**Destroying Angel**-Michael Wallace 2013-03-12 A year has passed since the Kimball clan nearly annihilated the polygamous community of Blister Creek in the largest terrorist attack since 9/11. After the death of his father, Dr. Jacob Christianson takes reluctant leadership of the community as enemies gather against their desert sanctuary, threatening another murderous attack.When Jacob's adopted son Daniel begins suffering disturbing visions, Jacob fears the worst. He knows all too well the mental illness that plagues the Kimballs, (Daniel's biological family), fueling their thirst for vengeance and power. Desperate for answers, Jacob immerses himself in the history of Blister Creek, plumbing its blood-soaked origins for something — anything — that could save his son from the path of evil.All the while Taylor Kimball Junior roams free, gathering the remnants of his scattered army and preparing to unleash one more assault. This is their final battle...and only God knows who will be delivered.

**The Rhetoric of Righteousness in Romans 3.21-26**-Douglas Campbell 1992-02-01 The importance of Paul's letter to the Romans need hardly be stated; it is still, however, the subject of serious interpretative disputes. One such pivotal and disputed text in Romans is 3.21-26. The actual meaning is a far less settled issue than the shared evaluation of its importance.

**The Blood of Jesus Cleanses Us**-Eugene Carvalho 2021-01-17 The Apostle John wrote, "If we confess our sins, He is faithful and righteous to forgive us our sins and to cleanse us from all unrighteousness. If we say that we have not sinned, we make Him a liar and His word is not in us" (1 Jn. 1:9-10). This compilation examines a vast array of New Testament scriptures that discuss our topics the "blood" and "Jesus." These scriptures will give you fresh revelation. God's Word is the truth. The truth brings revelation, revelation brings faith, and faith brings God on the scene.

**Precious Blood of Christ**-Witness Lee 1979-01

**The Apostle Paul and His Letters**-Edwin D. Freed 2014-12-05 'The Apostle Paul and His Letters' presents a detailed examination of the apostle's seminal writings in the Book of Acts. Paul was writing primarily to converts who had joined church communities only recently, mostly forsaking either Judaism or paganism. Paul's emphases on faithfulness toward God, the faithfulness of Jesus, and his moral teachings are always primary themes. The book discusses a range of topics: the circumstances that led Paul to write each letter; Paul's emphasis on the morality of the believers to whom he was writing; the influence of Old Testament, Qumran, and pagan writings on Paul's own; the intellectual and cultural context of the time; and how careful attention to Paul's language can shed light on his meaning. This book is written for a wide range of interested readers, including students, pastors, church workers and others interested in learning about Paul as a person and his work.

**Tell My Beloved**-Vickie L. Brooks 2018-08-27 Tell My Beloved is a compilation of 225 discourses or letters and is written from the perspective of God speaking today. What God would say today is in complete harmony with what He has already spoken in His Word. As a result, you will find that in reading these words for today, the Bible will come alive. Tell My Beloved will challenge your thinking while confirming your own purpose and destiny. Imagine yourself sitting under Gods heaven upon His majestic earth, alone with Him. Your heart desires to know Him who created you. What is the purpose and meaning of life? How do I fit in? What am I meant to be? All these things and more are racing through your mind. Your emotions are flooded with a deep yearning to know God and make sense of all that is swirling around in your daily existence. You set your intentions on not just any God or concept or teaching. Rather, you position yourself before Him who is your creator. You address Almighty God, creator of heaven and earth, creator of the universe, and creator of you and me. You cry out to Him saying, God, I want to know you! And with your heart, as you begin to listen, He answers.

**Pistis and the Righteous One**-Desta Heliso 2007 Desta Heliso's study examines and adjudicates between the traditional Lutheran reading of Rom 1:17, in which the passage is taken to introduce and provide a framework for the doctrine of justification by faith, and the christological reading, in which the passage is understood to reflect Christ's faithfulness on which one's justification depends. Through an exegetical consideration of internal texts and a comparative analysis of scriptural and Second Temple Jewish backgrounds, this study shows the cogency and internal coherence of the christological interpretation while acknowledging the validity of the traditional Lutheran understanding.

**Rediscovering Righteousness in Romans**-David J. Southall 2008 This book is a sustained investigation of the interpretation of righteousness ( ) in Romans as it undergoes personification within a metaphoric and narratorial setting. The argument has, as its starting point, the assertion that previous treatments of righteousness in Romans, and particularly within the New Perspective, have failed adequately to take account of the poetic, connotative, and metaphoric nature of Paul's language. As a way forward, David J. Southall assesses recent literary theorists and endorses their conclusions that metaphor, narrative and personification are tropes of semantic innovation which are productive of new information. In nuce, the thesis of the entire project is that when personified Dikaiosu/nh occurs within pericopes which display clear components of metaphor and narrative, then the character-invention Righteousness acts out the role which in less metaphoric and narratorially construed passages would be played by Christ himself. The author mainly seeks to demonstrate this via exegetical treatments of Romans 6:15-23 and 9:30-10:21 (texts in which biblical scholarship has recognised the personification of righteousness) showing that both of these pericopes contain strong metaphoric and narratorial elements, and concluding that personified operates within these matrices and is functionally equivalent to Christ himself. The investigation concludes with an examination of righteousness elsewhere in the Pauline corpus.

**God's Strategy in Human History**-Paul Marston 2001-07-01 "Forster and Marston have delivered a stellar book that attempts to present an exegetical and Scriptural framework for the content presented in the book. Instead of beginning from a set of deductive theological assumptions and then attempting to support that system from Scripture, Forster and Marston examine Scripture and attempt to build their case directly from the text. The authors unabashedly admit that their views are very similar to those of Arminian and Wesleyan traditions, but they state in the beginning of the book that they do not want to be labeled with these names, but want to construct a theology that is in line with the teachings of the first 300 years of Christianity. Anyone who reads their appendix will come to understand that the teachings presented in this book were the orthodox consensus of the early Church for the first 300 years, and that it was Augustine who introduced serious deviations into the mainstream orthodox Christianity of his time. Forster and Marston begin by describing the battle that is being waged between God and the spiritual forces that oppose Him. They examine the book of Job and see how this relates to the overall struggle. Then the authors examine the 9th chapter of Romans to see if this book is dealing with election and individual destinies, or God's actions within human history. The authors do an excellent job of arguing for their opinion that this chapter is speaking about God's involvement in human history and it deals with God's choosing of one nation or individual over another nation or individual to accomplish His purpose. Other sections of interest in this book are the sections on foreknowledge and predestination and the chapters on faith and works. The section on faith and works was particularly interesting because it relies on much of the teaching of the new perspective which has shed much light on how a 1st century Palestinian Jew would have approached Scriptural issues. The research, argumenation, and exegesis in this book are solid so every chapter is excellent, but the ones mentioned above were two of my favorites."--Amazon.com.

**Inhabiting the Church**-Jon R. Stock 2006-11-01 If the church is more than just a building, what could it mean to live in it--to inhabit it as a way of life? From their location in new monastic communities, Otto, Stock, and Wilson-Hartgrove ask what the church can learn from St. Benedict's vows of conversion, obedience, and stability about how to live as the people of God in the world. In story-telling and serious engagement with Scripture, old wisdom breathes life into a new monasticism. But, like all monastic wisdom, these reflections are not just for monks. They speak directly to the challenge of being the church in America today and the good news Christ offers for the whole world.

**The Book of Enoch**-Robert Henry Charles 1893

**THE RIGHTEOUS BRANCH**-Pastor Charles Lucky Ngerem 2016-01-15 The righteous branch is an engraved word of God which speaks of three unified cardinal points of life, the resurrection, the restitution and the rapture. It is an open revelation of the true life of the worldly man who gave himself to the will of devil. It spoke at large of how devil deceived man from the reality of life into the belief of vanity and empty glory of the earth. The spirit of God spoke expressly, that there is a magic influence upon the world, a dark shield covering the inner vision of the natural man, thereby making his sight myopic of the vision of eternal glory. The spiritual insight of the word of God has revealed that when the glorious light shall come, then there shall be a fall away of the weak. Those things that are shaking shall be removed and the perfect shall remain, the man of perdition shall be revealed, there shall be no hiding place for the disobedience of God. The righteous branch explores on the exceeding love of Christ to the world. Why he redeemed man from his pathetic state. It elaborated what man should do to inherit the kingdom of God. Also man's allegiance to Christ for the price of his death on the Calvary.

**The Authority of the New Testament; the Conviction of Righteousness; and the Ministry of Reconciliation ...**-Charles Anthony Swainson 1859

**When Righteousness and Peace Kiss**-Sandra Mackey 2018-01-03 "When Righteousness and Peace Kiss," is a collection of essays written to demonstrate the climate of fundamental, evangelistic churches in the mid-twentieth century. That climate is changing; many attitudes are changing, and it's ok to change unproductive attitudes. There have been cultural, social, emotional, historical, and educational differences, among other things, in every generation. In addition to different languages, Bible teaching and practices have been different in every country in the world. Let it be said...many churches and families have been divided over one thing or another throughout religious history. Yet, Jesus prayed for unity. In the United States, the climate of the 1950s and 1960s is totally foreign to children born in the late 1980s through early 2000s. Yet they are now teen-agers or young adults. We call them "Millennials" or "Generation Y" (Gen Y). We desire that they follow Jesus. We want them to be part of God's family, His church, but the look, sound or feel of the 1950s is not acceptable to Gen Y, so many have left the fellowship of the more

fundamental churches to search for a better fit for themselves in the world of religion. In family matters, in business relationships, in social circles and realms of academia, there can be disagreements about methods of doing certain things certain ways and at the same time there can be unity of purpose and performance. However, in matters of religion and theology, we have had trouble settling or accepting those disagreements and differences and at the same time demonstrating kindness. Truthfully, we don't have to agree on anything to be kind to each other. When we are able to offer grace to one another and when we can love even those with whom we disagree, well... that is when righteousness and peace kiss! Psalm 85:10.

**The Jewish Annotated New Testament**-Amy-Jill Levine 2017 First published in 2011, The Jewish Annotated New Testament was a groundbreaking work, bringing the New Testament's Jewish background to the attention of students, clergy, and general readers. In this new edition, eighty Jewish scholars bring together unparalleled scholarship to shed new light on the text. This thoroughly revised and greatly expanded second edition brings even more helpful information and new insights to the study of the New Testament. - Introductions to each New Testament book, containing guidance for reading and specific information about how the book relates to the Judaism of the period, have been revised and augmented, and in some cases newly written. - Annotations on the text--some revised, some new to this edition--provide verse-by-verse commentary. - The thirty essays from the first edition are thoroughly updated, and there are twenty-four new essays, on topics such as "Mary in Jewish Tradition," "Christology," and "Messianic Judaism." - For Christian readers The Jewish Annotated New Testament offers a window into the first-century world of Judaism from which the New Testament springs. There are explanations of Jewish concepts such as food laws and rabbinic argumentation. It also provides a much-needed corrective to many centuries of Christian misunderstandings of the Jewish religion. - For Jewish readers, this volume provides the chance to encounter the New Testament--a text of vast importance in Western European and American culture--with no religious agenda and with guidance from Jewish experts in theology, history, and Jewish and Christian thought. It also explains Christian practices, such as the Eucharist. The Jewish Annotated New Testament, Second Edition is an essential volume that places the New Testament writings in a context that will enlighten readers of any faith or none.

**The Saving Righteousness of God**-Michael F. Bird 2007-03-07 This book presents a series of studies on contentious aspects of Paul's doctrine of justification including the meaning of righteousness, the question of imputation, the role of resurrection in justification, an evaluation of the New Perspective, the soteriological and ecclesiological significance of justification, justification by faith with judgment according to works, and debates over the orthodoxy of N. T. Wright. The burden of this volume is to demonstrate that reformed and new readings of Paul are indispensable to attaining a full understanding of Paul's soteriology. An analysis of Galatians and Romans demonstrates that the covenantal and forensic dimensions of justification go hand in glove. The vertical and horizontal aspects need to be appropriately described and weighted in order to provide a holistic rendering of justification in Paul's letters. According to Paul, faith alone in Jesus Christ is the instrument of eschatological vindication; and faith alone marks out the true people of God.
