**The Devil's Dictionary (or The Cynic's Wordbook: Unabridged with all the Definitions)**-Ambrose Bierce 2013-08-20 This carefully crafted ebook: "The Devil's Dictionary (or The Cynic's Wordbook: Unabridged with all the Definitions)" is formatted for your eReader with a functional and detailed table of contents. The book is a classic satire in the form of a dictionary on which Bierce worked for decades. It was originally published in 1906 as The Cynic's Word Book before being retitled in 1911. A number of the definitions are accompanied by satiric verses, many of which are signed with comic pseudonyms. It offers reinterpretations of terms in the English language which lampoon cant and political double-talk as well as other aspects of human foolishness and frailty. The definitions provide satirical, witty and often politically pointed representations of the words that it seeks to "define". The Devil's Dictionary has inspired many imitations both in its day and more recently. Ambrose Gwinnett Bierce (1842 - 1914?) was an American satirist, critic, poet, editor and journalist. Bierce became a prolific author of short stories often humorous and sometimes bitter or macabre. His dark, sardonic views and vehemence as a critic earned him the nickname, "Bitter Bierce".

**Like Letters in Running Water**-Mary Aswell Doll 2000-07-01 Like Letters in Running Water explores ways in which fiction (prose, drama, poetry, myth, fairytale) yields transformative insights for educational theory and practice. Through a series of intensely original, powerful essays drawing on curriculum theory, literary analysis, psychology, and feminist theory and practice, Doll seeks to confront a commonly held bias that reading literary fictions is "mere" entertainment (not a learning experience). She suggests that fiction has immense teaching power because it connects readers with their alliances within themselves and this connection attends to social, outer issues addressed by traditional pedagogies with greater, deeper awareness. Her elaboration in this book of the concept of currere--the lived experience of curriculum--through literature, drama, and myth is a major contribution to the field of curriculum theory.

**The Boy Who Loved Math**-Deborah Heiligman 2013-06-25 Most people think of mathematicians as solitary, working away in isolation. And, it's true, many of them do. But Paul Erdos never followed the usual path. At the age of four, he could ask you when you were born and then calculate the number of seconds you had been alive in his head. But he didn't learn to butter his own bread until he turned twenty. Instead, he traveled around the world, from one mathematician to the next, collaborating on an astonishing number of publications. With a simple, lyrical text and richly layered illustrations, this is a beautiful introduction to the world of math and a fascinating look at the unique character traits that made "Uncle Paul" a great man. The Boy Who Loved Math by Deborah Heiligman is a Kirkus Reviews Best Book of 2013 and a New York Times Book Review Notable Children's Book of 2013.

**The Good Bohemian**-Michael Holroyd 2017-05-04 Captivatingly fresh and intimate letters from Augustus John's first wife, Ida, reveal the untold story of married life with one of the great artists of the last century. Twelve days before her twenty-fourth birthday, on the foggy morning of Saturday 12 January 1901, Ida Nettleship married Augustus John in a private ceremony at St Pancras Registry Office. The union went against the wishes of Ida's parents, who aspired to an altogether more conventional match for their eldest daughter. But Ida was in love with Augustus, a man of exceptional magnetism also studying at the Slade, and who would become one of the most famous artists of his time. Ida's letters - to friends, to family and to Augustus - reveal a young woman of passion, intensity and wit. They

tell of the scandal she brought on the Nettleship family and its consequences; of hurt and betrayal as the marriage evolved into a three-way affair when Augustus fell in love with another woman, Dorelia; of Ida's remarkable acceptance of Dorelia, their pregnancies and shared domesticity; of self-doubt, happiness and despair; and of finding the strength and courage to compromise and navigate her unorthodox marriage. Ida is a naturally gifted writer, and it is with a candour, intimacy and social intelligence extraordinary for a woman of her period that her correspondence opens up her world. Ida John died aged just thirty of puerperal fever following the birth of her fifth son, but in these vivid, funny and sometimes devastatingly sad letters she is startlingly alive on the page; a young woman ahead of her time - almost of our own time - living a complex and compelling drama here revealed for the first time by the woman at its very heart.
