Make Yourselves Gods-Peter Coviello 2019-11-13 From the perspective of Protestant America, nineteenth-century Mormons were the victims of a peculiar zealotry, a population deranged--socially, sexually, even racially--by the extravagances of belief they called "religion." Make Yourselves Gods offers a counter-history of early Mormon theology and practice, tracking the Saints from their emergence as a dissident sect to their renunciation of polygamy at century's end. Over these turbulent decades, Mormons would appear by turns as heretics, sex-radicals, refugees, anti-imperialists, colonizers, and, eventually, reluctant monogamists and enfranchised citizens. Reading Mormonism through a synthesis of religious history, political theology, native studies, and queer theory, Peter Coviello deftly crafts a new framework for imagining orthodoxy, citizenship, and the fate of the flesh in nineteenth-century America. What emerges is a story about the violence, wild beauty, and extravagant imaginative power of this era of Mormonism—an impassioned book with a keen interest in the racial history of sexuality and the unfinished business of American secularism.

The Handbook is organized around three foundational questions: first, what is sexual development? Second, how do we study sexual development? And third, what roles might adults - including the institutions of the media, family, and education - play in the sexual development of children and adolescents? As the first of its kind, this collection integrates work from sociology, psychology, anthropology, history, education, cultural studies, and allied fields. Writing from different disciplinary traditions and about a range of international contexts, the contributors explore the role of sexuality in children's and adolescents' everyday experiences of identity, family, school, neighborhood, religion, and popular media.

The Street Was Mine-M. Abbott 2002-12-19 This book considers a recurrent figure in American literature: the solitary white man moving through urban space. The descendent of Nineteenth-century frontier and western heroes, the figure re-emerges in 1930-50s America as the 'tough guy'. The Street Was Mine looks to the tough guy in the works of hardboiled novelists Raymond Chandler (The Big Sleep) and James M. Cain (Double Indemnity) and their popular film noir adaptations. Focusing on the way he negotiates racial and gender 'otherness', this study argues that the tough guy embodies the promise of an impervious white masculinity amidst the turmoil of the Depression through the beginnings of the Cold War, closing with an analysis of Chester Himes, whose Harlem crime novels (For Love of Imabelle) unleash a ferocious revisionary critique of the tough guy tradition.

Everyday Women's and Gender Studies-Ann Braithwaite 2016-08-11 Everyday Women's and Gender Studies is a text-reader that offers instructors a new way to approach an introductory course on women's and gender studies. This book highlights major concepts that organize the diverse work in this field: Knowledges, Identities, Equalities, Bodies, Places, and Representations. Its focus on "the everyday" speaks to the importance this book places on students understanding the taken-for granted circumstances of their daily lives. Precisely because it is not the same for everyone, the everyday becomes the ideal location for cultivating students' intellectual capacities as well as their political investigations and interventions. In addition to exploring each concept in detail, each chapter includes up to five short recently published readings that illuminate an aspect of that concept. Everyday Women's and Gender Studies explores the idea that "People are different, and the world isn't fair," and engages students in the inevitably complicated follow-up question, "Now that we know, how shall we live?"

The Cinema Effect-Sean Cubitt 2005 A history of images in motion that explores the"special effect" of cinema.

The Taciturn Text-Randolph Paul Runyon 2015-12-18 The stubborn silence of text passed down from fathers to their sons is examined in this highly original study of Robert Penn Warren's fiction. In every case, that text—whether a letter, a poem, a handbill or a wink—refuses to disclose what the son who reads it wants to know. This recurring scene, clearly inscribed in the plot of each of the novels, gives coherence to Warren's art and at the same time writes the reader into the story. We become the protagonist son, and the questions he asks are the ones we too want to ask. And to gain access to the text, we must learn to decipher what Warren calls the logic of the dream. Through the double focus on the text as dreamwork and as paternal inheritance, Runyon explores the self-referentiality of Warren's fiction. The novels become the kind of taciturn father's text of which they speak. The reader shares the hero's anguish at being compelled to interpret what might not exist, and the dreams the novels recount become models for how the stories themselves are put together. Each of the ten novels, as well as the short-story collection *The Circus in the Attic*, is given a close reading, preceded by a detailed synopsis of the plot, that reveals the profound unity of Warren's fictive creation. Randolph Paul Runyon is Professor of French at Miami University, Oxford, Ohio. He is the author of "The Braided Dream: Robert Penn Warren's Late Poetry" and "Fowles/Irving/Barthes: Canonical Variations on an Apocryphal Theme."

Working the Field-Jacques Henry 2009 *Working the Field: Accounts from French Louisiana* records reflections on the fieldwork conducted in French Louisiana by a group of anthropologists and folklorists from Louisiana, the United States, Canada, and France between the 1970s and 2000. Contributors cast a critical look at the core anthropological concepts of field informants, and knowledge. Reassessing, they propose that the field, identities, and knowledge acquired are not set entities but rather are a matter of construction. Personal profiles of the researchers (native or outsider, activist or academic, man or woman, black or white) contribute to frame the investigations. Essays also illustrate the shifting of these identities during and after the research in response to personal, relational, and political circumstances. This volume is a vital addition to the body of work on French Louisiana and Cajun and Creole Culture, and it provides an understanding of the true nature of anthropological fieldwork that is of great value to anyone attempting to research in a modern setting.

The text is written predominantly from the view that you are new to crossdressing and feminisation but want to develop a female persona of some kind be it permanent or just for a temporary indulgence. If you are an old hand then you may also find a few helpful tips or insights that will further enhance your look, style, or dressing technique. An assumption is that you were not socialised as a girl. As a result, we need to revisit and spend time on all the little things females seem to find so natural and take for granted. Getting in touch with your femininity is a mixture. An ensemble if you will of lots of things. When you see an ultra-feminine woman, the way she acts and dresses, the way she walks and talks, and oozes sensuality you know there is something more going on than just putting on a dress. Part I considers what you want to achieve with your girl time. We look at what makes us physically one sex or another and how flexible and open this is to change. Then we move onto how to treat your body right and indulge in all those little things that make a woman feminine. In Part 2 we go on to consider ways to sculpt or contour your body so that it remains in proportion but more idealistically female. We look at boobs, butts, and tucking. In Part 3 we move onto dressing the body. We consider the wonderful world of sexy lingerie and underwear and how the right materials and textures can give you that lovely feminine feel. Then we look at clothes and how the right cut and hang of materials as well as patterning and combinations can flatter your figure. And, finally we consider movement and deportment. In particular, how to walk in those ultimate expressions of female sexuality your heels. ****The material is arranged into nine helpful chapters that not only produce a more female appearance but also develop feminine traits and work on your socialisation into female ways. We also give you a shopping list for the things you need at each stage. Chapter 1 looks at why people dress and the idea of being feminine. Chapter 2 considers the limits of biology and how easy it is to physically change from male to female. Chapter 3 looks at ways to pamper your body and get that healthy smooth skinned look. Chapter 4 considers body types and how you can use foundation wear to get your female proportions just right. Chapter 5 is all about breasts and how to design your perfect female boobs. Chapter 6 does the same for bottom shapes and how to pad and tuck to get that all girl profile. Chapter 7 looks at lingerie and the essentials for your intimate wardrobe. Chapter 8 shows you how to dress right for your body type and get the best look you can with your proportions. We consider cuts of clothes and the type of shoes that every girl should know about. Chapter 9 is all about posture and deportment. We show you how to walk properly in your heels and develop the essential movements that will mark you out as female.

Discourses of Anxiety over Childhood and Youth across Cultures-Liza Tsaliki 2020-07-15 This book revolves around neoliberal notions governing children and youth - a trend that permeates and dominates contemporary perceptions of "the young." In fact, given how the disciplinary power of neoliberalism swiftly becomes a common conceptual currency across national and cultural borders, discussing the way in which neoliberal self-governance permeates the cultures of childhood and youth is even more pertinent. This is followed by research on media discourses of children and their cultural practices in Norway, Germany, Austria and Switzerland, Serbia, Greece, and the US.

EGirls, ECitizens-Valerie Steeves 2015-04-23 *eGirls, eCitizens* is a landmark work that explores the many forces that shape girls' and young women's experiences of privacy, identity, and equality in our digitally networked society. Drawing on the multi-disciplinary expertise of a remarkable team of leading Canadian and international scholars, as well as Canada's foremost digital literacy organization, MediaSmarts, this collection presents the complex realities of digitized communications for girls and young women as revealed through the findings of The eGirls Project (www.egirlsproject.ca) and other important research initiatives. Aimed at moving dialogues on scholarship and policy around girls and technology away from established binaries of good vs bad, or risk vs opportunity, these seminal contributions explore the interplay of factors that shape online environments characterized by a gendered gaze and too often punctuated by sexualized violence. Perhaps most importantly, this collection offers first-hand perspectives collected from girls and young women themselves, providing a unique window on what it is to be a girl in today's digitized society.

It's messy and sometimes complicated. Despite all of that, our love is... Forever.

Breaking Her In-Brianna Hale 2020-09-03 There are two things I know for certain: horses are better than people, and women are more trouble than they're worth. The revolution in Paravel was a celebration, for most. There's just a different set of assholes at the top, kicking down the ones below them. And that's where I am, at the bottom of the pile, and luscious and brazen Lady Aubrey is at the very top. She parades around my stables like she owns the place, wiggling that fine ass in her tight-fitting jodhpurs. It's not the first time a society girl has thrown herself at me to make Daddy angry, but this is the first one I've wanted to catch and toss down in the hay. Aubrey is a filly who refuses to be tamed. I'm determined to break her in and make her mine--before my family's past rears its ugly, traitorous head, and she's snatched from me forever. AUTHOR'S NOTE: Cassian Bellerose is a bad-tempered beast with his eye on a high-class filly. The Court of Paravel books continue chronologically. It's recommended that they're read in order.

Twelve Years a Slave-Solomon Northup 101-01-01 "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Bad Girls and Transgressive Women in Popular Television, Fiction, and Film-Julie A. Chappell 2017-07-03 This collection of essays focuses on the representations of a variety of “bad girls”—women who challenge, refuse, or transgress the patriarchal limits intended to circumscribe them—in television, popular fiction, and mainstream film from the mid-twentieth century to the present. Perhaps not surprisingly, the initial introduction of women into Western cultural narrative coincides with the introduction of transgressive women. From the beginning, for good or ill, women have been depicted as insubordinate. Today's popular manifestations include such widely known figures as Lisbeth Salander (the “girl with the dragon tattoo”), The Walking Dead's Michonne, and the queen bees of teen television series. While the existence and prominence of transgressive women has continued uninterrupted, however, attitudes towards them have varied considerably. It is those attitudes that are explored in this collection. At the same time, these essays place feminist/postfeminist analysis in a larger context, entering into ongoing debates about power, equality, sexuality, and gender.

Teaching Rape in the Medieval Literature Classroom-Alison Gulley 2018-07-03 Teachers of medieval literature help students bridge the temporal, contextual, and linguistic gulfs between the Middle Ages and the twenty-first century. This volume proposes ways educators can help students navigate the divide between in- and out-of-class experiences and offers suggestions for classroom activities and assignments for a range of medieval texts, as well as insight into the concerns of students in various settings.

Political Judgement (Routledge Library Editions: Political Science Volume 20)-Ronald Beiner 2013-06-17 Originally published in 1983. One of the basic capacities of man as a political being is his faculty of judgement. Yet for all the books on concepts like freedom, equality and authority, surprisingly little attention has been given to this topic in the tradition of Western political thought. What is the nature of political judgement? What endows us, as human beings, with the ability to make reasonable judgements about human affairs and to judge the common world we share with others? By what means do we secure validity for our judgements? What are the underlying conditions of this human capacity, and what implications does it have for the understanding of politics? These questions, central as they are to any reflection on politics have rarely been addressed in a systematic way. This book examines Kant's concept of taste and Aristotle's concept of prudence, as well as recent works of political philosophy by Arendt, Gadamer and Habermas, all crucially influenced by Kant and Aristotle.
