Wolf's Blood-Jane Lindskold 2008-01-02 Raised in the wild by intelligent, language-using wolves, in her teens Firekeeper was abducted back into the lands of men, where her upbringing as a wolf helped her survive the deadly intrigues of human beings. One of the first things she learned in Hawk Haven was that magic was a thing to be feared and despised. Long ago, all the human kingdoms were ruled by powerful sorcerers. Then a plague came and the sorcerers died. Nobody misses them. Much was lost—but still, nobody misses them. Yet as Firekeeper has travelled and grown wiser in the ways of human beings, she's learned that the true story was more complex. In coming to the country of the Liglim, she, Derian Carter, and Blind Seer discovered that magic is still working in the world, and that it isn't always the evil they'd been warned against. But it also turned out that the old plague specifically targeted magic users. And when Firekeeper and her friends learned to open the gates between worlds, the plague came back with them. Firekeeper, Blind Seer, and Derian Carter survived the plague: not unchanged, but still themselves. Now Firekeeper is determined to learn the nature of the plague--and if she can, to end it forever. What happens next will be the culmination of the remarkable fantasy epic that began with Through Wolf's Eyes. Promise of the Wolves-Dorothy Hearst 2008-06-03 The first in The Wolf Chronicles trilogy, brilliantly weaving together original research, lovable characters and a dynamic, thoroughly engaging plot, Promise of the Wolves is a historical adventure story in the tradition of Clan of the Cave Bear and Watership Down. Set 14,000 years ago in what is now Southern Europe, Promise of the Wolves is told from the point of view of Kaala, a young wolf born of a forbidden, mixed-blood litter. An outcast after her mother is exiled, Kaala struggles to earn her place in her pack. But her world is turned upside down when she rescues a human girl from drowning. Kaala and her young packmates begin hunting and playing with humans—risking expulsion from their pack and banishment from their home in the Wide Valley. When war between humans and wolves threatens, Kaala learns that she is the last in a long line of wolves charged with keeping watch over humans in order to prevent them from losing touch with nature and thus destroying the world. But to do so she must solve the great paradox of wolfkind: though wolves must always be with humans, humans cannot abide the presence of wolves, and every time the two come together, war ensues. Kaala must choose between safety for herself, her friends, and their human companions and the survival of her pack—and perhaps all of wolf and humankind.

The Wolves of Midwinter-Anne Rice 2013-10-15 The tale of *The Wolf Gift* continues . . . In Anne Rice’s surprising and compelling best-selling novel, the first of her strange and mythic imagining of the world of wolven powers (“I devoured these pages . . . As solid and engaging as anything she has written since her early Vampire Chronicles fiction”—Alan Cheuse, *The Boston Globe*; “A delectable cocktail of old-fashioned lost-race adventure, shape-shifting, and suspense”—Elizabeth Hand, *The Washington Post*), readers were spellbound as Rice conjured up a daring new world set against the wild and beckoning California coast. Now in her new novel, as lush and romantic in detail and atmosphere as it is sleek and steely in storytelling, Anne Rice takes us once again to the rugged coastline of Northern California, to the grand mansion at Nideck Point, and further explores the unearthly education of her transformed Man Wolf. The novel opens on a cold, gray landscape. It is the beginning of December. Oak fires are burning in the stately flickering hearths of Nideck Point. It is Yuletide. For Reuben Golding, now infused with the Wolf Gift and under the loving tutelage of the Morphenkinder, this promises to be a Christmas like no other . . . The Yuletide season, sacred to much of the human race, has been equally sacred to the Man Wolves, and Reuben soon becomes aware that they, too, steeped in their own profound rituals, will celebrate the ancient Midwinter festival deep within the verdant richness of Nideck forest. From out of the shadows of Nideck comes a ghost—tormented, imploring, unable to speak yet able to embrace and desire with desperate affection . . . As Reuben finds himself caught up with—and drawn to—the passions and yearnings of this spectral presence, and as the swirl of preparations reaches a fever pitch for the Nideck town Christmas festival of music and pageantry, astonishing secrets are revealed; secrets that tell of a strange netherworld, of spirits other than the Morphenkinder, centuries old, who inhabit the dense stretches of redwood and oak that surround the magnificent house at Nideck Point, “ageless ones” who possess their own fantastical ancient histories and who taunt with their dark magical powers . . .
