Blood Lad 01: Alles nur Knochen-Yuuki Kodama 2015

Blood Lad-Yuuki Kodama 2012-12-11 The vampire Staz is one of the most powerful district bosses in the demon world, fending off everyone who dares challenge him. But secretly, the fearsome Staz is obsessed with human culture, especially video games, manga, and everything that comes from Japan! When a Japanese girl wanders into the demon world, Staz can't wait to meet the human and learn everything he can about her world. Unfortunately, before he's able to ask her anything, the girl is killed by one of his would-be usurpers, leaving just her bare soul behind. Staz vows to help the girl restore her body and return to her former life-especially since it means taking a trip to the human world himself!

Blood Lad-Yuuki Kodama 2012-12-11 Imprisoned in Liz's Toy Box, Staz is surprised by a visit from his older brother, the very man he came to Demon World Acropolis to see. But Blaz hasn't come to help Staz unlock the secrets of The Book of Human Resurrection. Instead, he's come to release Staz's true vampire powers, the same magic Blaz sealed away years ago by putting a bullet through his little brother's heart. Staz's strength is needed to conquer a terrible threat that has appeared in the Demon World, and once again Staz finds himself a pawn in his brother's game. Unless he confronts this terror, the secrets of his brother's book will remain a mystery and Fuyumi will remain a ghost-if she doesn't disappear entirely first!

Blood Lad-Yuuki Kodama 2013-03-26 Unwilling to let anyone just waltz away with her little girl, Neyn sends Team Fearless - a crew of vampire slayers - after Staz and Fuyumi as they make their way to Demon World South. Team Fearless has never actually taken down a vampire, but they're looking to make good on their name and "save" Fuyumi... But for a hostage, the girl seems awfully eager to stay at the Staz's side... Has she fallen for the vampire's charms...or just for his blood?!

New Germans, New Dutch-Liesbeth Minnaard 2008 In today's globalized world, traditions of a national Self and a national Other no longer hold. This timely volume considers the stakes in our changing definitions of national boundaries in light of the unmistakable transformation of German and Dutch societies. Examining how the literature of migration intervenes in public discourses on multiculturality and including detailed analysis of works by the Turkish-German writers Emine Sevgi Özdamer and Feridun Zaimoglu and the Moroccan-Dutch writers Abdelkader Benali and Hafid Bouazza, *New Germans, New Dutch* offers crucial insights into the ways in which literature negotiates both difference and the national context of its writing.

The Voynich Manuscript-M. E. D'Imperio 1978 In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

The Blood of Our Sons-N. Gullace 2016-09-23 In this ground-breaking study of the complex relationship between war, gender, and citizenship in Great Britain during World War I, Nicoletta Gullace shows how the assault on civilian masculinity led directly to women's suffrage. Through recruiting activities such as handing out white feathers to reputed 'cowards' and offering petticoats to unenlisted 'shirkers', female war enthusiasts drew national attention to the fact that manhood alone was an inadequate marker of civic responsibility. Proclaiming women's exemplary service to the nation, feminist organizations tapped into a public culture that celebrated military service while denigrating those who opposed the war. Drawing on the vast range of popular and official sources, Gullace reveals that the war had revolutionary implications for women who wished to vote and for men who were expected to fight.

Narratives of Low Countries History and Culture-Jane Fenoulhet 2016-11-07 This edited collection explores the ways in which our understanding of the past in Dutch history and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future. Divided into three parts - The Uses of Myth and History, The Past as Illumination of Cultural Context, and Historiography in Focus - this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformations. It reflects on the history of historiography and looks critically at the products of the historiographic process, such as Dutch and Afrikaans literary history. The chapters cover a range of disciplines and approaches: some authors offer a broad view of a particular period, such as Jonathan Israel's contribution on myth and history in the ideological politics of the Dutch Golden Age, while others zoom in on specific genres, texts or historical moments, such as Benjamin Schmidt's study of the doolhof, a word that today means 'labyrinth' but once described a 17th-century educational amusement park. This volume, enlightening and home to multiple paths of enquiry leading in different directions, is an excellent example of what a past-present doolhof might look like.
