soon learns that freedom comes at a price and she has to decide if it is a price she is willing to pay. Each book in The Land of the Blood of Allaron series is stand-alone, but for greatest enjoyment, the following reading order is recommended: The Daughter of Teragon The Fair Isle Princess The Guardsman's Lover The Duchess of Farrow The Warrior Queen Contains content of a sexual nature. Intended for mature readers only.

They Were Her Property-Stephanie E. Jones-Rogers 2020-01-07 Winner of the Los Angeles Times Book Prize in History A bold and searing investigation into the role of white women in the American slave economy "Compelling."—Renee Graham, Boston Globe "Stunning."—Rebecca Onion, Slate "Makes a vital contribution to our understanding of our past and present."—Parul Sehgal, New York Times Bridging women's history, the history of the South, and African American history, this book makes a bold argument about the role of white women in American slavery. Historian Stephanie E. Jones-Rogers draws on a variety of sources to show that slave-owning women were sophisticated economic actors who directly engaged in and benefited from the South's slave market. Because women typically inherited more slaves than land, enslaved people were often their primary source of wealth. Not only did white women often refuse to cede ownership of their slaves to their husbands, they employed management techniques that were as effective and brutal as those used by slave-owning men. White women actively participated in the slave market, profited from it, and used it for economic and social empowerment. By examining the economically entangled lives of enslaved people and slave-owning women, Jones-Rogers presents a narrative that forces us to rethink the economics and social conventions of slaveholding America.

Living Hell: Chaos Ensues-N.L. Hoffmann 2019-03-19 Sophie doesn't know how her life got turned so upside down. Drake, who has been taken over by a rogue demon, is on the loose, wreaking havoc. She needs to stop him before he kills anyone else. But how is that possible when she doesn't know if she's seeing the demon or Drake? Ethan, a Mage, wants Sophie all to himself, but he knows she still loves Drake. Despite telling himself Drake should suffer horribly for how he treated her, he does the only thing he can to make her happy. Says he'll help her rescue her ex. Ethan just hopes it's the right decision. Embarking on a mission to destroy the demon, Sophie and Ethan find themselves in a life-or-death struggle. Will either of them make it out alive?

Blood and Earth-Kevin Bales 2016 Bales examined "the connection between environmental decline and slavery: the two almost always went hand-in-hand, whether in the hellish gold mines of Ghana or the miraculously beautiful mangrove forests of Bangladesh. But why? He set off to find the answer on a ... journey that took him into the lives of modern day slaves and along a supply chain that leads directly to the cell phones in our pockets"--

Soulless-N.L. Hoffmann 2021-02-17 Eva hasn't worked for Hell in years until Lucifer decides to force her into doing his dirty work yet again. A babysitting job no less to help his seriously hot son, Damon, recapture a mysterious puzzle box that allows the worlds to merge. If they don't find the box, hunters will possess it and release demons to roam around wreaking havoc. But it all goes wrong when she ends up stuck trying to save Damon from hunters who want him dead. Never mind that she's developing feelings for the guy because keeping number one out of danger seems like the best way to come out of their situation alive. Waking up surrounded by dead bodies, Damon knows it's the first sign his life is going to hell. That's before discovering that Lucifer is his father. Things seem grim until he lays eyes on the exquisite Eva who claims his life is in danger. Damon and Eva have the means to stop the hunters, but can they get there in time? Most of all, will they be prepared to handle the threat that will be unleashed? Will their new bond help them fight the most dangerous enemy of all or will their distraction of heated exchanges be their undoing?

Clotelle-William Wells Brown 1998 Clotelle; or the Colored Heroine by William Wells Brown (1814 - 1884) was originally printed by the Press of Geo. C Rand and Avery in 1867. This reproduction is reset line-for-line, page-for-page from a copy in the Negro Collection of the Fisk University Library by Jeffrey Young & Associates.

Catching Hell: Demon Uncovered-N.L. Hoffmann 2017-04-15 Faster than she can blink, Sophie's life turns into a chaotic mess. Unbeknownst to her, her lover, Drake, is married. On top of that, a Demon is trying to drain his powers, and a rogue Witch just might have exposed the entire community. Nobody said being the Head Mistress was easy. Ethan is a troublesome Mage who has been tasked with aiding Sophie in thwarting the catastrophic events facing the magical community. However, working alongside Ethan might just be her biggest challenge of all. Sophie and Ethan race against the clock, encountering multiple challenges that not only threaten the success of the mission, but the magic that has brought them together. As the duo attempts the impossible, they dive head first into the trouble that lay ahead. Will they be able to save the Witch community before it's too late? Can Drake be saved, or is he too far gone?

Narrative of the Life of Frederick Douglass, an American Slave-Frederick Douglass 1973-01-01 The personal account of a fugitive slave's privation and sufferings and his campaigns for Negro emancipation

Never Die-N.L. Hoffmann 2016-10-13 Never give up. Never surrender. Never Die. Riley Cole is a lone wolf. Metaphorically speaking, that is. After living through a bleak childhood and pathetic excuses for parents, Riley left the backwoods town of Luna Hill, Missouri happily in her rearview mirror. Her survival instincts and natural independence brought her to Chicago, where she discovered her calling as a private investigator. However, when a mysterious stranger from her hometown requests her services, Riley must summon all of her courage to face the ghosts of her past. As she gets closer to the answers that she seeks, something otherworldly happens. Riley becomes an actual wolf. With the help of Sheriff Luke Thatcher, can Riley get to the truth and save those closest to her before it's too late?

Spell Hell: An Undercover Witch-N.L. Hoffmann 2016-12-31 Casting Hell...one spell at a time. Who knew that a single witch could have so many forces troubling her community? Everyone seems to get a case to work except Sophie Dexter, but when the Witches' Council finally assigns her one, it comes along with an egotistical, jerky vampire that seems to have it out for witches. At least, that's what Sophie suspects. Riverdale, Colorado is where it all begins. Witches go missing, and then are found...murdered. What do they all have in common, besides being dead? They were all hired-and subsequently fired-by the jerky vampire and powerful software magnate himself, Drake Jacobi. Sophie must go undercover as one of Drake's secretaries in order to discover what is really going on at his company. Will her arsenal of spells prevent her fate from becoming the same as the others before her? Or will her own destiny be even worse if she falls under the spell of the handsome vampire?

Jefferson's Daughters-Catherine Kerrison 2018 A portrait of the divergent lives of Thomas Jefferson's three daughters reveals how his white daughters struggled with the realities of lives they were ill-prepared to manage, while the daughter he fathered with a slave did not achieve freedom until adulthood.

Daughters of Slaves-Frank Hilliard 2008-10-21 Could it be there's a real, historical reason why women think, talk and act differently from men? Did a million years of slavery have an effect on women that remains today? Can you test these theories for yourself in real life? These questions, and many more, are answered in this unique and surprising perspective on relationships; a book that will change your life and fulfill your dreams.

Tragically Wicked-N. Hoffmann 2015-06-16 "Imagine being human, then waking the next day to find you're the Guardian Valkyrie, whose duty is to protect the souls of fallen warriors. One little catch... I have to find them first!" Fallon Creed's life has been turned upside down and she must find the missing warrior souls before others with less than honorable intentions can get their hands on

them. She not only has to face these new enemies, she also learns that someone close to her is not who she said she was. With the aid of two powerful brothers, Fallon starts to embrace her role as the Guardian. When her strength as a Valkyrie is tested, she starts to have doubts as to whether she can live up to the job. Time doesn't matter to those who are Immortal.....unless you're the Guardian. If Fallon doesn't find all the souls in time, it could mean the end of her existence as well as the rest of the world's.

Sermons, Speeches and Letters on Slavery and its War-Gilbert Haven 2020-09-23 Reprint of the original, first published in 1869.

National Sermons. Sermons, speeches and letters on slavery and the war, etc-Gilbert HAVEN 1869

Blood and Roses-Christy Dunlap 2021-06-10 Blood and Roses By: Christy Dunlap "And in that moment, in his mind's eye, Brice actually saw her. Not just her fiery red hair and bright green eyes, but the way she was dressed. Then he remembered something that disturbed him greatly. Layton had mentioned something about bounty hunters, and he was suddenly sure that the beautiful woman he'd just run into was a bounty hunter and that slight tilt of her head had been the realization that she had found him."

Bob Covington-Archibald Clavering Gunter 1897

Beloved-Toni Morrison 2004 Sethe, an escaped slave living in post-Civil War Ohio with her daughter and mother-in-law, is haunted persistently by the ghost of the dead baby girl whom she sacrificed, in a new edition of the Nobel Laureate's Pulitzer Prize-winning novel. Reader's Guide available. Reprint. 60,000 first printing.

Blood on the Bayou-Donald S. Frazier 2015-03-05 Blood on the Bayou: Vicksburg, Port Hudson, and the Trans-Mississippi takes a well-known story, the struggle for control of the Mississippi River in the American Civil War, and recasts it as a contest for control of African-American populations. The Emancipation Proclamation may have freed the slaves, but the task of actually moving these liberated people into the Union lines and directing their labor to the benefit of the Union fell to the Federal army and navy. Control of the Mississippi has often been cast in economic terms. This book, by examining the campaigns from west of the river, shows how the campaign to reduce these Rebel forts also involved the creation of a black army of occupation and a remaking of the social and political landscape of Louisiana and the nation. This book is new scholarship and, most importantly, fresh research that challenges many commonly held notions of the Vicksburg and Port Hudson campaigns. In the past, the movement of large armies and the grand assaults garnered the most attention. As Blood on the Bayou reveals, small unit actions and big government policies in the Trans-Mississippi did as much to shape the outcome of the war as did the great armies and famous captains of legend and lore. No student of the Civil War should ignore this book. Scholars of Vicksburg and Port Hudson will find their studies incomplete without a thorough examination of this work. As with the other books in the Louisiana Quadrille series, the military campaigns remain front and center. I trace the movements of obscure regiments and battles fought on unfamiliar trans-Mississippi landscapes in June and July, 1863, and tell a little-known aspect of the sieges of Vicksburg and Port Hudson. I examine the evolution of Federal and Confederate strategy and sketch the leaders tasked with carrying these plans forward. There is enough combat to satisfy even the most ardent student of campaigns and commanders. The sources, however, revealed an almost obsessive concern over slavery by both sides. Actually, these soldiers, civilians, and politicians did not fret over the institution of slavery as much as control over the slaves themselves. Both Federal and Confederate authorities seemed preoccupied with who physically controlled the enslaved population. This led me to review Republican views on this subject, and especially those held by Abraham Lincoln. The tug-of-war over people—whom some considered persons held in bondage and others considered human property—also caused me to reexamine the peculiar institution as a salient feature of Confederate national identity. A greater appreciation for the causes of the war emerged. While states' rights certainly provided a framework and context for the argument, slavery caused the war, not vice versa. Physical control of the slave population impacted how the Federal Government conducted the war. When war broke out, slaves emerged first as "contraband," then morphed into "self-emancipated" persons, before becoming the *raison d'être* of the Mississippi Valley campaigns in 1863. The African-Americans became plunder, if you will. I came to the conclusion that the gathering of these persons drove, in part, Union military strategy in the Mississippi Valley. Lincoln wanted slaves removed from southern owners, concentrated in areas convenient to Union logistics centers, and then redistributed to serve as soldiers or farmers on behalf of the United States. The longer the military campaigns in the Mississippi Valley dragged on, the more Federal officials could feed liberated slaves into the system. This strategy held that, once Union troops had removed slaves from bondage and repurposed them to other tasks, it would be nearly impossible for their former masters to re-enslave them. No matter the outcome of the war, the Federal government set out to break slavery—forever. Fearing a rapid collapse of the Confederacy, abolitionists intended to make sure that readmitted states did not reestablish slavery. Remember, slavery was then a state prerogative. Passage of the Thirteenth Amendment still lay months into the future. Concurrently, Lincoln believed Black troops would help achieve victory and then secure the peace. One the shooting ended these African-American regiments might serve as an army of occupation. The largest concentration of slaves lay in the Mississippi Valley and this population needed to be under Federal control. The Rebel forts at Vicksburg and Port Hudson were impediments. Even so, despite the presence of these Confederate citadels, US troops could remove the African-American population of this region into zones of their choosing with increasing impunity. The fall of these positions facilitated commerce and navigation on the Mississippi. Yet, the great gathering of African-Americans began, and continued, notwithstanding the Rebels in the earthworks.

Blood for Molasses-Rick Ward 2010-07-28 Blood for molasses: a Mississippi massacre, is based on a true story about a slaughter that started over the accidental spilling of molasses in the small central Mississippi town of Carrollton.

The Enduring Vision: A History of the American People-Paul S. Boyer 2013-01-29 THE ENDURING VISION's engaging narrative integrates political, social, and cultural history within a chronological framework. Known for its focus on the environment and the land, the text is also praised for its innovative coverage of cultural history, public health and medicine, and the West--including Native American history. The eighth edition incorporates new scholarship throughout, includes a variety of new photos, and brings the discussion fully up to date with coverage of the 2012 presidential campaign. Based on the popularity of the Going to the Source feature, which was introduced in the previous edition, additional Going to the Source selections are offered online in the eighth edition. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A Freedom Bought with Blood-Jennifer C. James 2012-09-01 In the first comprehensive study of African American war literature, Jennifer James analyzes fiction, poetry, autobiography, and histories about the major wars waged before the desegregation of the U.S. military in 1948. Examining literature about the Civil War, the Spanish-American Wars, World War I, and World War II, James introduces a range of rare and understudied texts by writers such as Victor Daly, F. Grant Gilmore, William Gardner Smith, and Susie King Taylor. She argues that works by these as well as canonical writers such as William Wells Brown, Paul Laurence Dunbar, and Gwendolyn Brooks mark a distinctive contribution to African American letters. In establishing African American war literature as a long-standing literary genre in its own right, James also considers the ways in which this writing, centered as it is on moments of national crisis, complicated debates about black identity and African Americans' claims to citizenship. In a provocative assessment, James argues that the very ambivalence over the use of violence as a political instrument defines African American war writing and creates a compelling, contradictory body of literature that defies easy summary.

Sex, Power, and Slavery-Gwyn Campbell 2014-12-10 Sexual exploitation was and is a critical feature of enslavement. Across many different societies, slaves were considered to own neither their bodies nor their children, even if many struggled to resist. At the same time, paradoxes abound: for example, in some societies to bear the children of a master was a potential route to manumission for some women. Sex, Power, and Slavery is the first history of slavery and bondage to take sexuality seriously. Twenty-six authors from diverse scholarly backgrounds look at the vexed, traumatic intersections of the histories of slavery and of sexuality. They argue that such intersections mattered profoundly and, indeed, that slavery cannot be understood without adequate attention to sexuality. Sex, Power, and Slavery brings into conversation historians of the slave trade, art historians, and scholars of childhood and contemporary sex trafficking. The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas. Contributors: David Brion Davis, Martin Klein, Richard Hellie, Abdul Sheriff, Griet Vankeerberghen, E. Ann McDougall, Matthew S. Hopper, Marie Rodet, George La Rue, Ulrike Schmieder, Tara Iniss, Mariana Candido, James Francis Warren, Johanna Ransmeier, Roseline Uyanga with Marie-Luise Ermisch, Francesca Ann Louise Mitchell, Shigeru Sato, Gabeba Baderoon, Charmaine Nelson, Ana Lucia Araujo, Brian Lewis, Ronaldo Vainfas, Salah Trabelsi, Joost Côté, Sandra Evers, and Subho Basu

The Blood Husband-Andries Lievaart 2020-05-31 In this remarkable book, Andries Lievaart explains that the story of the Blood Husband, as mentioned in Exodus 4, can only be understood by studying the undiscovered forty years Moses spent in the land of Midian. No other researcher of the Bible has succeeded in expressing in a clear way what happened in that period in the life of Moses, in the life of his wife Zipporah and in the life of father-in-law Jethro. The reader is, so to speak, taken into the lives of these three protagonists and will be astonished time after time. The heart of many Christians will beat faster when reading the undiscovered biblical story about the Blood Husband.

A Birthday Cake for George Washington-Ramin Ganeshram 2016-01-05 An exploration of fifty influential and inspirational women who changed the world. Everyone is buzzing about the president's birthday! Especially George Washington's servants who scurry around the kitchen preparing to make this the best celebration ever. Oh, how George Washington loves his cake! And, oh, how he depends on Hercules, his head chef, to make it for him. Hercules, a slave, takes great pride in baking the president's cake. But this year there is one problem--they are out of sugar. This story, told in the voice of Delia, Hercules' young daughter, is based on real events, and underscores the loving exchange between a very determined father and his eager daughter who are faced with an unspoken, bittersweet reality.

Sex and Sex Worship-Otto Augustus Wall 1919

The Cultural Politics of Blood, 1500-1900-Kimberly Anne Coles 2015-01-26 The essays of this collection explore how ideas about 'blood' in science and literature have supported, at various points in history and in various places in the circum-Atlantic world, fantasies of human embodiment and human difference that serve to naturalize existing hierarchies.

Slavery & Race in American Popular Culture-William L. Van Deburg 1984 In this ambitious work, William L. Van Deburg offers the first inter-disciplinary survey of American popular culture and its historical attitudes toward slavery and race. Spanning more than three centuries, from the colonial era to the present, Van Deburg's overview analyzes the works of American historians, dramatists, novelists, poets, lyricists, and filmmakers, and exposes, through those artists' often disquieting perceptions, the cultural underpinnings of our current racial attitudes and divisions. Anyone interested in American history, Afro-American studies, slavery, mass culture, or literature will find this work to be essential reading, both as far-ranging cultural history and as an important study of how we came to be a nation still enslaved by popular stereotypes,

Baptized in Blood-Charles Reagan Wilson 2011-03-15 Southerners may have abandoned their dream of a political nation after Appomattox, but they preserved their cultural identity by blending Christian rhetoric and symbols with the rhetoric and imagery of Confederate tradition. Out of defeat emerged a civil religion that embodied the Lost Cause. As Charles Reagan Wilson writes in his new preface, "The Lost Cause version of the regional civil religion was a powerful expression, and recent scholarship affirms its continuing power in the minds of many white southerners."

Lion's Blood-Steven Barnes 2003-02-01 The fates of two families--one Islamic African aristocrats, the other Druidic Irish slaves--collide as two young men, one from each dynasty, confront each other, in this novel of alternate history where Africans colonize America.

Blood and War at my Doorstep-Brenda Chambers McKean 2011-07-08 Continuing from Volume I, Volume II intersperses numerous soldiers' letters with those from home. The issue of slavery from both the owners and individuals is brought forth. Did colored men really serve as Confederate soldiers? Did free black men? Union soldiers described southern women as defiant, beautiful, crude, and pitiful. Read of women aboard blockade-runners, the fall of Wilmington, Sherman's march, Stoneman's western raiders, and the end of the war. Did any civilians die due to these raids? Did they idly sit by as their lives and homes were destroyed? The war did come to their doorstep during the second half of the conflict. Both Volume I and II tell something from each of the state's 87 counties. Perhaps you may find information about your ancestor among these pages. Information from period newspapers, as well as mostly unpublished letters, tell their stories.

The African American Experience in Crime Fiction-Robert E. Crafton 2015-06-08 An immensely popular genre, crime fiction has only in recent years been engaged significantly by African American authors. Historically, the racist stereotypes often central to crime fiction and the socially conservative nature of the genre presented problems for writing the black experience, and the tropes of justice and restoration of social order have not resonated with authors who saw social justice as a work in progress. Some African American authors did take up the challenge. Pauline Hopkins, Rudolph Fisher and Chester Himes led the way in the first half of the 20th century, followed by Ishmael Reed's "anti-detective" novels in the 1970s. Since the 1990s, Walter Mosley, Colson Whitehead and Stephen L. Carter have written detective fiction focusing on questions of constitutional law, civil rights, biological and medical issues, education, popular culture, the criminal justice system and matters of social justice. From Hopkins's Hagar's Daughter (published in 1901), to Hime's hardboiled "Harlem Detective" series, to Carter's patrician world of the black bourgeoisie, these authors provide a means of examining literary and social constructions of the African-American experience. Instructors considering this book for use in a course may request an examination copy here.

No Longer Zombies But Complete in Christ Volume 2-Rika Geldenhuys 2019-07-17 This book discusses how the sound waves and lyrics of music, such as Rock 'n' Roll and Trance, have an influence on a person's body, soul and spirit. A person's eyes and ears bring messages of the outside world inside a person. These messages go directly to the brain. These messages can either be positive or negative messages. The frontal lobe of the brain is where reasoning takes place. The frontal lobe is the place where a person's thought processes start. Thoughts will therefore also be either positive, or negative - depending on the messages received. Good thoughts (positive) and bad thoughts (negative) are then stored together in a person's memory basis. These thoughts form a belief system about oneself, God and the world. One's belief system can be formed by the messages received from parents, peer groups, role models, the lyrics in music, the social media, etc. The memory basis is linked to the hypothalamus (emotional centre). A person will "feel" his thoughts: Think positive, feel positive and think negative, feel negative. Good thoughts will produce good feelings and bad thoughts will produce bad feelings. The hypothalamus sends the messages to the pituitary gland which produces chemicals and the nerves "feed" the whole body. Good thoughts produce good feelings and the "happy" hormone, serotonin, is provoked. Bad, evil, or negative thoughts produce bad, evil or negative feelings and endorphins like adrenalin will be provoked. Endorphins are highly addictive, therefore one can get addicted to the stimuli which activated these hormones. One can get addicted to the music, which activated serotonin, or adrenalin. The sound waves of heavy music, such as Heavy metal and Death metal, have sharp points and aggravate feelings of frustration and anger and adrenalin is activated. Smooth music's sound waves have round curves and make people experience feelings of peace and happiness and serotonin is activated. When the eyes and ears of a person receive God's Word, God plants his "flowers" in the memory basis, but when the eyes and ears receive evil messages, Satan plants his "weeds." God's good Word will form a positive belief system and Satan's bad, evil and negative messages, will form a negative belief system. One perceives the outside world from inside. Negative thoughts can cause nihilism - feelings of worthlessness. Stress caused by negative messages, can cause illnesses like ulcers, high blood pressure, migraines, etc. God's good words can, therefore, heal a person.

Stories of Slavery and Liberation-Linda Brent 2019-12-11 "Stories of Slavery and Liberation" is collection of narratives of slaves and works of famous writers on the struggle for liberation from slavery. Undoubtedly, the "narrative of slaves" is a documentary source that reveals from the inside through the eyes of slaves all aspects of their life, often hidden from slave owners.

Slavery and Anti-slavery-William Goodell 1852

North Country-Mary Lethert Wingerd 2010-06-07 In 1862, four years after Minnesota was ratified as the thirty-second state in the Union, simmering tensions between indigenous Dakota and white settlers culminated in the violent, six-week-long U.S.-Dakota War. Hundreds of lives were lost on both sides, and the war ended with the execution of thirty-eight Dakotas on December 26, 1862, in Mankato, Minnesota—the largest mass execution in American history. The following April, after suffering a long internment at Fort Snelling, the Dakota and Winnebago peoples were forcefully removed to South Dakota, precipitating the near destruction of the area's native communities while simultaneously laying the foundation for what we know and recognize today as Minnesota. In *North Country: The Making of Minnesota*, Mary Lethert Wingerd unlocks the complex origins of the state—origins that have often been ignored in favor of legend and a far more benign narrative of immigration, settlement, and cultural exchange. Moving from the earliest years of contact between Europeans and the indigenous peoples of the western Great Lakes region to the era of French and British influence during the fur trade and beyond, Wingerd charts how for two centuries prior to official statehood Native people and Europeans in the region maintained a hesitant, largely cobeneficial relationship. Founded on intermarriage, kinship, and trade between the two parties, this racially hybridized society was a meeting point for cultural and economic exchange until the western expansion of American capitalism and violation of treaties by the U.S. government during the 1850s wore sharply at this tremulous bond, ultimately leading to what Wingerd calls Minnesota's Civil War. A cornerstone text in the chronicle of Minnesota's history, Wingerd's narrative is augmented by more than 170 illustrations chosen and described by Kirsten Delegard in comprehensive captions that depict the fascinating, often haunting representations of the region and its inhabitants over two and a half centuries. *North Country* is the unflinching account of how the land the Dakota named *Mini Sota Makoce* became the State of Minnesota and of the people who have called it, at one time or another, home.
