Don't Use Your Words!-Jane Juffer 2019-05-28 How children are taught to control their feelings and how they resist this emotional management through cultural production Today, even young kids talk to each other across social media by referencing memes, songs, and movements, constructing a common vernacular that resists parental, educational, and media imperatives to name their feelings and thus control their bodies. Over the past two decades, children’s television programming has provided a therapeutic site for the processing of emotions such as anger, but in doing so has enforced normative structures of feeling that, Jane Juffer argues, weaken the intensity and range of children’s affective experiences. Don’t Use Your Words! seeks to challenge those norms, highlighting the ways that kids express their feelings through cultural productions including drawings, fan art, memes, YouTube videos, dance moves, and conversations while gaming online. Focusing on kids between ages five and nine, Don’t Use Your Words! situates these productions in specific contexts, including immigration policy referenced in drawings by Central American children just released from detention centers and electoral politics as contested in kids’ artwork expressing their anger at Trump’s victory. Taking issue with the mainstream tendency to speak on behalf of children, Juffer argues that kids have the agency to answer for themselves: what does it feel like to be a kid?

The Murdstone Trilogy-Mal Peet 2015-09-22 How hard can it be to write a fantasy trilogy? From Carnegie Medalist Mal Peet comes an outrageously funny black comedy about an impoverished literary writer who makes a pact with the devil. Award-winning YA author Philip Murdstone is in trouble. His star has waned. The world is leaving him behind. His agent, the ruthless Minerva Cinch, convinces him that his only hope is to write a sword-and-sorcery blockbuster. Unfortunately, Philip—allergic to the faintest trace of Tolkien—is utterly unsuited to the task. In a dark hour, a dwarfish stranger comes to his rescue. But the deal he makes with Pocket Wellfair turns out to have Faustian consequences. The Murdstone Trilogy is a richly dark comedy described by one U.K. reviewer as “totally insane in the best way possible.”

Closer-Kevin Neary 2013-03-05 The closer is the ace reliever who specializes in closing out the game without surrendering the lead. Facing a power hitter in the ninth inning with a man on base and no outs takes nerves of steel. The pressure on the mound is intense. It takes a special breed to hold it together in these situations. Legendary manager Tony LaRusso said “Sure, games can get away from you in the seventh and eighth, but those last three outs in the ninth are the toughest.” It wasn't until the creation of “the save,” the successful maintenance of a lead by a relief pitcher, in 1960 that the position of closer began to rise in prominence. Today, closers are seen as some of the most intense athletes in all of sports. Neary and Tobin explore the unique personalities of major leagues' most prominent relief pitchers from Bruce Sutter (Cubs, Cardinals, and Braves) to Mariano Rivera (Yankees). Closer is an insider's look into the role of the closing pitcher, how the position has evolved, and how legends—Trevor Hoffman, Rollie Fingers, Dennis Eckersley, John Smoltz, Rich “Goose” Gossage, Mariano Rivera, Brian Fuentes, and many more—coped with the stress on the mound such as when facing the .340 batter in the bottom of the ninth with only a one run lead.

The Magic Keys-Albert Murray 2007-12-18 The Magic Keys winningly evokes the coming to maturity of one of the great characters in contemporary American literature: Scooter, the central protagonist of Albert Murray’ s highly acclaimed autobiographical novels Train Whistle Guitar, The Spyglass Tree, and The Seven League Boots. Growing up brilliant and curious in Alabama, Scooter was told he was destined for greatness. Now newly married and a graduate student in humanities at New York University, he goes about discovering just what he is destined to be great at. Anchored by Eunice, his “Mrs. Me,” Scooter makes the rounds of Manhattan’ s libraries, jazz hangouts, galleries, skyscrapers, and endlessly fascinating streets, meeting the people who will help him find his way: dapper Taft Edison, who is setting their down-home dialect onto the pages of his novel-in-progress; Joe States, a drummer who brings old expectations to Scooter’s new life; and Jewel Templeton, no longer his girl but still a believer. When his budding career takes him back to Alabama, Scooter discovers both the promise of everyday bliss and intimations of adventures to come. In his inimitably musical, ardent prose, Murray captures the joyful rhythms of youth and the pulse of life at the moment when everything seems possible, in an exhilarating, tender, and masterfully crafted novel.

At All Hazards-Mark Seymour 2007-11-14 Set against the turmoil of the late spring of 1975, "At All Hazards" tells the tale of the fall of Saigon to the rapidly approaching North Vietnamese Army.At the same time, however, a small team of embittered US veterans (Special Forces, Marines, and SEALs) has taken on a more personal task: stealing the crates of gold bullion lying in the vaults of the National Bank of South Vietnam.First, however, they must purloin expense money from a pair of CIA 'puzzle box' banks, one each in Paris and London, and, once in-country, procure enough military hardware (including a stolen tank) to fight their own 'little war' within the larger war raging around them.Then, too, they have to figure out a way to get it all out of town. As the roads are impassable and the NVA controls all waterways leading to the South China Sea, the only way out left to them is the sky.But everyone else in Saigon, both the tiny remaining US presence and its many allies among the South Vietnamese, are scrambling to get out the same way, using any aircraft, fixed wing or rotor, still flying.The team also has a unique problem: the gold weighs sixteen tons. Throw in a truck or two capable of carrying it, and the team itself, and they're going to need to find themselves one hell of an airplane. . .

Little Weirds-Jenny Slate 2019-11-05 One of Vanity Fair's Great Quarantine Reads: Step into Jenny Slate's wild imagination in this "magical" (Mindy Kaling), "delicious" (Amy Sedaris), and "poignant" (John Mulaney) New York Times bestseller about love, heartbreak, and being alive -- "this book is something new and wonderful" (George Saunders). You may "know" Jenny Slate from her Netflix special, Stage Fright, as the creator of Marcel the Shell, or as the star of "Obvious Child." But you don't really know Jenny Slate until you get bonked on the head by her absolutely singular writing style. To see the world through Jenny's eyes is to see it as though for the first time, shimmering with strangeness and possibility. As she will remind you, we live on an ancient ball that rotates around a bigger ball made up of lights and gasses that are science gasses, not farts (don't be immature). Heartbreak, confusion, and misogyny stalk this blue-green sphere, yes, but it is also a place of wild delight and unconstrained vitality, a place where we can start living as soon as we are born, and we can be born at any time. In her dazzling, impossible-to-categorize debut, Jenny channels the pain and beauty of life in writing so fresh, so new, and so burstingly alive, we catch her vision like a fever and bring it back out into the bright day with us, where everything has changed.
